Explosions in the Mind Jonathan Weinel, 2022-01-01 This book explores how to compose sounds and visualisations that represent psychedelic hallucinations and experiences of synaesthesia. Through a detailed discussion regarding compositional methodologies and technical approaches, the book aims to educate students, practitioners, and researchers working in related areas. It weaves together sound, visual design, and code across a range of media, providing conceptual approaches, theoretical insights, and practical strategies, which unlock new design frameworks for composing psychedelic sounds and visualisations.

Inner Sound Jonathan Weinel, 2018 In *Inner Sound*, author Jonathan Weinel traverses the influence of altered states of consciousness on audio-visual media, explaining how our subjective realities may change during states of dream, psychedelic experience, meditation, and trance.

Psychedelic Cannabis Daniel McQueen, 2021-09-28 • Explains how cannabis can be used to treat trauma and emotional pain, as a profound problem-solving tool, and as a potent catalyst for self-transformation and ongoing healing work • Shares methods to minimize the unwanted effects, such as intensified anxiety and paranoia, and direct the experience to produce deep physical relaxation and, when needed, elevated healing states • Details how to blend cannabis strains for specific kinds of psychedelic experiences and how to prepare for your sessions to ensure success Despite the recent resurgence of interest in the therapeutic potential of psychedelics, Cannabis sativa as a psychedelic therapy has been completely overlooked. Yet, as psychedelic specialist Daniel McQueen reveals, when used skillfully and with intention, cannabis can be used to treat trauma and other mental health concerns just as psilocybin mushrooms and MDMA can. It can also be used as a problem-solving tool and as a potent catalyst for self-actualization and ongoing healing work. Presenting a step-by-step guide, McQueen explores how to transform cannabis into a reliable and safe psychedelic medicine. Drawing on his years of experience working with clients to release traumas and emotional pain and step into their full potential, he explains the importance of proper dose, set, setting, and intention and details how to prepare for your psychedelic cannabis sessions to ensure success. He shares methods to use cannabis in a specialized and mindful way to minimize unwanted effects, such as intensified anxiety and paranoia, and direct the experience to produce vivid psychedelic states, deep physical relaxation, and healing. Looking at the unique qualities of different cannabis strains, the author explores the art of making a psychedelic cannabis blend, the possibilities and hidden potentials of each strain, and how to blend strains for specific medicine experiences, ranging in similarity to MDMA, psilocybin, and even ayahuasca. Unveiling new depth to this ancient spiritual and medicinal ally, McQueen shows how consciously using cannabis as a psychedelic can help transform your trauma into resilience and shift your mindset from surviving to thriving.

Listen to Psychedelic Rock! Christian Matijas-Mecca, 2020-07-08 *Listen to Psychedelic Rock!* contains more than 50 entries covering the people, records, places, and events that shaped one of the most exciting and influential periods in popular music. This addition to the *Exploring a Music Genre* series concentrates solely on psychedelic rock music. *Listen to Psychedelic Rock! Exploring a Musical Genre* covers over fifty topics, arranged alphabetically, that are central to learning about psychedelic music and will enable readers to understand the breadth and ongoing influence of psychedelia through to the present day. The title contains biographical sketches on selected artists, song-by-song descriptions of many albums, and short,

informative essays on participants who were influential in the original psychedelic movement. A background section introduces the genre and a legacy section shows how psychedelic music has cemented its place in the world, while another section shows the tremendous impact the music has had on popular culture. Information on record labels and year-of-release dates for all musical entries make it easy for any reader to navigate this title — a must-have for high school and college readers as well as for music scholars and fans of the genre.

'Every Sound There Is' Russell Reising, 2017-10-03 'Every Sound There Is': Revolver and the Transformation of Rock and Roll assesses and celebrates the Beatles' accomplishment in their 1966 masterpiece. The essays of Every Sound There Is examine Revolver from a large number of complementary starting points that help us to understand both the album's contemporary creation and reception and the ways in which it continues to shape the creation and reception of popular music in the twenty-first century. Responding to the incredible diversity of Revolver, this gathering of international scholars focuses on the Beatles' 1966 album as one of rock and roll history's threshold moments. Bringing to bear approaches from the disciplines of musicology, cultural studies, poetics, gender studies, these essays address matters as diverse as the influence of American R&B on Revolver as well as its influence on Pink Floyd, each Beatle's contributions to the album, the musicological significance of the Beatles' harmonies and chord progressions, its status and coherence as a work of art, the technological and marketing significance of Revolver's recording and distribution, and its influence on the development of rock music.

French Connections Martin James, 2022-06-15 During the second half of the 1990s, Paris experienced a dance music revolution thanks to groundbreaking artists like Daft Punk, Air, Super Discount, Motorbass, Cassius, Dimitri from Paris, Bob Sinclar and many, many more. It was a scene that became known as French Touch and was heralded throughout the world as the epitome of dance music cool, forever placing Paris on the dance culture map. Journalist and author Martin James was there right from the start, documenting the scene from its inspirations to its earliest moments and onto its global breakthrough. In the process, he inadvertently provided the French Touch moniker that became adopted throughout the world. Drawing on a dazzling array of exclusive interviews with the biggest names in French electronic music history, *French Connections* explores France's significant contribution to dance music culture that paved the way for the French Touch explosion.

Exploring Psychedelic Trance and Electronic Dance Music in Modern Culture Simão,

Emília,2015-08-04 The popularization and cult-like following of electronic music has provoked new relations between men and machines, art and technology, and modern shamans and disc jockeys. New technologies and multimedia tools have awakened neo-ritual practices through the emergence of Psychedelic Trance parties, evoking tribal experiences inspired by a new shamanism, mediated by high-tech guide elements. *Exploring Psychedelic Trance and Electronic Dance Music in Modern Culture* investigates the expansive scope of Electronic Music Dance Culture (EMDC), the rise of Psychedelic Trance culture, and their relationship with new digital platforms. Drawing from perspectives in sociology, anthropology, psychology, aesthetics and the arts, religious studies, information technologies, multimedia communication, shamanism, and ritualism, this book analyzes the impact of new technologies on individual and collective behaviors in cyberspace. This innovative reference source is ideal for use by academicians, researchers, upper-level students, practitioners, and theorists. Focusing on a variety of topics relating to sub-cultures, human behavior, and popular culture, this title features timely research on alternative culture, electronic music festivals, ethnography, music and religion, psychedelic drugs, Psytrance, rave culture, and trance parties.

Trippersonics: 125 Musical Accompaniments to the Perfect Psychedelic Trip Scott Meze,2017-08-19 Psychedelia isn't what you think it is. In this companion volume to *Fantastic Trips*, his vast history of hallucinogens and study of how they informed and were reflected by pop music, Scott Meze details the 100 tracks and albums every experienced tripper must have in their collection, mapping out every turn in the music so you know exactly what to expect. He also lists and describes those tracks suitable for the novice, including 40 outstanding examples of psychedelic pop from the Beatles to the modern day. Featured artists include Pink Floyd, the Grateful Dead, the Soft Machine, Acid Mothers Temple, Can, Man, Brainticket, Gong, Ash Ra Tempel, the Boredoms, Hawkwind, Tangerine Dream, Frank Zappa, Nurse With Wound, the Future Sound Of London--and more than a hundred more, from every possible style of music, including many that are not generally thought of as psychedelic. For each one, Meze puts the piece in context, and maps out its sonic terrain visually. From floating bliss to brain-chewing chaos, *Trippersonics* takes you to the heart of the most extraordinary music ever recorded.

Deep Blues Mark Winborn,2011 *Deep Blues* explores the archetypal journey of the human psyche through an examination of the blues as a musical genre. The genesis, history, and thematic patterns of the blues are examined from an archetypal perspective and various analytic theories. Mythological and shamanistic parallels are used to provide a deeper understanding of the role of the bluesman, the blues performance, and the innate healing potential of the blues. Universal aspects of human experience and transcendence are revealed through the creative medium of the blues. The atmosphere of *Deep Blues* is enhanced by the black and white photographs of Tom Smith which capture striking blues performances in the Maxwell Street section of Chicago. Jungian analysts, therapists and psychoanalytic practitioners with an interest in the interaction between creative expression and human experience should find *Deep Blues* satisfying. *Deep Blues* should also appeal to enthusiasts of music, ethnomusicology, and the blues.
