Puppy Love Gloria Herrmann, 2017-09-05 Life—and love—is better with a bulldog...right? Everything is changing for Tiffany. Things used to be simple—Friendship Friday nights with her besties, Mackenzie and Molly, meeting up for late afternoon lattes and just enjoying the single life in Seattle. Now Molly is engaged. Can their friendship survive the change? Coffee is not just a drink, but a way of life for these three best friends, but Tiffany takes her love of coffee to a whole other level. Her job is assistant to an executive at Blue Moose Coffee Corporation, but it's in jeopardy when Colin Murphy takes over the small company. This isn't the first time Tiffany has met Colin.

They've already kissed and possibly shared an incredible one-night stand. She's still a little foggy about that, waking up in his luxurious hotel suite with no recollection of the night before. She has more questions than answers. Tiffany could easily fall in love with Colin, except now he's her boss and that complicates things. And besides...if keeping her job means becoming a babysitter for an English Bulldog with a severe drooling problem, then Tiffany isn't so sure she's going to be employed much longer. She can handle every aspect of her job, no problem, but taking care of a stinky and stubborn dog isn't in the job description. Things start to get interesting when she finds herself falling for Colin and his precious fur baby, but is it just puppy love?

**Puppy Love** Katelyn Beckett,2021-02-14 My passion in life? Saving animals. I'm the person they

call when a cat has kittens under their shed or a stray dog shows up with no collar and tags. Be it dark or rain or foggy night, I'm there for friends of fur, scale, and feather alike. I just never expected one of my rescue calls to be a werewolf pup. Not like I knew it when I showed up, but something was definitely different about him. His snout was too round, his ears too pointed, and I'd thought he was a coydog; one of those dog-coyote mixes that showed up now and then. That was before he bit me. And even an alpha pup can change an innocent mortal like me into a shapeshifting powerhouse. Flung into a new world where submission might mean death and pack politics rule the secret supernatural society, I'm lost but not alone. With the pup's father, Hudson, and his packmates leading me through this strange environment, I feel as though I could take on the world. They have everything I need; confidence, power, money. And I'm everything they could ever want. But how do we come to terms with the fact that it feels as if we've always been together? As if we all belong as a group? I haven't been on a date in years, now I have four gorgeous, rich werewolves chasing me. What's a girl to do? This book is intended for mature audiences. Adults only. This is a fated mates straight omegaverse reverse harem where the girl gets all the guys. Why choose if you don't have to? Light M/M references included.

His plans go awry as his three little daughters refuse to give them up. Soon, the entire family falls under the spell of the puppies, and the father has a tougher time deciding whether to keep them or to put them up for adoption as planned. Will the puppies stay with the family? Or will they be adopted? Read the story and find out.
