Breaking Free Christi Ahl, 2017-09-08 It was at six years old that Spirit first appeared to Christi. Fear gripped her life from a young age, and Spirit wasnt the only thing scaring her. She knew that not everyone saw Spirit the way she did, and without direction and support, she refused Spirits call until she was twenty-three years old. The only answer was to embrace her true calling as a psychic visionary, medium, and healer. With life taking her to various locations, it was often difficult to make new friends and start over. The one constant has always been for her to discover insightful ways to help people. Nothing would prepare her for her toughest work in the criminal justice field as a probation and parole officer. Riddled with anxiety, depression, and a lack of boundaries as an empath, she knew she could no longer ignore her divine purpose and continue in the criminal justice field. After years of providing inspiration, instruction, and advice to others, it has culminated in Breaking Free: From Probation Officer to Psychic Medium. Christis message is to help us understand that by listening to our own divine guidance and understanding our fear and anxiety, we can all live the amazing lives our soul knows from birth.

The Reincarnation of Edgar Cayce? Wynn Free, David Wilcock, 2004-03-11 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father

of holistic medicine'. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce's reincarnation. Compiling some of Wilcock's most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution.

Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

Spiritual Living Katie Nelson,2016-06-01 'What is the difference between a spirit and a ghost?' 'Where are the signs I keep asking for?' 'What is a Spirit Guide?' 'Why are some people just straight awful?' Getting straight to the heart of it, this book is written in an easy to read, easy to understand, and easy to apply manner. It covers the very basics of the soul, the other side, and psychic senses. As a psychic medium, I'm asked many of the same questions, and off of that, I wrote this book. Questions like: 'What is the meaning of life?' 'What psychic gift do I have and how do I use it?' 'Why can't I get ahead in life?' 'Why do I keep getting sick with the same thing?' My wish is that from channeling my own spirit team and from my own life lessons, and the lessons of those closest to me, that this book points you in your right direction to living a loving, free, and adventurous life. Enjoy and Blessed Be xxx

Grave Mistake Christine Pope,2020-09-15 When you pull up stakes, make sure you don't get stabbed in the back. Self-taught in the arcane arts, hedgewitch Selena Marx is comfortable doing divination for West Los Angeles' anxiety-ridden housewives, lawyers, and aspiring actresses. Her biggest challenge? Avoiding Lucien Dumond, leader of the Greater Los Angeles Necromancers' Guild, who views her as fresh meat to add to his harem of slavishly devoted groupies. Selena's not interested in the slimy, celebrity-schmoozing sorcerer, but nobody turns Lucien down without consequences. When he threatens to fit her with magical cement shoes and drop her

off the Santa Monica Pier, Selena's Tarot cards point her to Globe, Arizona, for a new home, a new shop, and a cursed pet cat. Just as she's settling in and meeting the locals — including Calvin Standingbear, hunky chief of the San Ramon Apache tribal police — Lucien tracks her down...and promptly disappears. When his body turns up on tribal lands, it's up to Calvin to investigate. Starting with Selena. And when one of Lucien's acolytes is killed, traces of dark magic and cryptic warnings from the spirits send Selena and Calvin in a race against time — before a too-close-for-comfort evil cuts her own life short. The Incompetent Psychic Mernie Buchanan, 2020-08-19 Memoir of a freelance artist who ignored safety tips from her Spirit Guides. Life on this planet and clues from another dimension examine: art, reincarnation, relationships, childhood trauma, alcoholism recovery, finding self worth and the love of good dogs. I wish I could have your life? but only for two weeks, said a friend with a salaried job and a pricier (but less eclectic) wardrobe. Mernie's life was supposed to be more enviable. Spirit Guides on the Celestial Side helped plan it for this planet. A roller coaster track for this incarnation was laid out as a carefully charted course. Then it was suggested the first hairpin turn was too sharp and a bolt might be loose. Ignoring safety advice from sages sure enough, Mernie's little car flew off the track to careen through a very different 'theme park' than expected. Humorous and cautionary tales take you on rides much safer to read than experience. You'll race on sailboats, ski on acid and live with showgirls in Las Vegas. You might face some fears. Mernie's 4th Quarter Review looks at stories and paintings to see a bigger picture-inspired by life in this world and glimpses of another. Being only marginally adept, she keeps trying to hear to the angels? and the dogs. Larger 8x10 color version is illustrated with over 170 works of art by the author spanning sixty years, and one painting by her sister Catherine Buchanan.

When Spirit Callsyou answer Brenda Diskin, 2018-01-24 A step by step beginners guide to psychic and mediumship self development. This book explains what psychic ability and mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free experience. It covers such things as professionalism, discipline, legalities, data protection and insurance. Mediumship can be one of the most rewarding gifts that someone can possess. The look of joy on a bereaved person's face when they have received even the shortest message from their loved one is one of the best sights that you will ever behold. The immense feeling of satisfaction that a Medium gains from helping someone realise that death is not final; the comprehension that our loved ones' live on in our hearts and minds, that their 'energy' or 'life essence' is constantly around us, is one of the most beautiful things a Medium will ever experience. The effort that you, as a Medium, put into discovering how to give these messages to the best of your ability will reflect in your work. This book is intended to help guide you through the learning process. Many times I have been asked Can anyone become Psychic? The answer to this is very simple. Everyone is born with Psychic abilities (a sixth sense); think of babies in the crib looking at some 'unseen' being and laughing and gurgling at them. Think of a child with his/her imaginary friend or those many 'weird' co-incidences. One of the main problems we encounter is how we can keep these abilities in a useable and workable state throughout our lives whilst trying to juggle life's commitments. This is an extremely tough, and for some impossible, task. This is why many people develop their abilities later in life. This book explains what psychic ability and

mediumship is about and takes the beginner through various steps and exercises to help them develop the skills needed to become proficient and responsible Psychics and Mediums. I hope that by following my guidelines Mediumship will become an enjoyable and problem free journey for all those that embark on it. As well as covering all aspects of spiritual development I also include the legal aspects associated with working as a psychic or medium. The book has been produced with as little emphasis on any particular religion as possible. Any references or terminologies that appear to implicate a particular deity or religion are purely there to substantiate the average person's understanding of this particular type of development.
