**Postwar America** James Ciment, 2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower, the years following World War II were filled with momentous events and rapid change. Diplomatically, economically, politically, and culturally, the United States became a major influence around the globe. On the domestic front, this period witnessed some of the most turbulent and prosperous years in American history. *Postwar America: An Encyclopedia of Social, Political, Cultural, and Economic History* provides detailed coverage of all the remarkable developments within the United States during this period, as well as their dramatic impact on the rest of the world. A-Z entries address specific persons, groups, concepts, events, geographical locations, organizations, and cultural and technological phenomena. Sidebars highlight primary source materials, items of special interest, statistical data, and other information; and Cultural Landmark entries chronologically detail the music, literature, arts, and cultural history of the era. Bibliographies covering literature from the postwar era and about the era are also included, as are illustrations and specialized indexes.

*Crystal Magick, Meditation, and Manifestation* Amethyst Qu, 2023-01-18 Beyond crystal healing... Amethyst Qu shares 101 days of secret crystal teachings in her new crystal magick book of shadows. Natural crystals, minerals, gems, and fossils captivate our psyche with their beauty. Yet the folklore of the ancient wise ones tells us these treasures of the Earth are more than just beautiful specimens meant to sit on a shelf. You are drawn to these crystals for a purpose. Our stones are friendly, helpful natural citizens of our Earth who want to partner with us to make our world a better place. Crystals are a gift from our Earth prized by shamans and seekers all over the globe from the dawn of time. Follow one seeker as she shares her personal experiences of how she uses metaphysical crystals to gain secret knowledge, enhance psychic ability, and manifest a more fulfilling life. You do not have to be an advanced occultist to use the wise, gentle power of the stones. This friendly form of folk magick is open to all. Learn how you can begin your life of crystal magick today. This book was originally published as the first 101 episodes of Amethyst Qu's online serial book of shadows, *Crystal Magick, Meditation, and Manifestation: A Crystal Book of Shadows*. It is now being made available in the convenient ebook format for the very first time. By the co-author of *The Moldavite Message* and *The Complete Crystal Cash Prosperity Secrets*. Keywords & themes: Crystals, New Age crystals, metaphysical crystals, birthstones, gemstones, gem and mineral collection, natural Earth magic, occult secrets and mysteries, Wicca, witchcraft, folklore, positive spellwork.

The Art of Linear Electronics John Linsley Hood, 2013-10-22 *The Art of Linear Electronics* presents the principal aspects of linear electronics and techniques in linear electronic circuit design. The book provides a wide range of information on the elucidation of the methods and techniques in the design of linear electronic circuits. The text discusses such topics as electronic component symbols and circuit drawing; passive and active semiconductor components; DC and low frequency amplifiers; and the basic effects of feedback. Subjects on frequency response modifying circuits and

filters; audio amplifiers; low frequency oscillators and waveform generators; and power supply systems are covered as well. Electronics engineers, and readers with an interest in linear electronics design but with minimal experience in the field will find the book very useful.

**Sound for Film and Television** Tomlinson Holman,2012-11-12 Sound for Film and Television, Third Edition provides a thorough introduction to the fascinating field of recording, editing, mixing, and exhibiting film and television sound. It strikes a fine balance between aesthetic and technical content, combining theory and practice to approach sound as both an art and a science. This new edition has been completely updated to reflect the latest advances in HD technology, new hardware and software systems, new distribution methods, wireless sound capture, and more. Also, analog-related content has been reduced and transferred to the chapters covering historical techniques. Sections on troubleshooting and FAQs have been added to help you avoid common pitfalls in sound production. Written by one of Hollywood's leading sound experts, Sound for Film and Television provides a solid grounding in all aspects of the sound process. Basic principles are presented with illustrations demonstrating how they affect the day-to-day activities on a film or television set, in the editing room, and in the mix room. The accompanying audio DVD contains more than 50 tracks that demonstrate practical, real-world examples of key concepts presented in the book.
