The Supplement Pyramid Michael A. Smith,2014-03-15
One of the most common questions Dr Michael A. Smith hears from people is: 'I eat a pretty healthy diet. Do I really need to take supplements?' His answer is always a resounding 'Yes!' And there is a very good reason. In this book, Dr Smith covers the many reasons why even the healthiest diets fall short in terms of supplying the optimal amount of nutrients we need not just to survive, but, also, to thrive. However, with such a staggering amount of choices on the market, it's easy to become overwhelmed.

How to Make a Meditation Pyramid Brad Marmion, Many have found meditation pyramids to enhance their experience, whether it's for meditation, sleep, practitioner work, healing or yoga sessions. They are a form of sacred geometry providing a higher and more grounded connection which naturally occurs when in a pyramid. For this reason, they have been used throughout history across many ancient cultures as a sacred place or temple. When someone makes their own pyramid in the current high energy time of awakening it helps instil the value of creation as sacred and potentiates the pyramid further. I have been making sacred geometries for over 20 years and have outlined a simple, step by step, affordable way off building a portable timber pyramid to the size you want with little or no experience and just a few tools. If you are feeling uncertain, I can suggest some online tutorials, or perhaps you have a hands-on friend and can make it together. It's pretty amazing to do and good fun with an awesome result. On costing, this will vary depending on materials and size you chose, the materials for the pyramid I made for this book were from the local hardware store and cost only \$37.40 AUD.

Earn Twice as Much with Half the Stress Paul Lemberg, Tom Matzen, 2006-05-01 Would you like to know how to earn twice as much income with half the personal and business stress? It's really not that complicated. Here's how... 1. Create an inspiring vision for your business as you want it to be and get people to do what you want by helping them get what they want; 2. Build efficient marketing systems that generate leads for as small of a cost as possible; 3. Qualify those leads so you do business only with clients that you can really help; 4. Delivery extraordinary value to those clients; 5. Manage your financial resources with vigor and passion; 6. Turn-key your business to deliver consistent, predictable, ever-increasing results; 7. Recruit and train enthusiastic staff that share your values; and 8. Make space for abundance, organize your mind for prosperity, and give something back. Do these eight things well, and you'll beat the high-profile mega-corp competitors and turn your sweat equity into the business of your dreams. Simple? Yes. Easy? Not a chance. On your own, this process can take years. The

statistics published by the US Small Business Administration are that two out of three small businesses don't last beyond six years. That means if you plan to survive, two of your colleagues may not. So how do you increase the odds of you not only surviving, but thriving? Learn from others. Learn what works, learn what doesn't, and learn better, faster, more cost-effective ways. And no doubt, that's why you're reading this today, because you're looking for a better, faster way to build your business. The good news is that is exactly why this site exists. My partner and I have started more than two dozen businesses over the last couple of decades. We have helped literally thousands of business owners start, grow, expand, and turn-key their businesses. Have all of these succeeded massively? Nope. Some have, some haven't. And in looking for the secrets to why some did so well, some struggled for years, and some failed, we concluded there were eight areas each business owner needs to have working well. Just like a big old V-8 car engine, you can run with one or two cylinders not working well, but to really get the performance you want, all eight cylinders need to be working together. Your business is the same. If all eight areas work smoothly, delivering consistent, predictable, ever-increasing results, you will have the business of your dreams. And you can literally save years of effort, struggle and expense this way.
