Smoke-Free in 30 Days Daniel F. Seidman, 2009-12-29 I'M TOO STRESSED TO STOP. I'LL GAIN WEIGHT IF I QUIT. I'VE TRIED AND FAILED TOO MANY TIMES TO COUNT. Why are you

still smoking, even though you want to quit? Based on twenty years of research and hands-on work with countless smokers in his clinics at Columbia University and New York Presbyterian Hospital, Dr. Daniel F. Seidman understands that people smoke -- and quit -- for different reasons and what works for one smoker might not work for another. • Are you a Situational Smoker? Monitoring your reactions in different situations is a step toward permanently losing interest in cigarettes. • Are you a Worried-about-Weight Smoker? Properly using treatments like Nicotine Replacement Therapy (NRT) can help you quit and get healthy in all aspects of your life. • Are you an Emotion-Triggered Smoker? Scheduling your smoking breaks and sticking to a rigid smoking schedule helps break the link between stressful situations and craving cigarettes. In a comprehensive, 30-day program, Dr. Seidman explains how to retrain your brain, take advantage of all the tools at your disposal, and end the month smoke-free and feeling stronger than ever!

How to Quit Smoking and Save Your Life Brian Keelan, 2015-02-16 Why can't smokers quit? Most smokers think they can't quit because they've got a bad habit or they're addicted to doing it. But... that's not why they can't quit smoking. That's why they smoke! They can't quit smoking because they don't know how to quit smoking. Just about everything you have ever done in your life, you had to learn how to do before you could actually succeed at doing it. You had to learn how to walk, how to count, how to write, how to drive a car, how to play a musical instrument and how to get around 18 holes on a golf course. But unlike golf, when it comes to quitting smoking, you have to succeed at the 100% level: you either do it or you fail... completely. Quitting smoking is a learnable skill... just like every other skill you have learned and developed over the years. Sadly, there is very little real-world, street-smart advice about how to actually do that. Until now... Here's the first thing a smoker needs to know about succeeding at quitting smoking forever: There is nothing more essential to your success at quitting smoking forever than the act of preparing yourself to do it. Nothing! I see smokers make the mistake of not being properly prepared to quit smoking all the time. Heck I did it over 70 times myself... until I finally learned how to get myself ready to quit. So... before you try to quit smoking, take some time to learn how to do it. This book will teach you 5 easy-to-learn but very necessary skills to prepare yourself to succeed at quitting smoking forever. It will also give you the confidence and motivation to use your new skills. Remember this: One of the hardest decisions you'll ever make in your life is deciding whether to walk away from trying to do something or to buckle down and try harder. You'll never regret the fact that you decided to buy this book and learn how to quit smoking. You'll not only add years to your life and save a lot of money, you'll have learned something that will serve you well for the rest of your much healthier, richer life.

The Easy Way to Quit Smoking Henry Ellis, 2018-02-21 I know there are many eBooks on quitting smoking. So what makes this eBook different? And why should you buy it? ... This eBook focuses on 2 fundamental areas that are crucial to quitting smoking, 2 areas that are missing from other systems: 1. How to build the right mindset to make quitting smoking an easy process. 2. How to build the right habits to make quitting smoking an easy process. Most people haven't discovered these "missing links" that make it so easy to quit smoking that you'll be kicking yourself wondering why you didn't quit years ago! All other quit smoking eBooks, methods, and aids (like nicotine replacement therapies) don't deal with the mindset or habits. So you can easily start smoking again once you've quit. This eBook simplifies methods to deal with your cravings, handle all the situations where you badly want to smoke, and break those old habits for good. So, you will feel good about not smoking – instead of deprived, or stressed. You can even use these same methods to avoid gaining weight when you quit smoking. It keeps the methods: realistic, simple, and easy to apply. They don't rely on willpower, or a tough cold turkey approach, either. Quitting smoking can be easy (and stress-free)... once you know how. This eBook gives you the how. This eBook stays focused on the truth (what really works) to help you quit smoking (and stay quit) the easy way. Other eBooks and methods usually don't, they make it harder to quit. It can work for heavy and light smokers. And, even, if you've tried and failed to quit smoking many times already. You can quit smoking today with this eBook – even with the nicotine factor taken into account. This eBook simplifies the complex – it can save you a great deal of time, money, and effort compared to other methods. This eBook doesn't overload (and confuse) you with useless information... it gets to the point. It just tells you what you need to know, and nothing else – without repetition. It gives you the "needle in the haystack". So you don't waste hours reading, searching, and failing to quit for nothing. You can quit smoking the right way... the first time.
