Within Obsession and Lies Harper Wylde, Stacy Jones, 2021-10-14 Within Obsession and Lies is the sexy, action-packed first book in A Court of Gilt and Shadow Series by bestselling authors Stacy Jones and Harper Wylde. Power. Obsession. Lies. Other people dream of being special. They wouldn't, if they knew what a nightmare it is. Arawyn would give anything to be ordinary and rid herself of the power that lives inside her. Dangerous and alluring, it's caused nothing but pain and horror, making her the dark obsession of anyone who gets too close. After years of barely containing it, Arawyn thought she had control... until the night it bursts free and pulses like a beacon. As threats emerge from the shadows, each one more fixated on her than the last, she finds her life infiltrated by three mysterious men. A mafia boss, a psychopath, and a killer. Rathe, Viper, and Fear are much more than they seem. They taste of power and feel impossibly familiar. They call to her soul in a way she's never experienced and might have answers to questions she's been asking her entire life. But darkness and secrets surround them, ones covered in blood and mire. When the monsters stalking her endanger not only her power but her life, she'll have to make a decision: take a risk and let these dangerous men in, or do what she's always done—walk away and try to survive on her own. Trusting them would be a mistake. Yet, she may not have a choice. The monsters hunting her aren't human and they're out for blood. Rathe, Viper, and Fear might be her only chance of making it through this alive. There's only one problem. They aren't human either... From bestselling authors, Stacy Jones and Harper Wylde, comes a darkly seductive new series that blends romance, danger, and the supernatural into an unforgettable read.

Strategos: Rise of the Golden Heart (Strategos #2) Gordon Doherty, 2014-05-27 Stay strong, Haga, for the Golden Heart will rise in the west. At dawn, he will wear the guise of a lion hunter. At noon, he will march to the east as if to conquer the sun itself. At dusk, you will stand with him in the final battle, like an island in the storm . . . 1068 AD: the armies of the Seljuk Sultanate tear at Byzantium's borders, poised to strike the death blow that will bring all Anatolia under their yoke. Alp Arslan's armies grow stronger with every passing season, while the beleaguered Byzantine soldiers defend for their lives, the hope in their hearts guttering its last. This war has been Apion's mistress for many years, casting a dark shadow across his soul. When the mysterious crone comes to him, she can offer him only a glimmer of light. But at the darkest of moments, the smallest chink of light can be blinding. It will sweep Apion into the heart of the empire, Constantinople, and then onto the arid plains of Syria. It will taunt him with trust, betrayal, intrigue, love and brutal conflict. But, above all, it will offer him hope.

Inside Out & Back Again Thanhha Lai, 2013-03-01 Moving to America turns H&A's life inside out. For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. Fire of the Raging Dragon Don Brown, 2012-11-20 In the very near future, China, now the world's largest industrial producer and consumer of Mideast Oil, passes a law that all new cars manufactured in that nation will be operated on natural gas. Beneath the floor of the South China Sea, around the contested Spratly Islands, billions of gallons of natural gas wait to be mined. But at the center of the Spratlys, the remote but strategic island of Itu Aba is occupied by China's historic enemy, Taiwan. When the new, power-hungry Chinese President, Tang Qichen, orders Chinese Naval forces to attack Taiwanese forces on Itu Aba, U.S. President Douglas Surber responds, ordering the U.S. Seventh Fleet to try and quell a burgeoning naval showdown between the two Chinas. Aboard the submarine tender U.S.S. Emory S. Land, one of the first ships in the naval war zone, is Ensign Stephanie Surber, a recent Naval Academy graduate who is also the First Daughter of the United States. As the Emory S. Land steams into harm's way, Ensign Surber's life is gravely threatened. The President must make a decision. Will he take a stand against evil? Or will he save the life of his daughter?

March 1917 Aleksandr Solzhenitsyn, 2019-11-15 Aleksandr Solzhenitsyn's March 1917, Book 2, covers three days of

the February Revolution when the nation unraveled, leading to the Bolshevik takeover eight months later. The Red Wheel is Nobel Prize-winner Aleksandr Solzhenitsyn's multivolume epic work about the Russian Revolution. He spent decades writing about just four of the most important periods, or nodes." This is the first time that the monumental March 1917—the third node—has been translated into English. It tells the story of the Russian Revolution itself, during which the Imperial government melts in the face of the mob, and the giants of the opposition also prove incapable of controlling the course of events. The action of Book 2 (of four) of March 1917 is set during March 13–15, 1917, the Russian Revolution's turbulent second week. The revolution has already won inside the capital, Petrograd. News of the revolution flashes across all Russia through the telegraph system of the Ministry of Roads and Railways. But this is wartime, and the real power is with the army. At Emperor Nikolai II's order, the Supreme Command sends troops to suppress the revolution in Petrograd. Meanwhile, victory speeches ring out at Petrograd's Tauride Palace. Inside, two parallel power structures emerge: the Provisional Government and the Executive Committee of the Petrograd Soviet of Workers' and Soldiers' Deputies, which sends out its famous Order No. 1, presaging the destruction of the army. The troops sent to suppress the Petrograd revolution are halted by the army's own top commanders. The Emperor is detained and abdicates, and his ministers are jailed and sent to the Peter and Paul Fortress. This sweeping, historical novel is a must-read for Solzhenitsyn's many fans, as well as those interested in twentieth-century history, Russian history and literature, and military history.
