I Sold My House in a Raffle Diane Giraudo McDermott,2010-06-01 If you're a home seller wishing to skip the conventional process of listing your home and waiting for a qualified buyer, and you've always wanted to be "rich enough" to help your favorite charity in a big way, your time has come. *I Sold My House in a Raffle* explains the entire process for homeowners, realtors, and also for the nonprofit director who is open to an innovative fundraising alternative that can provide a sizeable chunk of cash to support the charity. Diane Giraudo McDermott, an advocate of animal rights, couldn't match the incentives building developers were offering home buyers, and buyers interested in her property couldn't qualify for a loan; so she used her marketing background and partnered with a "no-kill" animal shelter and successfully sold her house in a raffle. Inside, you'll learn how to utilize the best marketing techniques, create a winning raffle formula, complete the required paperwork, connect with the right charity, and reduce your risk. Take charge of your real estate future--save thousands of dollars, save time waiting for that qualified buyer, and get your full asking price! This is a method whose time has come, and it can work for you too.

Mrs. Limber's Raffle, Or, A Church Fair and Its Victims William Allen Butler,1876

The Book of Unconformities Hugh Raffles,2022-04-18 From the author of *Insectopedia*, a powerful exploration of loss, grief,

endurance, and the absences that permeate the present. Unconformities are gaps in the geological record, physical evidence of breaks in time. For Hugh Raffles, these holes in history are also fissures in feeling, knowledge, memory, and understanding. In this endlessly inventive, riveting book, Raffles enters these gaps, drawing together threads of geology, history, literature, philosophy, and ethnography to trace the intimate connections between personal loss and world historical events, and to reveal the force of absence at the core of contemporary life. Through deeply researched explorations of Neolithic stone circles, Icelandic lava, mica from a Nazi concentration camp, petrified whale blubber in Svalbard, the marble prized by Manhattan's Lenape, and a huge Greenlandic meteorite that arrived in New York City along with six Inuit adventurers in 1897, Raffles shows how unconformities unceasingly incite human imagination and investigation yet refuse to conform, heal, or disappear. A journey across eons and continents, *The Book of Unconformities* is also a journey through stone: this most solid, ancient, and enigmatic of materials, it turns out, is as lively, capricious, willful, and indifferent as time itself.

Theirs to Protect Stasia Black, 2018-04-05 In the New Republic, every woman must marry five men. It's the law. Welcome to the apocalypse. Nix never put his name in the marriage raffle for a reason. He doesn't need a woman. There aren't that many to go around anyway after a genetically engineered virus wiped out 90% of the female population. He has his job as head of the Security Squadron and it's all he need. He looks out for the township. He protects the few women there are left. But when his name is called to be one of the five husbands to the woman rescued from the badlands, he doesn't speak up to correct the error. Because Audrey's like no one he's ever met before. Fiasty. That's the name for her. Not like so many of the women they've brought back before. She's not broken. She might be just the woman to handle a rough, brutal man like him. Sharing her with four other men is a small price to pay. In fact, the closer they all grow, the more Nix realizes he might finally have again what he lost so long ago--a real family. But when outside forces threaten everything he holds dear, Nix will be forced to face his deepest, darkest fear. When Audrey's life is endangered, will he be able to save the woman he's just learned how to love?

Raffles and the Golden Opportunity, 1781-1826 Victoria Glendinning, 2013 In 1819 Sir Stamford Raffles, without authority from London, raised the British flag on a small jungle-covered island and founded a settlement which would become the city state of Singapore. It was the crowning moment in an extraordinary career in South-East Asia, which saw Raffles shake off his humble beginnings to become Lieutenant-Governor of Java. But his success in the tropics was overshadowed by professional conflict and personal tragedy. Acclaimed biographer Victoria Glendinning charts the extraordinary life of an English adventurer, disobedient employee of the East India Company, utopian imperialist, linguist, naturalist, collector and troublesome visionary. If Raffles' own end was tragic, the mark he left on the world is indelible. His name and fame are undimmed today and, as he hoped, Singapore has become his lasting monument.

Circus of Thieves and the Raffle of Doom William Sutcliffe, 2014-03-27 Writing that is as light on its feet as a human cannonball... what really sets it apart is the easy humour, cameos (Granny and Fizzer the dog) and the postmodern footnotes that might flop in different hands, but instead lift the book into classic status. Bring on the next act! The Times, Children's Book of the Week One of the best children's books I've read in ages Wondrous Reads Sutcliffe is a natural storyteller who gets you laughing from page one Moontrug Delightfully funny... definitely up there as one of the best BooksforBoys Roll up, roll up! Jonesport Raffle and Other Tales of Maine Folklore John Gould, 2017-07-28 Beginning with the legendary story of a man in Jonesport (or was it Dexter or Waterford or Litchfield?) who raffled off his horse, which incidentally had been dead for some time, these twenty-nine tales cover the length and breadth of Maine and extend back to the sixteenth-century fishing camps that were set up a hundred years before Jamestown and Plymouth. Learn about the origin and history of schoolmarms, along with other classic tales on Down East thrift, the evils of drink, Maine weather, lumbering folklore, and Paul Bunyan. These yarns often pull your leg, so keep a sharp eye! Such a collection makes for an encyclopedia of the great cultural achievement of Mainers, which has been compared to the

Rosetta Stone and the birth of Chaucer. But essentially The Jonesport Raffle is a book of the highest humor that will be a source of infinite enjoyment.
