**Waiting** Ariel Welch,2003-03-31 Waiting is a collection of poems and short stories on love from the perspective of two teen-age twin girls. A coded message in invisible ink is recovered from the dentist's body, and Dr. Siri begins to follow clues that hint at deep—and dangerous—political intrigue. **Old Age in European Society** Peter N. Stearns,2024-05-10 Originally published in 1977, Old Age in European Society provides an historical perspective on aging, a process which had received little attention from any group in the social sciences and virtually none from historians at the time. Starting from the premise that 'the elderly can and should be active, participant members of their society' the book examines the ways in which old people were and are viewed by certain key groups. This is done in a series of thematic essays linked by the main theme of a dominant culture in which the elderly and the groups who deal with them were and still are ensnared. This dominant culture is one of denigration of the elderly: the traditional idea of veneration of the elderly is found to be largely mythical. Variations on this theme are dealt with in individual chapters concerned with the elderly in French working-class culture and geriatric medicine. Key groups are studied with an eye to distinct patterns of modernization, which involves particular attention to the working class and middle class as those exposed to the leading edge of change. Women are treated separately, as their aging process involves distinctive elements, which exacerbate the problems of old age. France, with its exceptional percentage of elderly and its low retirement ages, provides much of the material for these essays, the main purpose of which is to indicate those topics for which an historical treatment is vital to our understanding of the elderly and to the formulation of a more positive approach to old age.

*The Burning Edge* Rick Mofina, 2022-01-10 “Rick Mofina's tense, taut writing makes every thriller he writes an adrenaline-packed ride.”—Tess Gerritsen, New York Times bestselling author Single mother Lisa Palmer has barely recovered from the sudden death of her husband when she is drawn into a new nightmare. *Childhood Stories and Perspectives* William L. Alston, 2021-12-02 Walter and Julia Alston were two parents with two different upbringings—one was from a family of means, and the other was from a family with very little. One was about trying to have success and wealth, and the other was about having nothing, spending and splurging and wasting more than could be grasped. Both Walter and his spouse, Julia, had major flaws. Both were all about him and herself. They had no plans to effectively share between themselves or among their ten children. They were all in it for themselves and not for each other and certainly not for their offspring. Despite their selfishness, they left their children with more than they realized; they left their children a treasure trove of stories—stories that were handed down through several generations from their parents and their parents' parents. For generations, this had transpired by word of mouth that revealed family history, culture, entertainment, and family accomplishments. These stories brought pride, pleasure, and a sense of direction and well-being to the Alston family. These stories brought assured tangibles that would encourage, empower, teach, and would point the way forward.

**Spiritual Warfare and Discipleship Training** Kenneth Holder, 2021-07-22 Many believers harbor the notion that once they become saved and accept Jesus into their hearts and lives, their lives will become perfect. Many believers have not had the opportunity to cultivate a deeper understanding of the scriptures as they pertain to spiritual warfare. The spiritual fight is real, and the walk of a Christian is not an easy one. In *Spiritual Warfare and Discipleship Training*, author Kenneth Holder equips the body of believers with Biblical tools to be effective on the field of battle. Spiritual warfare is all around you, and the fight rages on whether you accept it or not. You must first be cleansed and made ready for the fight ahead, then you will be able to stand firm. *Spiritual Warfare and Discipleship Training* takes you through discipleship and equips you for the fight with topics such as: the benefits of deliverance, how prayer is a mighty weapon, keeping the temple clean to demon manifestation, and everything in between. Holder helps you understand how important and valuable you are to the kingdom of God and prepares you to be ready to serve the father with greatness.

*On Hostile Ground* B.A. Seloaf, 2009-06-26 The threat of the Noori, the ancient enemy of the hippos of Filpini, looms like a dark cloud just beyond the horizon. In order to keep watch against a possible invasion, king Pelyas sends his son Rumpo to establish a colony of hippos on the outskirts of the Noori's lands. The Noori, however, seem prepared to use any means necessary to drive the intruders back. The conflict turns into a vicious duel between Rumpo and the Noori commander, where each is forced to use all his skill in scheming and strategic thinking and neither will yield an inch of

ground without a fight. In *On Hostile Ground* B.A. Seloaf combines epic fantasy with modern, witty dialogue. His characters belong to races never before featured in fantasy literature. He provides the reader with both tragedy, comedy, romance and spine-chilling thrills, all woven together into a most memorable story.

**Unfading Light** Richard Fritzky, 2020-11-02 Rich Fritzky poses five questions to forty-five individuals who have devoted much, if not all of their lives, to Abraham Lincoln. The individuals reveal what led them to him in the first place, the attribute or 'fixed mark' that sealed their belonging to him, the conversations that they would most have liked to have had with him, the words of his that they were most moved by, and the why and how of his, maybe just maybe, helping save the soul of the Republic yet again in our own time. Among those interviewed were eleven celebrated Lincoln scholars and historians, the leaders of the National Lincoln Forum, the Abraham Lincoln Association, Lincoln Groups, and Civil War Roundtables from coast to coast, two celebrated Lincoln artists, an array of Lincoln impersonators, including Gettysburg's own, curators, animators, professors, teachers, presenters, and more. They so movingly responded, inspiring and driving the author deep into Lincoln's universe and into much material that is not often considered especially as to racism and race, his shadow-boxing with God, his faith and doubt, his exquisite humanity and extraordinary ability to lead, his nation of suffering and the torture it exacted upon him, and his rich reverence for both all that America was and could be.

**Amelia Maylock, Book Three. Ysmirao and the Pearl of Time.** Jason Ellis, 2008-02 The highly anticipated third book in the Amelia Maylock series. - They all started walking up the bank and used the tree trunks as cover, concealing themselves in the shadows when they moved, silently. It was a needed skill too as Maratlus had guards on patrol near the metal entrances to the caves. Some were creatures that Amelia recognised from her training with the old hag - when she created attackers for Amelia to overcome, safely - and others were large, muscular people. The creatures were called hybrids because Erryaz had used her evil magic to create many drones, for uses such as this. The creatures here looked like humans cross bred with dogs or wolves. They stood upright on two legs, yet were covered in fur and had a long snout and extremely sharp teeth. They were all heavily armed and simply stood on watch, turning their heads left and right in a monotonous rhythm.

Understanding Sentence Structure Christina Tortora, 2018-07-27 A straightforward guide to understanding English grammar. This book is for people who have never thought about syntax, and who don't know anything about grammar, but who want to learn. Assuming a blank slate on the part of the reader, the book treats English grammar as a product of the speaker's mind, and builds up student skills by exploring phrases and sentences with more and more complexity, as the chapters proceed. This practical guide excites and empowers readers by guiding them step by step through each chapter with intermittent exercises. In order to capitalize on the reader's confidence as a personal authority on English, *Understanding Sentence Structure* assumes an inclusive definition of English, taking dialect variation and structures common amongst millions of English speakers to be a fact of natural language. Situates grammar as part of what the student already unconsciously knows. Presupposes no prior instruction, not even in prescriptive grammar. Begins analyzing sentences immediately, with the "big picture" (sentences have structure, structure can be ambiguous) and moves through levels of complexity, tapping into students' tacit knowledge of sentence structure. Includes exercise boxes for in-chapter practicing of skills, side notes that offer further tips/encouragement on topics being discussed, and new terms defined immediately and helpfully in term boxes. Applies decades of findings in syntactic theory and cognitive science, with an eye towards making English grammar accessible to school teachers and beginning students alike. *Understanding Sentence Structure: An Introduction to English Syntax* is an ideal book for undergraduates studying modern English grammar and for instructors teaching introductory courses in English grammar, syntax, and sentence structure.

*INDIA, IMPERMANENCE & ME* Sue Tweedy,2013-07-15 What began as an innocent trek through the almighty Himalayas ended in a journey homeward bound. A series of bizarre events turns a life less travelled into an encounter that would change a path forever. Life would never be the same again. Believing myself civilized I soon discover that my interpretation of the word got lost in translation and soon began to realise that when you have little in life you begin to cherish each simple moment. Magical moments that are forever present yet blinded by the heavy weight of attachment. Living in a remote monastery whilst working within the local community leaves me in awe of peoples love, generosity and compassion finally answering life's fundamental question, that of happiness. Could it be that I have laid the foundations of my life on water? Travelling from the top of mystical India to the lushness of a Goan oasis an internal struggle of Eastern philosophies over Western attachment commences. A humorous tale of the up's and downs of a single woman's journey to enlightenment.

**The Truth On: The Pre-Trib Rapture** Mikha'el Ben Aharon,2013-01-29 It has been taught throughout the world in movies, books, sermons, and seminaries, that if you say a sinner's prayer you will receive a free ticket to escape the judgements of the Almighty. By saying this prayer, you get raptured up to the sky to be with Messiah on top of the clouds. And by not saying this prayer, you get left behind to face the Antichrist and go through the Great Tribulation. This is when the wrath of the Almighty is cast down upon the earth with the fierceness of His anger, where those left behind are grievously tormented.
