

Rage Faces

Nancy Pedri

The Faces of Rage David Damico,1992

Cuteness Engineering Aaron Marcus,Masaaki Kurosu,Xiaojuan Ma,Ayako Hashizume,2017-10-30 This state of the art monograph presents a unique introduction to thinking about cuteness and its incorporation into modern, especially computer-based, products and services. Cuteness is defined and explored in relation to user-centered design concepts and methods, in addition to considering the history of cuteness and cuteness in other cultures, especially in relation to eastern Asia. The authors provide detailed analyses and histories of cuteness in Japan and in China, the rise of Kawaii and Moe cultural artifacts, and their relation to social, psychological, and design issues. They also attempt an initial taxonomy of cuteness. Finally, detailed interviews with leading designers of cute products and services, such as Hello Kitty, provide an understanding of the philosophy and decision-making process of designers of cuteness. Cuteness Engineering: Designing Adorable Products and Services will be of interest and use to a wide range of professionals, researchers, academics, and students who are interested in exploring the world of cuteness in fresh new ways and gaining insights useful for their work and studies.

Royal Rage and the Construction of Anglo-Norman Authority, c. 1000-1250 Kate McGrath,2019-02-18 This book explores how eleventh- and twelfth-century Anglo-Norman ecclesiastical authors attributed anger to kings in the exercise of their duties, and how such attributions related to larger expansions of royal authority. It argues that ecclesiastical writers used their works to legitimize certain displays of royal anger, often resulting in violence, while at the same time deploying a shared emotional language that also allowed them to condemn other types of displays. These texts are particularly concerned about displays of anger in regard to suppressing revolt, ensuring justice, protecting honor, and respecting the status of kingship. In all of these areas, the role of ecclesiastical and lay counsel forms an important limit on the growth and expansion of royal prerogatives.

Best of the Journals in Rhetoric and Composition 2015-2016 Steven Parks,Brian Bailie,2017-09-30 Features the best articles published in rhetoric and composition journals in the previous year.

The Web of the People Juan Chamero,2016-06-03 The Web is a layer on top of Internet that for many belongs to the people. In my humble opinion this was not planned, but an accident, the consequence of the appearance of a revolutionary technology as it happens along the evolution. Before Internet arrival communications media, newspapers, Radio and TV worked unidirectional, from a de facto “Established Order” side to the “People’s” side “broadcasting” programmed pieces of information and knowledge, from sellers to buyers, from rulers to ruled, from teachers to students, from truth holders to truth seekers. The Peoples’ side is explored via Darwin, an AI Ontology that enable us to see the Web more and better focusing in Social Networks and the Deep Web, for many the hidden Web. As a demo a Darwin agent makes over Established side a “tomography” for the theme art history, from Altamira Caves to Nanoart.

Rage Debra Webb,2013-04-30 The Faces of Evil Series: Book 4 When Jess Harris moved back to her Alabama hometown, she thought she'd left her past behind her. But the blood bath the new Major Crimes deputy chief finds at a murder scene is beyond even the savagery of Eric Spears, the serial killer who now haunts Jess's life with terrifying text messages. Amid eerie echoes of the Charles Manson massacre, Jess investigates the dismemberment of a cop's wife while her baby lay sleeping down the hall. The discovery of two more headless victims makes Jess wonder if it's a gang-related slaying, a personal vendetta . . . or something else. And the sudden reappearance of her ex-husband makes her question her future with Chief of Police Dan Burnett. Now as the net widens to include a shocking suspect, Jess realizes that the identity of the killer may lie with an autistic eight-year-old boy. With inner-city tensions at an all-time high and the community calling for blood, Jess must race to save an innocent child-and prevent a final, horrifying act of rage.

Rage, Power, and Aggression Robert A. Glick,Steven P. Roose,Steven T. Roose,1993-01-01 Rage, aggression, and the 'will-to-power' are significant human characteristics that have been relatively neglected in psychoanalytic literature. In the past, rage has been viewed as a response to threat or frustration, aggression as an instinctual drive, and the will-to-power as causing destructive and maladaptive behavior. In this volume, the authors probe these dimensions of human experience to show how they serve adaptive needs, assuage anxiety, protect against threat, and foster maturation.

The Pragmatics of Internet Memes Chaoqun Xie,2022-05-15 What is a meme? What is in a meme? What does ‘living in/with memes’ actually mean? What do memes mean to human beings dwelling in a life-world at once connected and fragmented by the internet and social media? Answers to and ways of answering these and other meme questions that arise in social events represent human assistance in or resistance to meaning making. A pragmatic perspective on internet memes as a way of seeing in social life experience offers a unique window on how meme matters in mediated (inter)actions turn out to be inextricably intertwined with human beings’ presencing and essencing in the life-world. Ultimately, this volume seeks to reveal what and how serious if not unsayable concerns can be concealed behind the seemingly humorous, carefree and colorful carnival of internet memes across cultures, contexts, genres and modalities. This book will be of some value to anyone keen on the dynamics of memes and internet pragmatics and on critical insights that can be garnered in kaleidoscopic multimodal communication. Originally published as special issue of Internet Pragmatics 3:2 (2020).

Rage Becomes Her Soraya Chemaly,2018-09-11 ***A BEST BOOK OF 2018 SELECTION*** NPR * The Washington Post * Book Riot * Autostraddle * Psychology Today ***A BEST FEMINIST BOOK SELECTION*** Refinery 29, Book Riot, Autostraddle, BITCH *Rage Becomes Her* is an “utterly eye opening” (Bustle) book that gives voice to the causes, expressions, and possibilities of female rage. As women, we’ve been urged for so long to bottle up our anger, letting it corrode our bodies and minds in ways we don’t even realize. Yet there are so, so many legitimate reasons for us to feel angry, ranging from blatant, horrifying acts of misogyny to the subtle drip, drip drip of daily sexism that reinforces the absurdly damaging gender norms of our society. In *Rage Becomes Her*, Soraya Chemaly argues that our anger is not only justified, it is also an active part of the solution. We are so often encouraged to resist our rage or punished for justifiably expressing it, yet how many remarkable achievements would never have gotten off the ground without the kernel of anger that fueled them? Approached with conscious intention, anger is a vital instrument, a radar for injustice and a catalyst for change. On the flip side, the societal and cultural belittlement of our anger is a cunning way of limiting and controlling our power—one we can no longer abide. “A work of great spirit and verve” (Time), *Rage Becomes Her* is a validating, energizing read that will change the way you interact with the world around you.

Teenagers’ Everyday Literacy Practices in English Anastasia Rothoni,2019-12-16 This book examines everyday literacy in English as a foreign language (EFL). Focusing on the out-of-school literacy practices of teenagers in Athens, Greece, it challenges the notion that classrooms are the only contexts which provide exposure to English for learners. The author demonstrates that English can be a powerful resource for teenagers, as a symbolic tool granting them additional means of communication and self-expression. In doing so, she makes an original contribution to the areas of literacy, language education, and applied linguistics.

Helping Children Locked in Rage or Hate Margot Sunderland,Nicky Hancock,2017-07-05 This is a guidebook to help children who: hurt, hit, bite, smash, kick, shout, scream or who are out of control, hyperaroused or hyperactive; can only discharge their angry feelings in verbal or physical attacks, rather than being able to think about and reflect on what they feel; are angry because it is easier than feeling hurt or sad; are locked in anger or rage because of sibling rivalry; are controlling and punitive; regularly defy authority or are diagnosed with a conduct disorder; commit cold acts of cruelty, hurt animals or do not cry any more; spoil, damage or destroy what others do or make; create fear in others because they have locked away their own fears; do not want to please people, cannot trust, have stopped looking for love or approval or truly believe they do not need anyone; do not really know how to 'like' someone; and, definitely do not know how to love someone or are affectionate only if they want something.

A Rage in Paradise Gary Brandner,2012-07-01 The Pragers are Hawaii’s golden family—they have wealth, power, land. They also have dark secrets and forbidden passions that threaten to tear the family apart. Meredith is in love with a pureblood Hawaiian but cannot face her father’s unyielding disapproval. Dennis, the family’s fair-haired boy, hides his true desires behind his hired mistress, Adriana. Marcus, the exiled black sheep, vengefully seduces Adriana, then realizes too late that he loves her. And in this whirlpool of emotional and sexual blackmail one terrible danger looms

over them all: the tsunami, the tropical tidal wave. Only one man knows it is coming and that man is Meredith Prager's outcast lover.

A Concise Dictionary of Comics Nancy Pedri, 2022-03-08 Written in straightforward, jargon-free language, *A Concise Dictionary of Comics* guides students, researchers, readers, and educators of all ages and at all levels of comics expertise. It provides them with a dictionary that doubles as a compendium of comics scholarship. *A Concise Dictionary of Comics* provides clear and informative definitions for each term. It includes twenty-five witty illustrations and pairs most defined terms with references to books, articles, book chapters, and other relevant critical sources. All references are dated and listed in an extensive, up-to-date bibliography of comics scholarship. Each term is also categorized according to type in an index of thematic groupings. This organization serves as a pedagogical aid for teachers and students learning about a specific facet of comics studies and as a research tool for scholars who are unfamiliar with a particular term but know what category it falls into. These features make *A Concise Dictionary of Comics* especially useful for critics, students, teachers, and researchers, and a vital reference to anyone else who wants to learn more about comics.

Eye of the Viper Peter Aleshire, 2005-11-01 Hand-picked, pressure-tested, and full of astronaut gung ho, the young pilots of *Eye of the Viper* are poised for the toughest assignment of their career: the exhaustive six-month training course at Arizona's Luke Air Force Base, at a cost of \$2 million each. Luke, the world's largest fighter wing, is the only F-16 fighter training base in the United States, and each year it produces one thousand pilots who will fly the F-16 from Korea to Afghanistan to Iraq. But being among the elite pilots who are selected for the course is by no means a guarantee that they will earn the right to fly the F-16. Only a few select individuals will have what it takes. Award-winning journalist Peter Aleshire provides a full blast of the rigors and intensity of the course—the personalities, the incredible machines, the irreverence, the bravado, and the toughness, not only of the hand-picked students seeking a place in the warrior subculture, but of the veteran pilots who must teach them how to stay alive.

We Are the Crisis of Capital John Holloway, 2019-04-01 *We Are the Crisis of Capital* collects articles and excerpts written by radical academic, theorist, and activist John Holloway over a period of forty years. This collection asks, "Is there a way out?" How do we break capital, a form of social organisation that dehumanises us and threatens to annihilate us completely? How do we create a world based on the mutual recognition of human dignity? Holloway's work answers loudly, "By screaming NO!" By thinking from our own anger and creativity. By trying to recover the "we" buried under the categories of capitalist thought. By opening those categories and discovering the antagonism they conceal and by discovering that behind the concepts of money, state, capital, crisis, and so on, there moves our resistance-and-rebellion. An approach sometimes referred to as Open Marxism, it is an attempt to rethink Marxism as daily struggle. The articles move forward, influenced by the German state derivation debates of the 1970s, by the CSE debates in Britain, and the group around the Edinburgh journal *Common Sense*, and then moving on to Mexico and the wonderful stimulus of the Zapatista uprising, and now the continuing whirl of discussion with colleagues and students in the Posgrado de Sociología of the Benemérita Universidad Autónoma de Puebla.

Human-Computer Interaction. Novel User Experiences Masaaki Kurosu, 2016-07-04 The 3-volume set LNCS 9731, 9732, and 9733 constitutes the refereed proceedings of the 18th International Conference on Human-Computer Interaction, HCII 2016, held in Toronto, ON, Canada, in July 2016. The total of 1287 papers and 186 posters presented at the HCII 2016 conferences and were carefully reviewed and selected from 4354 submissions. The papers thoroughly cover the entire field of Human-Computer Interaction, addressing major advances in knowledge and effective use of computers in a variety of application areas. The volumes constituting the full 27-volume set of the conference proceedings.

Encyclopedia of Humor Studies Salvatore Attardo, 2014-02-25 The *Encyclopedia of Humor Studies* explores the concept of humor in history and modern society in the United States and internationally. This work's scope encompasses the humor of children, adults, and even nonhuman primates throughout the ages, from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire. As an academic social history, it includes the perspectives of a wide range of disciplines, including sociology, child development, social psychology, life style history, communication, and entertainment media. Readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development, especially in the areas of health, creativity, social development, and imagination. This two-volume set is available in both print and electronic formats. Features & Benefits: The General Editor also serves as Editor-in-Chief of *HUMOR: International Journal of Humor Research* for The International Society for Humor Studies. The book's 335 articles are organized in A-to-Z fashion in two volumes (approximately 1,000 pages). This work is enhanced by an introduction by the General Editor, a Foreword, a list of the articles and contributors, and a Reader's Guide that groups related entries thematically. A Chronology of Humor, a Resource Guide, and a detailed Index are included. Each entry concludes with References/Further Readings and cross references to related entries. The Index, Reader's Guide themes, and cross references between and among related entries combine to provide robust search-and-browse features in the electronic version. This two-volume, A-to-Z set provides a general, non-technical resource for students and researchers in such diverse fields as communication and media studies, sociology and anthropology, social and cognitive psychology, history, literature and linguistics, and popular culture and folklore. Key Themes: Anthropology, Folklore, and Ethnicity Antiquity Components of Humor Culture Entertainment Industry History Literature and Major Literary Figures Performing Arts Philosophy and Religion Politics Psychology Clinical and Counseling Psychology Cognition Developmental Psychology General Psychology Health Psychology Interpersonal Relationships Motivation and Emotion Neuropsychology Personality and Social Psychology Tests and Measurement Professions Business World Education Law Humor Theory Linguistics Mathematics, Computer Science, and the Internet National, Ethnic, and Regional Humor Africa Americas Asia Europe Middle East Physiology and Biology Sociology Visual Humor

Studying Youth, Media and Gender in Post-Liberalisation India Nadja-Christina Schneider, Fritz-Marie Titzmann, 2014-11-21 This volume aims to look both at as well as beyond the 'Delhi Gang Rape' through the lens of Indian Media Studies. The editors consider it a critical event, or rather critical media event that needs to be contextualized within a rapidly changing, diversifying and globalizing Indian society which is as much confronted with new ruptures, asymmetries and inequalities as it may still be shaped by the old-established structures of a patriarchal social order. But the volume also looks beyond the 'Delhi Gang Rape' and introduces other related thematic areas of an emerging research field which links Youth, Media and Gender Studies.

All the Rage Ian McLagan, 2000 Ian McLagan was the keyboard player with the Small Faces and Faces, then went on as a backing player with the Rolling Stones. This book looks at his 30 years in the rock'n'roll business, telling of his times with rock icons such as Rod Stewart, Mick Jagger and Keith Richard.

This Is Why We Can't Have Nice Things Whitney Phillips, 2015-03-20 Why the internet troll problem is actually a culture problem: how online trolling fits comfortably within today's media landscape. Internet trolls live to upset as many people as possible, using all the technical and psychological tools at their disposal. They gleefully whip the media into a frenzy over a fake teen drug crisis; they post offensive messages on Facebook memorial pages, traumatizing grief-stricken friends and family; they use unabashedly racist language and images. They take pleasure in ruining a complete stranger's day and find amusement in their victim's anguish. In short, trolling is the obstacle to a kinder, gentler Internet. To quote a famous Internet meme, trolling is why we can't have nice things online. Or at least that's what we have been led to believe. In this provocative book, Whitney Phillips argues that trolling, widely condemned as obscene and deviant, actually fits comfortably within the contemporary media landscape. Trolling may be obscene, but, Phillips argues, it isn't all that deviant. Trolls' actions are born of and fueled by culturally sanctioned impulses—which are just as damaging as the trolls' most disruptive behaviors. Phillips describes the relationship between trolling and sensationalist corporate media—pointing out that for trolls, exploitation is a leisure activity; for media, it's a business strategy. She shows how trolls, "the grimacing poster children for a socially networked world," align with social media. And she documents how trolls, in addition to parroting media tropes, also offer a grotesque pantomime of dominant cultural tropes, including gendered notions of dominance and success and an ideology of entitlement. We don't just have a trolling problem, Phillips argues; we have a culture problem. *This Is Why We Can't Have Nice Things* isn't only about trolls; it's about a culture in which trolls thrive.

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, Dive into the World of **Rage Faces** . This educational ebook, conveniently sized in PDF (*), is a gateway to personal growth and intellectual stimulation. Immerse yourself in the enriching content curated to cater to every eager mind.
