Your Service Dog and You Nicola Ferguson,2023-09-07 Service dogs play an important role in society, assisting their handlers in leading independent, fulfilling lives. These amazing dogs are trained to work with a wide range of disabilities, from visual impairments to PTSD, and come from a variety of breeds and backgrounds. Some service dogs are custom bred and trained by large charities, while others are rescue dogs of indeterminate breed, trained entirely by their owners. Disability knows no bounds and can strike anyone, at any time, leaving us alone, scared and confused, with many of us wondering how feasible it would be to integrate a service dog into our lives. This is a practical guide, written from the perspective of an ordinary dog owner turned service dog trainer, following her own need for a service dog. It covers everything from service dog breeding and selection, how to acquire a service dog, basic training, and public access work, to your dog's eventual retirement. Chapters also detail the day-to-day realities of living with and loving a service dog.

**Soldier Dogs** Maria Goodavage,2012-12-31 A leading reporter offers a tour of military working dogs' extraordinary training, heroic accomplishments, and the lasting impacts they have on those who work with them. People all over the world have been riveted by the story of Cairo, the Belgian Malinois who was a part of the Navy SEAL team that led the raid on Osama bin Laden's compound. A dog's natural intelligence, physical abilities, and pure loyalty contribute more to our military efforts than ever before. You don't have to be a dog lover to be fascinated by the idea that a dog-the cousin of that furry guy begging for scraps under your table-could be one of the heroes who helped execute the most vital and high-tech military mission of the new millennium. Now Maria Goodavage, editor and featured writer for one of the world's most widely read dog blogs, tells heartwarming stories of modern soldier dogs and the amazing bonds that develop between them and their handlers. Beyond tales of training, operations, retirement, and adoption into the families of fallen soldiers, Goodavage talks to leading dog-cognition experts about why dogs like nothing more than to be on a mission with a handler they trust, no matter how deadly the IEDs they are sniffing, nor how far they must parachute or rappel from aircraft into enemy territory. Military working dogs live for love and praise from their handlers, says Ron Aiello, president of the United States War Dogs Association and a former marine scout dog handler. The work is all a big game, and then they get that pet, that praise. They would do anything for their handler. This is an unprecedented window into the world of these adventurous, loving warriors.
