The Seventh Sense Lyn Buchanan, 2009-11-20 A fascinating chronicle of life as a psychic spy that takes a hard, scientific look at the reality of telepathic covert operations in the world today. For the past thirty years, the United States government has secretly trained a select corps of military personnel in the art of "remote viewing" --the psychic ability to perceive the thoughts and experiences of others through the power of the human mind . . . Now, for the first time, Lyn Buchanan--a world-renowned expert on remote viewing and its potential--tells the complete, candid story of his experiences. Assigned for nearly a decade to a clandestine US Army intelligence group, Buchanan trained military personnel who utilized their inherent psychic abilities as a data-collection tool during the Iran hostage crisis, the Chernobyl disaster, and the Gulf War. In this incredible account, Buchanan tells how he was selected for his unique psychic abilities, and how he was transformed from an ordinary soldier into one of our nation's leading psychic spies. Working on top-secret government and military projects using "mental espionage" created permanent, life-altering changes within Buchanan. Now, after many years of analysis and interpretation, he reveals the techniques and mental exercises used to train remote viewers, and demonstrates that each of us carries a dormant psychic ability that we can explore and use ourselves. "Whether it's the new frontier or simply far-

fetches, there is no doubt that remote viewing is a hot topic in the making.”
–Booklist “True believers in search of government certification for their views will be greatly reassured by this odd and interesting book.”

Raising the Spiritual Light Quotient David K. Miller, 2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology, the IQ test. However the spiritual light quotient is not the same as intelligence. Rather, the SLQ reflects one's ability to understand spiritual concepts, to meditate and to connect with other dimensions. It also is a measurement of one's ability to understand the relationship between Earth and the environment of the Earth, and Earth's relationship to the galaxy. Finally, it is a measurement of one's ability to understand the existence of other dimensions as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution. Thus it appears necessary to look at the SLQ of a person, the SLQ of an area and the SLQ of a planet. All of the channeling I bring forth is based on the concept of the Sacred Triangle, which is a new paradigm for spirituality. This paradigm states that in order to heal Earth and bring everything into balance, one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples, including Native Americans.

Quantum Psychics - Scientifically Understand, Control and Enhance Your Psychic Ability (2nd Edition) Dr. Theresa M. Kelly, 2013-03-12 This groundbreaking book, written by Metaphysicist Dr. Theresa M. Kelly, utilizes an extensive list of scientific studies and laws to reveal how the laws of physics do not have to be rewritten to explain how psychic abilities work. The author exposes that psychic abilities are possible due to wirelessly transmitted data and commands weakly emitted through the mind and bodies own natural electromagnetic radiation. The book includes several exercises and techniques enabling the reader to learn how to control and enhance their psychic or psychokinetic abilities including using scientific means of performance and measurement and artificial, but safe, means of enhancement. With over fourteen years of hands on experience in her field, Dr. Theresa M. Kelly bridges the gap between physics and metaphysics in a manner easily comprehensible to the layperson and easily appreciated by professionals.

Spiritual Intelligence Danah Zohar, 2012-04-12 At the beginning of the twentieth century psychologists discovered ways and means to measure intelligence that developed into an obsession with IQ. In the mid 1990's, Daniel Goleman popularised research into emotional intelligence, EQ, pointing out that EQ is a basic requirement for the appropriate use of IQ. In this century, there is enough collective evidence from psychology, neurology, anthropology and cognitive science to show us that there is a third 'Q', 'SQ' or Spiritual Intelligence. SQ is uniquely human and, the authors argue, the most fundamental intelligence. SQ is what we use to develop our longing and capacity for meaning, vision and value. It allows us to dream and to strive. It underlies the things we believe in, and the role our beliefs and values play in the actions that we take and the way we shape our lives.

PSI Spies Jim Marrs, 2007-09-15 In *PSI Spies*, Jim Marrs has provided the original report on the U.S. Army's use of psychic remote viewing as an intelligence tool. —Whitley Strieber Learn the Truth About Our Military's Psychic Soldiers PSI Spiestakes you behind the scenes of the U.S. Army's formerly top-secret remote viewing unit to see how the military has used this psychic ability as a tool and a weapon. Even though remote viewing was developed by various tax-supported government agencies, including the CIA, most Americans have never heard of this faculty. In the 1970s, with the support of Congress, the Army formed a small unit of remote viewers to spy for America. These soldiers/psychic spies gained penetrating knowledge about a wide variety of subjects. They were consulted to stop a Soviet plot to kill President Ronald Reagan. They mentally prowled the halls of the Kremlin. They probed Iraq's hidden weapons sites in preparation for the 1991 Gulf War. From insights into our future to the continuing mysteries of UFOs and crop circles, no subject has been immune to the military remote viewers—America's Psi Spies. And now, in this book, you can also find tips on how to remote view on your own.

Psychic Intelligence Marni Lynn Elder, 2016-09-24 It can be a feeling that you get that something is going to go wrong. Something bad is coming. I am sure you all have felt this at one time or another. I know I have. That tiny little voice that you will hear saying LOOK OUT! and you stop, when a car suddenly flies by just as you are about to step off the sidewalk to cross the street. If you had not stopped when you heard this, what might have happened to you?

Spiritual Intelligence Kris Vallotton, 2020-10-20 Two quotients analyze our minds and emotions: I.Q. and E.Q. But Kris Vallotton believes we are ignoring a deeper dimension--spiritual intelligence. Because believers have the mind of Christ through the Holy Spirit, we have the capacity for brilliance. God invites us to embark on a journey of discovery as he reveals mysteries and helps us bring our perspective in line with his--transforming our understanding and endowing us with spiritual intelligence. In this eye-opening new release, pastor and bestselling author Kris Vallotton says that God invites us to think like him. He answers questions such as · What are the five dimensions of spiritual intelligence? · How can I build new neural pathways to supernatural thinking? · How do I recognize my sphere of influence and the borders of my divine assignment? · And much more! As you listen to the Holy Spirit and realize what it means to have the mind of Christ, you have the capacity for life-transforming spiritual intelligence unavailable in any other way.

The Stargate Chronicles Joseph McMoneagle, 2002 Joseph McMoneagle is now known as the best Operational Remote Viewer in the history of the U.S. Army's Special Project--Stargate. He was the only Remote Viewer who worked one-on-one with the out-of-body pioneer Robert Monroe, and who has achieved intelligence collection results that have never been surpassed and rarely equaled. Among his achievements: He described the interior of a top secret Soviet manufacturing plant and accurately predicted a new class of ship under construction--the previously unknown Typhoon Class submarine. He sketched the location and described the thoughts and reactions of an American kidnap victim held by the Red Brigade in Northern Italy--U.S. Army General Dozier. He accurately predicted when Skylab would leave orbit and where it would impact on the Earth's surface--eleven months prior to the actual event. After conventional reconnaissance failed, he and others were able to locate a downed Soviet bomber that had been carrying nuclear materials. He achieved these results using scientifically designed and tested double-blind protocols. And in the years since his retirement he has continued to demonstrate these abilities on camera for national television in three countries. Yet he is still confronted with what he calls the giggle factor--the automatic response of many, including some who know better--to ridicule anything connected with psychic stuff. Surprisingly, it was always that way, even during his Army years. Was it his largely unsuspected psychic ability that helped keep him alive in Vietnam, and aided in his invaluable contributions to the cold war effort, that made McMoneagle a first-class

remote viewer? Were his abilities a natural gift, or taught? How much did he owe to his near-death experience in the 1970s? And why would he give up a safe and distinguished career as an advisor to the Commanding General of the U.S. Army Intelligence and Security Command to become Remote Viewer 001? This is his story.

Integrated Intelligence Marcus Anthony, 2008-01-01 Marcus Anthony examines theories of intelligence and consciousness, and the way in which they represent (or exclude) intuitive, spiritual and mystical experience. His argument identifies the way narrowly defined rational definitions of mind have come to dominate and restrict contemporary discourses in science and education. He develops the theory of integrated intelligence, an expanded model which incorporates the non-rational elements of human intelligence long missing in mainstream western discourses. Anthony indicates how and why they should be incorporated into modern education systems.

Psychic Warrior David Morehouse, 2013-07-10 When David Morehouse - a highly decorated army officer - was hit by a stray bullet, he began to be plagued with visions and uncontrolled out-of-body experiences. As a consequence, he was recruited as a psychic spy for STARGATE, a highly classified programme of espionage instigated by the CIA and the US Defence Department. Trained to develop spiritual, clairvoyant capacities, he became one of a select band of 'remote viewers' in pursuit of previously unattainable political and military secrets. When Morehouse discovered that the next step in the top-secret programme was 'remote influencing' - turning 'viewers' like himself into deadly weapons - he rebelled. In his efforts to expose the programme, he and his family endured the full force of the US intelligence community's attempts

to silence him. As the multi-million-dollar STARGATE scandal was exposed to the world, Morehouse himself became the enemy of the secret services...In *Psychic Warrior* one of STARGATE's 'viewers' finally reveals the extraordinary truth of this secret operation. Originally published in 1996, there is a continuing demand for David Morehouse's story in the U.K. Out of print for over a year, this new edition of *Psychic Warrior* features a new foreword by the author.
