Someday David Levithan, 2018-10-02 Celebrate all the ways love makes us who we are with the sequel to the New York Times bestseller *Every Day*, now a major motion picture. Every day a new body. Every day a new life. Every day a new choice. For as long as A can remember, life has meant waking up in a different person's body every day, forced to live as that person until the day ended. A always thought there wasn't anyone else who had a life like this. But A was wrong. There are others. A has already been wrestling with powerful feelings of love and loneliness. Now comes an understanding of the extremes that love and loneliness can lead to -- and what it's like to discover that you are not alone in the world. In *Someday*, David Levithan takes readers further into the lives of A, Rhiannon, Nathan, and the person they may think they know as Reverend Poole, exploring more deeply the questions at the core of *Every Day* and *Another Day*: What is a soul? And what makes us human?

Six Earlier Days David Levithan, 2012-11-26 In *Every Day*, New York Times bestselling author David Levithan presented readers with his most ambitious novel to date: Every morning, A wakes up in a different body and leads a different life. A must never get too attached, must never be noticed, must never interfere. The novel

Every Day starts on Day 5994 of A's life. In this digital-only collection Six Earlier Days, Levithan gives readers a glimpse at a handful of the other 5993 stories yet to be told that inform how A navigates the complexities of a life lived anew each day. In Every Day, readers discover if you can truly love someone who is destined to change every day. In Six Earlier Days, readers will discover a little bit more about how A became that someone. Fans of Levithan's books such as Nick & Norah's Infinite Playlist, co-written with Rachel Cohn, and Will Grayson, Will Grayson, co-written with John Green, will not want to miss A's adventures in Every Day and Six Earlier Days.
