The Collaborative Economy in Action: European Perspectives Andrzej Klimczuk,Vida Česnuityte,Gabriela Avram,2021-10-04 The book titled The Collaborative Economy in Action: European Perspectives is one of the important outcomes of the COST Action CA16121, From Sharing to Caring: Examining the Socio-Technical Aspects of the Collaborative Economy (short name: Sharing and Caring; sharingandcaring.eu) that was active between March 2017 and September 2021. The Action was funded by the European Cooperation in Science and Technology - COST (www.cost.eu/actions/CA16121). The main objective of the COST Action Sharing and Caring is the development of a European network of researchers and practitioners interested in investigating the collaborative economy models, platforms, and their socio-technological implications. The network involves scholars, practitioners, communities, and policymakers.

The COST Action Sharing and Caring helped to connect research initiatives across Europe and enabled scientists to develop their ideas by collaborating with peers. This collaboration opportunity represented a boost for the participants' research, careers, and innovation potential. The main aim of this book is to provide a comprehensive overview of the collaborative economy (CE) in European countries with a variety of its aspects for a deeper understanding of the phenomenon as a whole. For this reason, in July 2017, an open call for country reports was distributed among the members of the COST Action Sharing and Caring. Representatives of the member countries were invited to produce short country reports covering: definition(s) of the CE; types and models of the CE; key stakeholders involved; as well as legislation and technological tools relevant for the CE. Submitted reports varied in length and regarding the level of detail included, in accordance with how much information was available in each respective country at the time of writing. Editors of the book have compiled these early reports into a summary report, which was intended as a first step in mapping the state of the CE in Europe. The Member Countries Report on the Collaborative Economy, edited by Gaia Mosconi, Agnieszka Lukasiewicz, and Gabriela Avram (2018) that was published on the Sharing and Caring website, represented its first synergetic outcome and provided an overview of the CE phenomenon as interpreted and manifested in each of the countries part of the network. Additionally, Sergio Nassare-Aznar, Kosjenka Dumančić, and Giulia Priora compiled a Preliminary Legal Analysis of Country Reports on Cases of Collaborative Economy (2018). In 2018, after undertaking an analysis of the previous reports' strengths and weaknesses, the book editors issued a call for an updated version of these country reports. Prof. Ann Light advised the editorial team, proposing a new

format for country reports and 4000 words limit. The template included: Introduction, Definition, Key Questions, Examples, Illustration, Context, Developments, Issues, Other Major Players, and Relevant Literature. The new template was approved by the Management Committee in October 2018. The task force that had supported the production of the first series of country reports (Dimitar Trajanov, Maria del Mar Alonso, Bálint Balázs, Kosjenka Dumančić, and Gabriela Avram) acted as mentors for the team of authors in each country. The final reports arrived at the end of 2018, bringing the total number of submissions to 30 (twenty-nine European countries plus Georgia). A call for book editors was issued, and a new editorial team was formed by volunteers from the participants of the COST Action: Andrzej Klimczuk, Vida Česnuityte, Cristina Miguel, Santa Mijalche, Gabriela Avram, Bori Simonovits, Bálint Balázs, Kostas Stefanidis, and Rafael Laurenti. The editorial team organized the double-blind reviews of reports and communicated to the authors the requirements for improving their texts. After reviews, the authors submitted updated versions of their country reports providing up-to-date interdisciplinary analysis on the state of the CE in 2019, when the reports were collected. During the final phase, the chapters were again reviewed by the lead editors together with all editorial team members. At the time, the intention was to update these reports again just before the end of the COST Action Sharing and Caring in 2021 and to produce a third edition. However, the COVID-19 pandemic changed these plans. Thus, this final volume was created by 82 scholars-editors and contributors-and consists of reports on 27 countries participating in the COST Action.

Chasing Hillary Amy Chozick,2018-04-24 New York Times bestseller "The Devil Wears Prada meets The Boys on the Bus"—New York Times The dishy, rollicking, and deeply personal story of what really happened in the 2016 election, as seen through the eyes of the New York Times reporter who gave eight years of her life to covering the First Woman President who wasn't. For a decade, award-winning New York Times journalist Amy Chozick chronicled Hillary Clinton's pursuit of the presidency. Chozick's front-row seat, initially covering Clinton's imploding 2008 campaign, and then her assignment to "The Hillary Beat" ahead of the 2016 election, took her to 48 states and set off a nearly ten-years-long journey in which the formative years of her twenties and thirties became – both personally and professionally – intrinsically intertwined to Clinton's presidential ambitions. Chozick's candor and clear-eyed perspective—from her seat on the Hillary bus and reporting from inside the campaign's Brooklyn headquarters, to her run-ins with Donald J. Trump and her globetrotting with Bill Clinton— provide fresh intrigue and insights into the story we thought we all knew. This is the real story of what happened, with the kind of dishy, inside details that repeatedly surprise and enlighten. But Chasing Hillary is also a rollicking, irreverent, refreshingly honest personal story of how the would-be first woman president looms over Chozick's life. And, as she gets married, attempts to infiltrate the upper echelons of political journalism and inquires about freezing her eggs so she can have children after the 2016 campaign, Chozick dives deeper into decisions Clinton made at similar points in her life. In the process, Chozick came to see Clinton not as an unknowable

enigma and political animal but as a complex person, full of contradictions and forged in the political battles and media storms that had long predated Chozick's years of coverage. Trailing Clinton through all of the highs and lows of the most noxious and wildly dramatic presidential election in American history, Chozick comes to understand what drove Clinton, how she accomplished what no woman had before, and why she ultimately failed. Poignant, illuminating, laugh-out-loud funny, Chasing Hillary is a campaign book like never before that reads like a fast-moving political novel.

Phil Alan Shipnuck,2022-05-24 LONGLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 'Terrific fun' David Walsh, Sunday Times * * 'Thoroughly engaging' Washington Post A frank and revealing biography of legendary golf champion Phil Mickelson - who has led a big, controversial life - as reported by longtime Sports Illustrated writer and bestselling author Alan Shipnuck. Phil Mickelson is one of the most compelling figures in sports. For more than three decades he has been among the best golfers in the world, and his unmatched longevity was exemplified at the 2021 PGA Championship, when Mickelson, on the cusp of turning fifty-one, became the oldest player in history to win a major championship. In this raw and unauthorised biography, Shipnuck captures a singular life defined by thrilling victories, crushing defeats and countless controversies. Mickelson is a multi-faceted character, and all his warring impulses are on display in these pages: he is a smart-ass who built an empire on being the consummate professional; a loving husband dogged by salacious rumours; a high-stakes gambler who knows the house always wins but can't tear himself away. Mickelson's career and public image have been defined by the contrast with his lifelong rival, Tiger Woods. Where Woods is robotic and reticent, Mickelson is affable and extroverted, an incorrigible showman. In their early years together on Tour, Mickelson lacked Tiger's laser focus and discipline, yet as Tiger's career has been curtailed by scandal, addiction and a broken body, Phil sails on, still relevant on the golf course and in the marketplace. Phil is the perfect marriage of subject and author. Shipnuck delivers numerous revelations, from the true scale of

Mickelson's massive gambling losses to the secretive backstory of the Saudi golf league that Mickelson championed. But Phil also celebrates Mickelson's random acts of kindness and generosity of spirit, to which friends and strangers alike can attest. Shipnuck has covered Mickelson for his entire career, allowing him to take readers inside the ropes with a thrilling immediacy and intimacy. The result is the juiciest and liveliest golf book in years - full of heart, humour and unexpected turns.

    How to Turn Down a Billion Dollars Billy Gallagher,2018-02-13 In the grand tradition of Ben Mezrich's The Accidental Billionaires (2009)... an engaging look into a fascinating subculture of millions. —Booklist Breezy...How to Turn Down a Billion Dollars ably if uncritically chronicles the short history of a young company catering to young users, with a young chief executive, and reveals, intentionally or not, the limitations that come with that combination. —Wall Street Journal The improbable and exhilarating story of the rise of Snapchat from a frat boy fantasy to a multi-billion dollar internet unicorn that has dramatically changed the way we communicate. In 2013 Evan Spiegel, the brash CEO of the social network Snapchat, and his co-founder Bobby Murphy stunned the press when they walked away from a three-billion-dollar offer from Facebook: how could an app teenagers use to text dirty photos dream of a higher valuation? Was this hubris, or genius? In How to Turn Down a Billion Dollars, tech journalist Billy Gallagher takes us inside the rise of one of Silicon Valley's hottest start-ups. Snapchat developed from a simple wish for disappearing pictures as Stanford junior Reggie Brown nursed regrets about photos he had sent. After an epic feud between best friends, Brown lost his stake in the company, while Spiegel has gone on to make a name for himself as a visionary—if ruthless—CEO worth billions, linked to celebrities like Taylor Swift and

his wife, Miranda Kerr. A fellow Stanford undergrad and fraternity brother of the company's founding trio, Gallagher has covered Snapchat from the start. He brings unique access to a company Bloomberg Business called "a cipher in the Silicon Valley technology community." Gallagher offers insight into challenges Snapchat faces as it transitions from a playful app to one of the tech industry's preeminent public companies. In the tradition of great business narratives, How to Turn Down a Billion Dollars offers the definitive account of a company whose goal is no less than to remake the future of entertainment.
