**So You Want To Memorize The Quran?** Dr Muddassir Khan,2021-01-06 Memorization (tahfeeth) of the Quran was the earliest form of transmission of the text and has been practiced by Muslims since the beginning of revelation. The Quran is perhaps the only book in human history that has such an exceptional tradition of oral transmission that can be traced back to the Prophet (peace and blessings of Allah be upon him) himself. Although many Muslims known as hufadh (memorizers) have memorized the entire Quran, every Muslim should memorize as much as possible. It is narrated by Ibn Abbas that the Messenger of Allah (peace and blessings of Allah be upon him) said: He in whose heart there is no part of the Quran is like an abandoned house. Reciting the entire Quran in a melodious voice, without error or hesitation, is a dream for some, and a reality for others. Yet the Word of Allah is true: And We have indeed made it easy to understand and memorize the Quran. Is there anyone who will remember? (Surah Al-Qamar 17) Most of us assume that we have a bad memory that cannot keep important and sometimes even basic information and that memorizing the Holy Quran is one of the most difficult tasks a person can embark on. We often think that this is not for me or that I could never do it. These are some of the many obstacles that we tend to create that ultimately discourage us from the idea of starting to memorize the Holy Quran. Among people are those who have memorized the whole of the Quran. We find men, women, children, scholars, ordinary people, workers, peasants, illiterates, people who do not understand a word of Arabic - but they have memorized the Quran. What do they have in common? Their love for Allah and His Book, the firm will to memorize and endurance in the effort that this task implies. This book is intended to be the starting point and the roadmap for all those who sincerely wish to memorize the Quran but do not know how to do it. Each of us can learn the Quran in whole or in part. It is only necessary to know the conditions and rules which govern this knowledge, to choose an effective method, and to be patient and constant in the effort

**A Treasury of the Quran** Maulana Wahiduddin Khan,2021-06-24 This book comprises of excerpts from the Quran, which provide an introduction to Islam, derived directly from the original, revealed source. The theme of the book the Good life means being content with an honest living and serving God in one's life. The verses, which have been selected for this book, describe various fundamental aspects of the Good Life in the Quran's inimitable style. These passages thus provide both a description of the good life and an authentic example of how it should be lived.

**The Amazing Quran** , Many centuries before the onset of Muhammad's prophethood, there was a well-known theory of atomism advanced by the Greek philosopher, Democritus. He and the people who came after him assumed that matter consists of tiny, indestructible, indivisible particles called atoms. The Arabs too, used to deal in the same concept; in fact, the Arabic word dharrah commonly referred to the smallest particle known to man. Now, modern science has discovered that this smallest unit of matter (i.e., the atom, which has all of the same properties as its element) can be split into its component parts. This is a new idea, a development of the last century; yet, interestingly enough, this information had already been documented in the Quran (Surah Saba', 34:3) which states: "He [i.e., Allah] is aware of an atom's weight in the heavens and on the earth and even anything smaller than that..."

**The Quran Speaks to You** Abdur Raheem Kidwai,2021-11-18 60 GREAT LESSONS FROM ISLAM The Quran Speaks to You presents the main ideas which form the pillars of Islam. In 60 Quranic passages, the author shows you how the religion reveals the way to lead a dignified life. Each passage is accompanied by an explanation to help understand the message easily on topics such as • success and happiness • importance of sharing your wealth • relationships • equality of men and women • treating fellow human beings well • the Islamic way of life As societies change to include people from various backgrounds, it is good to know more about different faiths and practices and find similarities among religions to better appreciate each other. This book is a step in that direction. Clearing up wrong ideas about the Quran and Islam, starting from the roots, the author outlines Islamic rules for behaviour and the benefits earned for the afterlife for good deeds, to provide an understanding of the core concepts of Islam.

**The Qur'an** Abdullah Yusuf Ali,2021-03-01 The Quran is the central religious text of Islam, believed by Muslims to be a revelation from God - Allah. It is organized in 114 chapters - surah which consist of verses - āyāt. This English translation of Quran was made by the anglophile British Indian civil servant Abdullah Yusuf Ali.

Master The Miracles of the Quran In 10 days Suhaib Sirajudin,2015-12-18 Most of us have heard this statement many times 'Quran is a miracle of miracles'. We have heard this many times and we continue to hear this statement often, but the question is that what is it in the Quran that really makes the Quran a miracle? Well to find out more, by mastering the miracles in this book you will master the miracles in the Quran that you may have never heard of. When I found these amazing miracles in the Quran after every miracle that I found I asked myself this question, 'How come I was unaware of this miracle?' 'Why didn't I know about this miracle?' Some miracles amazed me where as some shocked me. I can assure you, once you start reading this book, it will not quench your thirst until you finish reading it and you would feel the same way as what I felt when I got to know about these miracles. This will only increase in knowing your creator, Allah and becoming more obedient to him since this is really the ultimate purpose of our creation.

*The Miracle of the Qur'an* Yasir Qadhi,2020-01-06 The Qur'an is the greatest miracle of God (Allah) and the Qur'an is the proof of the truthfulness of Islam. It is the standing and everlasting miracle, but very rarely, have we heard how is it a miracle? The Qur'an is the ultimate miracle of our Prophet Muhammad (Sallallahu alaihi wassalam - S.A.W). It is such a miracle that all the other miracles are considered trivial and inconsequential compared to the Qur'an. This is because the Qur'an is so powerful, so bright and blinding that no matter how bright the other miracles are; when you have the sun, the stars become useless. In this book, Dr. Yasir Qadhi discussed on the miracles of the Qur'an that we either have never acknowledge or we often overlooked. The miracles of the Qur'an are endless and the points are abundance to be mentioned.

*This Quran* Talal Itani,2014-08-17 An easy to read English translation of the Holy Quran. This translation is clear, highly accurate, and closely follows the Arabic

original. This Quran could not have been produced by anyone other than God. In fact, it is a confirmation of what preceded it, and an elaboration of the Book. There is no doubt about it—it is from the Lord of the Universe. [Chapter 10, Verse 37]

**The Glorious Quran** Dr Shehnaz Shaikh M D,Kausar Khatri,2007-07-01 There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: \* A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. \* Learning extensive grammar before improving vocabulary is like putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

Mustafa Organization is a registered Organization that operates and is sustained through collaborative efforts of volunteers in many countries around the world, and it welcomes your involvement and support. Its objectives are numerous, yet its main goal is to spread the truth about the Islamic faith in general and the Shi'a School of Thought in particular due to the latter being misrepresented, misunderstood and its tenets often assaulted by many ignorant folks, Muslims and non-Muslims. Organization's purpose is to facilitate the dissemination of knowledge through a global medium, the Internet, to locations where such resources are not commonly or easily accessible or are resented, resisted and fought!
