Long Live the Pumpkin Queen Shea Ernshaw,2022-08-02 Jack and Sally are truly meant to be ... or are they? Sally Skellington is the official, newly-minted Pumpkin Queen after a whirlwind courtship with her true love, Jack, who Sally adores with every inch of her fabric seams -- if only she could say the same for her new role as Queen of Halloween Town. Cast into the spotlight and tasked with all sorts of queenly duties, Sally can't help but wonder if all she's done is trade her captivity under Dr. Finkelstein for a different -- albeit gilded -- cage. But when Sally and Zero accidentally uncover a long-hidden doorway to an ancient realm called Dream Town in the forest Hinterlands, she'll unknowingly set into motion a chain of sinister events that put her future as Pumpkin Queen, and the future of Halloween Town itself, into jeopardy. Can Sally discover what it means to be true to herself and save the town she's learned to call home, or will her future turn into her worst... well, nightmare?

A History of Wild Places Shea Ernshaw,2022-08-30 Travis Wren has an unusual talent for locating missing people. Hired by families as a last resort, he requires only a single object to find the person who has vanished. When he takes on the case of Maggie St. James-a well-known author of dark, macabre children's books-he's led to a place many believed to be only a legend. Called Pastoral, this reclusive community was founded in the 1970s by like-minded people searching for a simpler way of life. By all accounts, the commune shouldn't exist anymore and soon after Travis stumbles upon it...he disappears. Just like Maggie St. James. Years later, Theo, a lifelong member of Pastoral, discovers Travis's abandoned truck beyond the border of the community. No one is allowed in or out, not when there's a risk of bringing a disease-rot-into Pastoral. Unraveling the mystery of what happened reveals secrets that Theo, his wife, Calla, and her sister, Bee, keep from one another. Secrets that prove their perfect, isolated world isn't as safe as they believed-and that darkness takes many forms--

The Pumpkin Code Martin Smith,2018-06-23 Beware the pumpkins. Beware the code. Or else. Halloween is the scariest night of the year - but this time, the evil is real. You are the only one to discover the terrible secret. What would you do?They have spent a year plotting.They are hungry.They are coming.And they will not stop.Teenager Artie Eason accidentally stumbles over a dastardly plot to steal kids using the Pumpkin Code on the dark October night.He soon realises - danger lurks behind every door. Can he save his friends and family before it is too late? The Pumpkin Code is the new children's book from Martin Smith, bestselling author of the Football Boy Wonder and the Charlie Fry Series.Each of Martin's stories contains strong moral messages - and this young adult horror book looks at stranger danger, loyalty to your friends, and why you should never, ever give up.Oh, and never trust a goblin either.Praise for Martin's work:I got this book to encourage my eight-year-old to read more. He lacked motivation before this. All I can say is thank you so much!We love the storyline because it captivates our son's imagination and encourages him to read. Would recommend to anyone with a reluctant reader ... it's certainly done the job in our household. Charlie Fry has even been our son's World Book Day choice!There are quite a few football books for young children but I've found them to be so badly written and not something that I've taken great pleasure in reading to my children. This is different; we were all captivated in the first chapter and that, I think, has a lot to do with the quality of the writing style.Who will the Pumpkin Code appeal to?It has been written as a scary story for children and young adults. The age range is (roughly) 10 to 14.The age range is older than Martin's previous work - primarily because the Pumpkin Code focuses on the issue of stranger danger for older children.People looking for books similar to The Ghost Files and The Creakers may want to give this a read.
