Get Together Bailey Richardson ,Kevin Huynh ,Kai Elmer Sotto,2019-08-20 A practical and heartfelt guide to cultivating a community, online or IRL. Although communities feel magical, they don't come together by magic. Get Together is a practical and heartfelt guide to cultivating a community. Whether starting a run crew, connecting with fans online, or sparking a movement of K-12 teachers, the secret to getting people together is this: build your community with people, not for them. In Get Together, Bailey Richardson, Kevin Huynh, and Kai Elmer Sotto of People & Company share true stories of everyday people who have created thriving communities, both in person and online. They provide clear steps to untangle the challenge of getting passionate people together, helping individuals and organizations navigate the intricacies of leading a community, including: - How to rally the first people - How to get people talking - How to attract new, authentic folks - How to develop leaders and expand globally. The People & Company team reminds us that we each hold the potential to spark a community. Get Together shows readers that if we join forces—as company and customers, artist and fans, organizer and advocates—we'll do more together than we ever could alone.

Unchained Mind Ricardo G. Williams,2017-03-15 I took a three-year break from work to explore the topic of peace, love, and success. I spent the time analyzing my thoughts and the effects my thoughts had on my emotional state of mind. The things I found out were quite intriguing. I came to the realization that many of us are not living to our full potential. We live with a measured joy. We keep our happiness in check. Our smiles are met with a restriction from our breath, which makes it short-lived. We seldom breathe fully because our breath is interrupted by the depth of our thoughts. We never really let go fully. We are bound by layers of chains that have entangled our thinkingchains from an uncertain future, chains of work, chains of relationships, chains of our finances, too many chains to mention. My time away from work gave me the opportunity to explore how to break the chains. I admit that even a broken chain is not permanently broken but can be easily reunited if old habits are not changed. My book focuses on the actions we can take to break chains and keep them broken. My book explores how our thoughts control our destiny. It teaches thought control and the importance of silence. It teaches how to overcome fear, anger, negative thoughts, stress, and hatred. You will learn how to nurture your emotions, embrace moments, and the importance of spiritual peace. I will teach you how to live in thankfulness, with compassion, while activating love.

Typographic Systems of Design Kimberly Elam,2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In Typographic Systems, Kim Elam, author of our bestselling books, Geometry of Design and Grid Systems, explores eight major structural frameworks beyond the gridincluding random, radial, modular, and bilateralsystems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each systemfrom the structured axis to the nonhierarchical radial arrayis explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. Typographic Systems is the seventh title in our bestselling Design Briefs series, which has sold more than 100,000 copies worldwide.

The Gods Trilogy Terry Pratchett,2000 The Discworld is, as everyone knows, and no one should now need to be told, flat. It rides through space on the back of four elephants* which, in turn, are standing on the shell of an enormous turtle. But just because it is being borne through space on the back of a turtle, doesn't mean it doesn't need gods . . . The Gods Trilogy is a bumper volume containing the complete text of three of Terry Pratchett's celebrated novels: SMALL GODS Brutha is the Chosen One. His god has spoken to him, admittedly while currently in the shape of a tortoise; and Brutha now has a mission.PYRAMIDS It isn't easy, being a teenage pharaoh: you're not allowed to carry money; uninhibited young women peel grapes for you and the Great Pyramid has just exploded because of paracosmic instability . . . HOGFATHER It's the night before Hogswatch . . . and it's too quiet. There's snow, there're robins, there're trees covered with decorations, but there's a notable lack of the big fat man who delivers the toys . . . He's gone. *There used to be five, but that's another story entirely

Rogue Economics Loretta Napoleoni,2008 Respected economist and journalist Loretta Napoleoni shows how the world is being reshaped by dark economic forces creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism. A world built by organisations both private and public which have accumulated vast fortunes and enormous political influence by regulating, containing and manipulating the market to their own advantage.

The Vendetta Honoré de Balzac,2022-10-03 Fans of 'The Godfather' trilogy and 'The Sopranos' will know a thing or two about vendettas. In Honore de Balzac's´The Vendetta´, tragic consequences are laid bare. What begins as a love story between two Corsican immigrants, Ginevra and Luigi, soon becomes a tale of misery. Luigi is the sole survivor of a blood feud with Ginevra's family. And Ginevra's father Bartolomeo is determined to finish the job by killing Luigi. However, when the love-sick couple marries, he has to stay his hand - but he cuts them off, leaving them poverty-stricken. As Bartolomeo has an epiphany, his daughter is locked in a life-and-death struggle as she gives birth. Will she survive? And will her father get the chance to make things right? 'The Vendetta' is an excoriating attack on the nature of honour and a tale of tragic romance that calls to mind 'Romeo and Juliet' by William Shakespeare. Honoré de Balzac (1799-1850) was a French novelist and playwright, most famous for a sequence of novels, collectively called 'The Human Comedy'. His signature style was a warts-and-all representation of post-Napoleonic French life, rich in detail and featuring complex, unfiltered characters. The style means Balzac is regarded as one of the pioneers of European literary realism. He is named as an influence on writers including Emile Zola, Henry James, Charles Dickens, and Gustave Flaubert. The first novel he published under his own name was 'Les Chouans' in 1829. In 1834 he hit upon the idea of grouping his novels together to record all of society. The result, over a period of years, was 'The Human Comedy', which comprised three categories: 'Analytic Studies'; 'Philosophical Studies'; and 'Studies of Manners'.
