Proposed Economic Policy of Pakistan Mohammad Zaheer,2012-03-22 This manuscript is a draft about Proposed Economic Policy of Pakistan prepared in behest of Insaf Research Wing of Pakistan Tahreek-e-Insaf. It is subject to approval and revision by Chairman Imran Khan and PTI's Central Board of Directors.It reviews the various theories of economic policy and the methodology of putting it together. The process of formulating economic policy and Proposed Economic Polcy of Pakistan, under the aegis of PTI, is based upon Tahreek's manifesto and other documents.

Pakistan's Political Parties Mariam Mufti,Sahar Shafqat,Niloufer Siddiqui,2020-05-01 Pakistan's 2018 general elections marked the second successful transfer of power from one elected civilian government to another—a remarkable achievement considering the country's history of dictatorial rule. Pakistan's Political Parties examines how the civilian side of the state's current regime has survived the transition to democracy, providing critical insight into the evolution of political parties in Pakistan and their role in developing democracies in general. Pakistan's numerous political parties span the ideological spectrum, as well as represent diverse regional, ethnic, and religious constituencies. The essays in this volume explore the way in which these parties both contend and work with Pakistan's military-bureaucratic establishment to assert and expand their power. Researchers use interviews, surveys, data, and ethnography to illuminate the internal dynamics and motivations of these groups and the mechanisms through which they create policy and influence state and society. Pakistan's Political Parties is a one-of-a-kind resource for diplomats, policymakers, journalists, and scholars searching for a comprehensive overview of Pakistan's party system and its unlikely survival against an interventionist military, with insights that extend far beyond the region.

The Great Recoil Paolo Gerbaudo,2021-08-31 What comes after neoliberalism? In these times of health emergency, economic collapse, populist anger and ecological threat, societies are forced to turn inward in search of protection. Neoliberalism, the ideology that presided over decades of market globalisation, is on trial, while state intervention is making a spectacular comeback amid lockdowns, mass vaccination programmes, deficit spending and climate planning. This is the Great Recoil, the era when the neo-statist endopolitics of national sovereignty, economic protection and democratic control overrides the neoliberal exopolitics of free markets, labour flexibility and business opportunity. Looking back to the role of the state in Plato, Machiavelli, Hobbes, Hegel, Gramsci and Polanyi, and exploring the discourses, electoral programs and class blocs of the nationalist right and socialist left, Paolo Gerbaudo fleshes out the contours of the different statisms and populisms that inform contemporary politics. The central issue in dispute is what mission the post-pandemic state should pursue: whether it should protect native workers from immigration and the rich against redistributive demands, as proposed by the right's authoritarian protectionism; or reassert social security and popular sovereignty against the rapacity of financial and tech elites, as advocated by the left's social protectivism. Only by addressing the widespread sense of exposure and vulnerability may socialists turn the present phase of involution into an opportunity for social transformation.

Pakistan Imran Khan,2012 'Pakistan' tells the fascinating history of the country as seen through the eyes of one of its most famous sons, Imran Khan.

Democracy Within Parties Reuven Y. Hazan,Gideon Rahat,2010-07 This text presents a new approach to understanding political parties. It sheds light on the inner dynamics of party politics and offers a comprehensive analysis of one of the most important processes any party undertakes, its process of candidate selection.

Pakistan Under Siege Madiha Afzal,2018-01-02 Over the last fifteen years, Pakistan has come to be defined exclusively in terms of its struggle with terror. But are ordinary Pakistanis extremists? And what explains how Pakistanis think? Much of the current work on extremism in Pakistan tends to study extremist trends in the country from a detached position—a top-down security perspective, that renders a one-dimensional picture of what is at its heart a complex, richly textured country of 200 million people. In this book, using rigorous analysis of survey data, in-depth interviews in schools and universities in Pakistan, historical narrative reporting, and her own intuitive understanding of the country, Madiha Afzal gives the full picture of Pakistan's relationship with extremism. The author lays out Pakistanis' own views on terrorist groups, on jihad, on religious minorities and non-Muslims, on America, and on their place in the world. The views are not radical at first glance, but are riddled with conspiracy theories. Afzal explains how the two pillars that define the Pakistani state—Islam and a paranoia about India—have led to a regressive form of Islamization in Pakistan's narratives, laws, and curricula. These, in turn, have shaped its citizens' attitudes. Afzal traces this outlook to Pakistan's unique and tortured birth. She examines the rhetoric and the strategic actions of three actors in Pakistani politics—the military, the civilian governments, and the Islamist parties—and their relationships with militant groups. She shows how regressive Pakistani laws instituted in the 1980s worsened citizen attitudes and led to vigilante and mob violence. The author also explains that the educational regime has become a vital element in shaping citizens' thinking. How many years one attends school, whether the school is public, private, or a madrasa, and what curricula is followed all affect Pakistanis' attitudes about terrorism and the rest of the world. In the end, Afzal suggests how this beleaguered nation—one with seemingly insurmountable problems in governance and education—can change course.

A Champion's Mind Pete Sampras,Peter Bodo,2009-05-26 In A Champion's Mind, the tennis great who so often exhibited visible discomfort with letting people "inside his head" finally opens up. An athletic prodigy, Pete resolved from his earliest playing days never to let anything get in the way of his love for the game. But while this determination led to tennis domination, success didn't come without a price. Here for the first time Pete speaks freely about the personal trials he faced—including the death of a longtime coach and confidant—and the struggles he gutted his way through while being seemingly on top of the world. Among the book's most riveting scenes are the devastating early loss that led Pete to make a monastic commitment to the game; fierce on-court battles with Andre Agassi; and the triumphant last match of Pete's career at the finals of the 2002 U.S. Open. A thoroughly compelling read that really probes the hard drive of a champion...All the emotion and insight that Sampras seems reluctant to express during his playing days come spilling forth. —Jon Wertheim, senior writer, Sports Illustrated

The Battle for Pakistan Shuja Nawaz,2020-04-10 The Battle for Pakistan showcases a marriage of convenience between unequal partners. The relationship between Pakistan and the United States since the early 1950s has been nothing less than a whiplash-inducing rollercoaster ride. Today, surrounded by hostile neighbors, with Afghanistan increasingly under Indian influence, Pakistan does not wish to break ties with the United States. Nor does it want to become a vassal of China and get caught in the vice of a US-China rivalry, or in the Arab-Iran conflict. Internally, massive economic and demographic challenges as well as the existential threat of armed militancy pose huge obstacles to Pakistan's development and growth. Could its short-run political miscalculations in the Obama years prove too costly? Can the erratic Trump administration help salvage this relationship? Based on detailed interviews with key US and South Asian leaders, access to secret documents and operations, and the author's personal relationships and deep knowledge of the region, this book untangles the complex web of the US-Pakistani relationship and identifies a clear path forward, showing how the United States can build better partnerships in troubled corners of the world.

Our Time Has Come Alyssa Ayres,2018 Long plagued by poverty, India's recent economic growth has vaulted it into the ranks of the world's emerging powers-but what kind of power it wants to be remains a mystery. Cautious Superpower explains why India behaves the way it does, and the role it is likely to play globally as its prominence grows. --

The Political Ecology of Pakistan Gholam Mujtaba, 2018-10-22 Pakistan is about to play a pivotal role in global politics. Serving as a gateway to the Middle East and a conduit to Central and South Asia, it will be a crucial partner as the United States contends with China's rise as an emerging global superpower and seeks to maintain its hegemony in the region. The problem is, for many people in the West, Pakistan is somewhat of a black box, with few Westerners understanding the country's complex history and current political reality. The Political Ecology of Pakistan aims to change this by outlining the geopolitical history of Pakistan since the country gained independence in 1947, focusing in particular on the military's ongoing role in state affairs and the struggle for democracy to take root in the region. In addition, this book outlines Pakistan's improved economy, internal security, religious harmony, equality of opportunity, corruption-free society, and growing transparency and accountability, all of which will make the country a vital partner in securing and maintaining peace in the region. This information will be of interest to policymakers as well as those who are seeking to understand Pakistan's geopolitical significance.

In Search of Lost Glory Asma Faiz, 2022-05-01 Sindhi nationalism is one of the oldest yet least studied cases of identity politics in Pakistan. Ethnic discontent appeared in Sindh in opposition to the rule of the Bombay presidency; to the onslaught of Punjabi settlers in the wake of canal irrigation; and, most decisively, to the arrival of millions of Muhajirs (Urdu-speaking migrants) after Partition. Under Zulfikar Ali Bhutto, Benazir Bhutto and Asif Zardari, the Pakistan People's Party has upheld the Sindhi nationalist cause, even while playing the game of federalist politics. On the other side for half a century have been hardcore Sindhi nationalist groups, led by Marxists, provincial autonomists, landlord pirs and liberal intelligentsia in pursuit of ethnic outbidding. This book narrates the story of the Bhutto dynasty, the Muhajir factor, nationalist ideologues, factional feuds amongst landed elites, and the role of violence as a maker and shaper of Sindhi nationalism. Moreover, it examines the role of the PPP as an ethnic entrepreneur through an analysis of its politics within the electoral arena and beyond. Bringing together extensive fieldwork and comparative studies of ethno-nationalism, both within and outside Pakistan, Asma Faiz uncovers the fascinating world of Sindhi nationalism.

Pakistan's Enduring Challenges C. Christine Fair, Sarah J. Watson, 2015-03-18 From the start of the U.S. war in Afghanistan in 2001 to the withdrawal of U.S. troops in 2014, Pakistan's military cooperation was critical to the United States. Yet Pakistani politics remain a source of anxiety for American policymakers. Despite some progress toward democratic consolidation over the last ten years, Pakistan's military still asserts power over the country's elected government. Pakistan's western regions remain largely ungoverned and home to the last remnants of al-Qaeda's original leadership as well as multiple militant groups that have declared war on the Pakistani state. The country's economy is in shambles, and continuing tensions with India endanger efforts to bring a durable peace to a region haunted by the distant threat of nuclear war. *Pakistan's Enduring Challenges* surveys the political and economic landscape of Pakistan in the wake of U.S. military withdrawal. Experts in the domestic and international affairs of the region consider the country's prospects from a variety of angles, including security issues and nuclear posture, relations with Afghanistan, India, and the United States, Pakistan's Islamist movements, and the CIA's use of drone warfare in Pakistan's tribal areas. This timely volume offers a concise, accessible, and expert guide to the currents that will shape the country's future. Contributors: Christopher Clary, C. Christine Fair, Daveed Gartenstein-Ross, Karl Kaltenthaler, Feisal Khan, William J. Miller, Aparna Pande, Paul Staniland, Stephen Tankel, Tara Vassefi, Sarah J. Watson, Joshua T. White, Huma Yusef.

Pakistan Occupied Kashmir Surinder Kumar Sharma, Yaqboob ul Hassan, Ashok K. Behuria, 2019 This book is a result of research undertaken on the subject by the scholars associated with the IDSA project on Pakistan Occupied Kashmir (PoK) - also known as Pakistan Occupied Jammu and Kashmir (PoJK) - which includes both the so-called Azad Jammu and Kashmir (AJK) and Gilgit-Baltistan (GB). This was legally a part of the erstwhile princely state of Jammu and Kashmir, which acceded to India in October 1947. The authors of this book seek to provide a critical analysis of the politics of the above mentioned two regions within PoK; throw light on the genesis and evolution of various political parties and interest groups, and acquaint the readers with different personalities playing important role in politics therein. The main aim of the publication is to help the scholars, analysts, and policy-makers to understand the dynamics of the political systems in PoK, the complex interaction of these systems with the government in Islamabad and the responses of the local leadership to Pakistan's strategy of keeping them under strict control in the name of representative governance over the last 70 years.

Crescent and Dove Qamar-ul Huda, 2010 *Crescent and Dove* looks at the relationship between contemporary Islam and peacemaking by tackling the diverse interpretations, concepts, and problems in the field of Islamic peacemaking. It addresses both theory and practice by delving into the intellectual heritage of Islam to discuss historical examples of addressing conflict in Islam and exploring the practical challenges of contemporary peacemaking in Arab countries, Turkey, Iran, Pakistan, and Indonesia.

Precautionary Saving from Different Sources of Income Richard H. Adams, 2002 Much of past literature has assumed that households in developing countries save at the same marginal rate from all sources of income. But in rural Pakistan households save at very different marginal rates from different sources of income. The marginal propensity to save from those sources of income that are more variable and uncertain --- like external remittances --- is much higher than from those sources of income that are more predictable --- like rental income.

Pakistan in the Twentieth Century Lawrence Ziring, 1997 *Pakistan in the Twentieth Century* analyses both the vision and the reality of a South Asian polity. Beginning with an examination of the people and forces that shaped the construction of an independent and predominantly Muslim state within the subcontinent, this historical study describes the events and the work of the many personalities who influenced Pakistan's development in the fifty years following the transfer of power.

Comparative Studies and Regionally-Focused Cases Examining Local Governments Sadioglu, Ugur, Dede, Kadir, 2016-06-20 In the era of globalization, comparative government and politics have come to the forefront due to the transformations of the social welfare state and the subsequent social, economic, political, cultural, technological and administrative changes. Taking a particular look at local government systems can uncover new perspectives on issues related to globalization, localization, governance, new democracy movements, managerial reformation, and privatization. *Comparative Studies and Regionally-Focused Cases Examining Local Governments* is a pivotal reference source for the latest scholarly research on the role played by local governments in overall administration, types and models of government at the local level, consequences of managerial reforms, and new developments regarding structure, process, personnel, and policymaking.

aspects of government. Highlighting relevant perspectives from comparative research and case studies, this book is ideally designed for students, government officials, politicians, civil society representatives, and academicians.

Reimagining Pakistan Husain Haqqani,2018-04-09 Salman Rushdie once described Pakistan as a 'poorly imagined country'. Indeed, Pakistan has meant different things to different people since its birth seventy years ago. Armed with nuclear weapons and dominated by the military and militants, it is variously described around the world as 'dangerous', 'unstable', 'a terrorist incubator' and 'the land of the intolerant'. Much of Pakistan's dysfunction is attributable to an ideology tied to religion and to hostility with the country out of which it was carved out -- India. But 95 per cent of Pakistan's 210 million people were born after Partition, as Pakistanis, and cannot easily give up on their home. In his new book, Husain Haqqani, one of the most important commentators on Pakistan in the world today, calls for a bold re-conceptualization of the country. Reimagining Pakistan offers a candid discussion of Pakistan's origins and its current failings, with suggestions for reconsidering its ideology, and identifies a national purpose greater than the rivalry with India.
