Political Pamphlets (Esprios Classics) George Saintsbury,1927 It is sometimes thought, and very often said, that political writing, after its special day is done, becomes more dead than any other kind of literature, or

even journalism. I do not know whether my own judgment is perverted by the fact of a special devotion to the business, but it certainly seems to me that both the thought and the saying are mistakes. Indeed, a rough-and-ready refutation of them is supplied by the fact that, in no few cases, political pieces have entered into the generally admitted stock of the best literary things.
