*The Harvest of Sunshine* G. N. (George Nasmith)  
Luxton, Sunshine Club, 1932

David Sunshine Morrow Wilson, 2012-08-13 When blond, blue-eyed, broad-shouldered, college football hero T. J. Brinkman leaves Sweet Dreams, Arkansas, to make his name and fame in the world of big city television, he is lucky enough to find employment with the industrys most prominent and highly regarded producer, David Sunshine, widely considered the brightest hope for televisions future. A media darling considered the best in the business by people who accept his public image, David Sunshine in real life immediately proves himself a far cry from the publics, the medias, and T.J. Brinkmans naive and gullible assessments of him. What happens when T.J.s innocence and idealism clash with David Sunshines egotism and opportunism is at times hilarious, at other times heart-breaking. Filled to overflowing with characters who range from fragile to cruel to beautiful to eccentric, David Sunshine re-creates a world gone by and tells the story of how it really was as television began to decline from its Golden Age into a far more cynical industry. David Sunshine is best described as a comedy of substance. In depicting the American television industry of the 1960s, it is as accurate as it is funny.

**Sunshine: The Intrusion** Thomas Elmer, 2014-04-09 A floatplane attempts to land on the lake waters while Wade Hampton watches. After crashing into the water a helicopter shows up to fire rounds from a mini-gun into the planes remaining pontoon to sink it. When the helicopter leaves Wade races out on his boat, he ends up pulling two kids out of the cold lake water. While planning to hike the two kids out the helicopter shows up again. This time though there are four of them. The race to Juneau, Alaska begins sixty miles of being hunted

for something that Wade will have to figure out for himself. Maybe the kids hold the secrets that he needs to survive the run to safety. Jose Hernandez a drug dealer finds himself in big trouble with his backers. They are going to want their money real soon. Tony Carroll had stolen his bank account numbers then he escaped with his family in Jose's plane and flew off. Tony hoped that Jose wouldn't risk losing his account numbers, but then Jose's voice came from the radio ordering him to return to Juneau, Alaska. An armed helicopter was not far behind him and his family. Greg Woods was being forced to work for Jose Hernandez. His four helicopters were at Jose's beck and call now. Maybe with Jose out at this unknown person's cabin Greg can get his company back and stop running drugs. First he would have to free his own family. Jose Hernandez wants the kids for leverage against their father, so he invades Wade's cabin home, now Wade has to get the kids to safety plus take his home back.

**Radio Happy Isles** Robert Seward, 1999-01-01 This is Radio Happy Isles... Ko e ui 'e ni 'a e 'otu felenite... This is Radio Sunshine... Traveling throughout the Pacific over a period of six years, Robert Seward listened to radio wherever he went. From the Solomon Islands to Vanuatu to Fiji to Tonga to Hawai'i, he tuned in and listened. He recorded broadcasts, he sat in radio stations and newsrooms, he met the people who ran them, and he talked to folks who listened. The result is Radio Happy Isles, a highly readable, insightful, and unexpected look at the mediascape of the Pacific. What Seward discovered is surprising: in an era of satellite downloads and globe-circling communication empires, radio-the forgotten medium-is alive and well in the Pacific. Subject to political pressures and calls for privatization, its role is in constant evolution. But one thing is clear: the media rules of metropolitan

dominance have not played out according to script here. Media in the Pacific has been active, not passive, in shaping its own local narratives. Full of anecdotes and engagingly written, *Radio Happy Isles* introduces us to an unmistakable voice, one that is varied and distinct and far from being drowned out by the noises coming from the metropolitan world.

**Food Law Handbook** Harold Schultz,2012-12-06 Of all industries in the United States, the food industry must in fact be the most regulated by law. If it is not, its competition for this distinction goes unnoticed. All phases of the food industry are subjected to some control by law, beginning with the land food is grown on and the oceans from which it is harvested. Seed and plant stock are sometimes subjected to control such as to the nutritional value of the foods they produce. Acreages of agricultural crops, the quantities of foods to be produced, are regulated. As foods are produced, whether from plants or animals, the substances applied to increase yields or provide protection from pests are controlled to insure safe use. As foods enter and pass through the huge marketing system they are scrutinized from beginning to end by regulatory agents operating under authority of food laws. Those foods which are transformed through various technologies into today's thousands of consumer products are watched carefully to insure the appropriateness and safety of added ingredients, not all of which are natural, and the adequacy of

processing, packaging and storage. Finally, the representation of foods to consumers through labeling and advertising is controlled to make sure it is accurate and sufficiently informative.

*Quest for Eternal Sunshine* Mendek Rubin, Myra Goodman, 2020-04-14 *Quest for Eternal Sunshine* chronicles the triumphant, true story of Mendek Rubin, a brilliant inventor who overcame both the trauma of the Holocaust and decades of unrelenting depression to live a life of deep peace and boundless joy. Born into a Hassidic Jewish family in Poland in 1924, Mendek grew up surrounded by extreme anti-Semitism. Armed with an ingenious mind, he survived three horrific years in Nazi slave-labor concentration camps while virtually his entire family was murdered in Auschwitz. After arriving in America in 1946--despite having no money or professional skills--his inventions helped revolutionize both the jewelry and packaged-salad industries. Remarkably, Mendek also applied his ingenuity to his own psyche, developing innovative ways to heal his heart and end his emotional suffering. After Mendek died in 2012, his daughter, Myra Goodman, found an unfinished manuscript in which he'd revealed the intimate

details of his healing journey. *Quest for Eternal Sunshine*—the extraordinary result of a posthumous father-daughter collaboration—tells Mendek's whole story and is filled with eye-opening revelations, effective self-healing techniques, and profound wisdom that have the power to transform the way we live our lives. An inspirational biography of a Holocaust survivor overcoming depression and PTSD. An essential new addition to Jewish Holocaust history.

**Be The Sunshine** Sunshine Rodgers, 2022-08-30 The one difficulty with having the name Sunshine is that people expect me to be.... well, sunshine all the time. I have learned over time to embrace the Sunshine-ness that is my name. Yes, I may not always be joyful or exuberant all the time, but I have learned that if I rely on my friends, my family, and my faith, I can conquer each day head-on and live every moment with an expectation of goodness. And that's what I wanted to share in this book, *Be the Sunshine*. It's not a book about how to be happy or seven ways to stay positive. These pages are about being yourself, showing the world your true colors, and being mindful of the moment. These chapters contain personal stories so that we all can experience love and joy for ourselves as well as shining that light on those around us! So, just follow my voice. When it comes to being the sunshine, well, I know the way!

**Sunshine Quest** William Fowkes, 2015-12-09 It's the year of our Lord 1999. Retired gay men flock to the Sunshine QUEST Club in Fort Lauderdale, FL for dancing, companionship, and nonstop fun. But not everyone is waiting for them with open arms. In this comedy in two acts, William Fowkes presents a group of colorful characters grappling with issues of sexual identity, oppression, the journey to authenticity, and the need to forge meaningful relationships, whatever your age or sexual orientation. Al Getz, a local real estate

broker-and former closeted movie star, Todd Hammond-deals with his attraction to the club's young but homophobic assistant manager, Brad Hall. Brad, meanwhile, is struggling with the lingering effects of his religious upbringing in North Carolina and the growing realization that he, too, is gay. When Brad turns to Al for help, they embark on a rocky inter-generational relationship. Retired company man, John Strathmore-an openly gay man who retreated from the gay scene during the AIDS crisis-gingerly re-enters the social scene after the recent death of his wife. Retired agent, Robby Smirnoff, juggles his need for companionship and love with his inability to control his sharp tongue. Ballroom dance instructor, Mary King, seeks love but keeps settling for the comfort of friendship with gay men. Most members think Sunshine QUEST is heaven on earth until their lives are thrown off track when the club's survival is threatened. SUNSHINE QUEST had its world premiere at the 2014 Fresh Fruit Festival at the Wild Project in New York City.

Why You Think the Way You Do Glenn S.

Sunshine, 2009-08-30 How do we come by our worldviews and philosophies? What impact did Christianity have on the worldviews that are common to Western civilization? Why You Think the Way You Do traces the development of the worldviews that underpin the Western world. Professor and historian Glenn S. Sunshine demonstrates the decisive impact that the growth of Christianity had in transforming the outlook of pagan Roman culture into one that-based on biblical concepts of humanity and its relationship with God-established virtually all the positive aspects of Western civilization. The two-pronged assault in our time on the biblically based worldview by postmodern philosophy and the writings of neo-atheists has made it even more crucial that we acknowledge and defend its historical roots. This authoritative, accessible survey discusses Western worldviews as a continuous narrative rather than as simply a catalogue of ideas. Why You Think the Way You Do: Traces the effects that changes in worldview had on society. Helps you understand your own worldview and those of other people. Helps you recognize the ways that your worldview, philosophies, beliefs, and presuppositions affect the way you think about everything.
