Patient for Pumpkins Linda L. Knoll, 2014-04-22 Seasonal fruits, vegetables, and other produce from local farms play an important part of a healthy, ethical diet. Encouraging children to eat local food in harmony with the seasons, *Patient for Pumpkins* tells the story of T.J., a boy who accompanies his father to the farmers' market and enjoys the changes in fruits and vegetables as the year progresses. Families looking to introduce the concept of seasonal availability of produce to young children will be delighted by this children's book by Linda L. Knoll, a lifelong resident of Northern California who is a professionally trained artist with a teaching credential. In *Patient for Pumpkins*, young T.J. attends the farmers' market with his father, going to and from the market throughout the seasons, first savoring broccoli and berries, then onions and potatoes, then late summer tomatoes, all the while anticipating the pumpkins and asking when they'll be ready. His father reminds him of the value of patience and what a wonderful reward it will be once the pumpkins are finally available. Alongside this richly illustrated story are informative sidebars, describing and illustrating the ongoing development of the pumpkin patch back at the farm, highlighting the parts of the pumpkin plant and their various stages of growth in the months leading up to the October harvest. When autumn arrives and the pumpkins finally make it to the farmers' market, T.J. selects his favorite to take home. A sidebar goes on to explain how the farmers plow the leftover vines back into the land for the next season's crops. A checklist of fruits and vegetables commonly available at farmers' markets is provided at the end of the book to encourage children to sample new produce and develop healthy eating habits.

Piggies in the Pumpkin Patch Jennifer Rofo, 2010-07-01 Pigs have a wonderful time playing in the pumpkin patch and other spots on the farm, encountering other animals along the way.

They also have a poem to start the book, followed by the full-version of the story. Little Billy Pumpkin wants to be a Jack-O-Lantern, but he is too small. Read how he is teased by his fellow pumpkins and how he learns it isn't about what others see you as, but how you see yourself.

The Pumpkin Patch Margaret McNamara, 2003 Katy finds what she thinks is the perfect pumpkin on a class field trip to a pumpkin patch, but after her classmates tease her about how small it is, it is up to Katy's father to show her how perfect her pumpkin can be.

The Magic Pumpkin Benji Alexander Palus, 2013-01-10 Far above a magical land, an enormous pumpkin flies across a bright sky with five-year-old Owen and his three-year-old brother, Oliver, riding on top. The two boys hang on tightly and laugh with pure joy as the beauty and wonders of the land below nurture their innocence and their imaginations. Even so, there is a darkness that threatens to extinguish the light of their childhood. Although they enjoy the home they have created in a cozy and shadowless cave, the boys miss their parents and long for a way back to them. Every night, the pumpkin sits motionless outside the entrance to the cave, keeping the boys safe from harm, but the pumpkin cannot protect Owen and Oliver from all danger. Shadow eyes wait in the darkness, and other creatures even more deadly. When the boys are torn from the pumpkin's safety, they must find strength and courage in their love for each other if they are to survive and find their way back home. This poignant fantasy tale explores the bond of love between two young brothers as they take an enchanted journey through the extraordinary miracle of childhood, through its hardships and fears, its discoveries and triumphs, its vulnerability and its resiliency. With only each other to depend on, the brothers must find their way through the darkness, and back to the light.
