Reading Cats and Dogs Françoise Besson,Zélia M. Bora,Marianne Marroum,Scott Slovic,2020-12-30 Throughout the world, people spend much of their time with animal companions of various kinds, frequently with cats and dogs. What meanings do we make of these relationships? In the ecocritical collection Reading cats and Dogs, a diverse array of scholars considers the philosophy, literature, and film devoted to human relationships with companion species. In addition to illuminating famous animal stories by Beatrix Potter, Jack London, Italo Svevo, and Michael Ondaatje, readers are introduced to the dog poems of Shuntarō Tanikawa, a Turkish documentary on stray cats as neighborhood companions, and the representation of diverse animal companions in Cameroonian novels. Focusing on “Stray and Feral Companions,” “The Usefulness of Companion Animals,” and “Problematizing Companion Animals,” Reading Cats and Dogs aims both to confirm and topple readers’ assumptions about the fellow travelers with whom we share our lives, our streets and fields, and our planet. Fifteen contributors from various countries reveal the aesthetic, ethical, and psychological complexities of our multispecies relationships, demonstrating the richness of ecocritical animal studies.

True Rescue 6: Rescue of the Bounty (Young Readers Edition) Michael J. Tougias,Douglas A. Campbell,2022-09-13 Book six in the True Rescue series for young readers, this pulse-pounding account of disaster and survival at sea follows the HMS Bounty whose fateful course through Superstorm Sandy would lead to one of the most heroic Coast Guard rescue missions ever... On October 23, 2012, with Superstorm Sandy fast approaching, Captain Robin Walbridge made the fateful decision to sail the HMS Bounty from New London, Connecticut to St. Petersburg, Florida, believing the wooden ship, a replica of the original, famous Bounty, would fare better at sea than at port. He told the crew that anyone who did not want to come on the voyage could leave the ship and there would be no hard feelings. No one took the captain up on his offer, and this decision would have fatal consequences. Four days into the voyage, Superstorm Sandy

made an almost direct hit on the Bounty—sending the crew tumbling into the ocean filled with crashing thirty-foot waves. Some were swept far from the ship, others found themselves tangled in the rigging, while others were trapped below the surface by the masts and spreaders. What ensued was one of the most complex, dangerous, and massive Coast Guard rescue missions in history. Rescue of the Bounty from authors Michael J. Tougias and Douglas Campbell is a gripping, inspiring, and unforgettable account—the perfect choice for young adventure-seekers, as well as fans of I Survived, Torpedoed, and Grenade.

Leia and the Red Robin Patti Belton, 2021-01-25 Leia and the Red Robin will take their readers on a journey. They will recognize that with courage, anything can be accomplished. That asking for help is hard, but kindness is all around us. In our story, Rainey the Robin makes the move to Austin. She is all alone, which leaves her uncertain and scared. Where will she live and how will she make her home for her soon-to-be baby birds? She goes in search of answers. She meets unlikely friends along the way, including a momma pig rolling in the mud, a golden retriever with her playful pups, and a quirky, high-energy squirrel named Sadie. They give both helpful and unusual suggestions as to how Rainey might prepare for her babies. Eventually, feeling exhausted from her day, she stops to rest on a fence in a neighborhood full of happy families. She notices a carefree little girl playing in her backyard. She senses the robin's presence, so she stops and introduces herself. Hi, I'm Leia. What are you up to today? Rainey explains her problem. I am running out of time. My baby birds will be here soon. Leia comes up with a plan, and within days, Rainey is able to build her nest. The eggs hatch, and the extended family arrives. News spreads fast, and all the neighborhood birds come to welcome the newcomers. Rainey tells them about the help and love she was given by different animals and especially a human named Leia. From that day forward, the feathered friends continue to gather in Leia's favorite tree, sharing stories of other good deeds. Blue jays and hummingbirds, quails and finches, big ones, little ones, birds of every shape and color. The nesting ball still hangs in the yard on Colberg Drive. As promised, Leia keeps the ball full. If you watch closely, you can see the birds flying away, carrying beautiful colored feathers and ribbons to build their own nest. It's a sight to see.
