Desperate to save her father from a gang of vicious thieves, Irish horse whisperer Rose Delaney turns to one of the world's most lethal and effective vigilantes to ask for help, but will she be prepared to pay the billionaire cowboy's price? Dante Formosa, aka The Romani Chieftain, forms a devil's pact with Rose. He'll take her to bed in return for his help. But when the past becomes dangerously entwined with the present Dante must choose between taking his longed-for revenge and saving Rose. Passion rules in this story of seduction, danger and risk. Born To Be Bad: Talking to the Greatest Villains in Action Cinema Timon Singh,2018-07-11 While 1980s action cinema may have been a time of shaggy mullets, big biceps, and one-liners for the heroes, it was always the villains that stuck in our minds once the credits rolled. Whether they were smuggling cocaine, bearer bonds, Krugerrands, attempting world domination or some good old-fashioned kidnapping, the villains were always the best part of the film! In this book, action film fan, Timon Singh, sets out to talk to the actors behind the greatest villains of his adolescence to discover the stories behind their infamous film roles, the impact they had on their career and, most importantly, whether bad guys have all the fun. Speaking to everyone from body builders to kickboxing champions to experienced stage thespians, Timon interviews the actors behind some of the greatest villains and henchmen in action cinema including former Bond baddies, corrupt CEOs, global terrorists and intergalactic bounty hunters. Featuring interviews with the likes of Vernon Wells (Commando), Ronny Cox (Total Recall, Robocop), Martin Kove (The Karate Kid), David Patrick Kelly (The Warriors), Bob Wall (Enter The Dragon), Steven Berkoff (Rambo: First Blood Part II) and many others, this is an essential read for all fans of action movies! Includes an introduction from Steven E. de Souza, the screenwriter behind action classics such as The Running Man, Commando and Die Hard.

Super Bitches and Action Babes Rikke Schubart,2014-08-23 With actress Pam Grier's breakthrough in Coffy and Foxy Brown, women entered action, science fiction, war, westerns and martial arts films--genres that had previously been considered the domain of male protagonists. This ground-breaking cinema, however, was--and still is--viewed with ambivalence. While women were cast in new and exciting roles, they did not always arrive with their femininity intact, often functioning both as a sexualized spectacle and as a new female hero rather than female character. This volume contains an in-depth critical analysis and study of the female hero in popular film from 1970 to 2006. It examines five female archetypes: the dominatrix, the Amazon, the daughter, the mother and the rape-avenger. The entrance of the female hero into films written by, produced by and made for men is viewed through the lens of feminism and post-feminism arguments. Analyzed works include films with actors Michelle Yeoh and Meiko Kaji, the Alien films, the Lara Croft franchise, Charlie's Angels, and television productions such as Xena: Warrior Princess and Alias.

Hong Kong Connections Meaghan Morris,Siu Leung Li,Stephen Ching-kiu Chan,2005-10-01 Since the 1960s, Hong Kong cinema has helped to shape one of the world's most popular cultural genres: action cinema. Hong Kong action films have proved popular over the decades with audiences worldwide, and they have seized the imaginations of filmmakers working in many different cultural traditions and styles. How do we account for this appeal, which changes as it crosses national borders? Hong Kong Connections brings leading film scholars together to explore the uptake of Hong Kong cinema in Japan, Korea, India, Australia, France and the US as well as its links with Taiwan, Singapore and the Chinese mainland. In the process, this collective study examines diverse cultural contexts for action cinema's popularity, and the problems involved in the transnational study of globally popular forms suggesting that in order to grasp the history of Hong Kong action cinema's influence we need to bring out the differences as well as the links that constitute popularity.

Adventure Tourism Management Ralf Buckley,2011-01-03 The academic study of adventure tourism is rapidly increasing in popularity, with research beginning to focus on it heavily. This book is a cohesive and comprehensive look at this multi-million dollar industry sector from a variety of perspectives relevant to the teaching of tourism. Ideal for the undergraduate student taking adventure tourism as a single subject degree, or as part of their tourism management studies, this book documents, analyses and offers insight into the latest research in the area. Includes analysis of products, trends, climate change, risk management and environmental management and many others. The Subsectors section within the book offers an overview of the twenty or more definable sectors within the adventure tourism industry considering their origins and history, latest trends and demographic groups. The author then goes on to look in more detail at: Wildlife Tourism, Marine Tourism, Helitourism, and Boardsports. Each chapter will include seven pedagogical elements: * introduction - what the chapter does and doesn't cover * plain-language review of the chapter topic with minimal referencing - essentially like lecture notes * concluding paragraph to the review section explaining how it leads to the next chapter(s) * review of recent research, condensed into tables where possible * revision notes - a few pages of bullet points summarising the review and research * a sample set of assignment questions, three to six per chapter in some cases * readings on relevant topics, condensed from previous publications.

A Dictionary of the Hawaiian Language Lorrin Andrews,1922

American and Chinese-Language Cinemas Lisa Funnell,Man-Fung Yip,2014-09-19 Critics frequently describe the influence of America, through Hollywood and other cultural industries, as a form of cultural imperialism.

This unidirectional model of interaction does not address, however, the counter-flows of Chinese-language films into the American film market or the influence of Chinese filmmakers, film stars, and aesthetics in Hollywood. The aim of this collection is to (re)consider the complex dynamics of transnational cultural flows between American and Chinese-language film industries. The goal is to bring a more historical perspective to the subject, focusing as much on the Hollywood influence on early Shanghai or postwar Hong Kong films as on the intensifying flows between American and Chinese-language cinemas in recent decades. Contributors emphasize the processes of appropriation and reception involved in transnational cultural practices, examining film production, distribution, and reception.

Martial Arts Cinema and Hong Kong Modernity Man-Fung Yip,2017-09-05 At the core of Martial Arts Cinema and Hong Kong Modernity: Aesthetics, Representation, Circulation is a fascinating paradox: the martial arts film, long regarded as a vehicle of Chinese cultural nationalism, can also be understood as a mass cultural expression of Hong Kong's modern urban-industrial society. This important and popular genre, Man-Fung Yip argues, articulates the experiential qualities, the competing social subjectivities and gender discourses, as well as the heightened circulation of capital, people, goods, information, and technologies in Hong Kong of the 1960s and 1970s. In addition to providing a novel conceptual framework for the study of Hong Kong martial arts cinema and shedding light on the nexus between social change and cultural/aesthetic form, this book offers perceptive analyses of individual films, including not only the canonical works of King Hu, Chang Cheh, and Bruce Lee, but also many lesser-known ones by Lau Kar-leung and Chor Yuen, among others, that have not been adequately discussed before. Thoroughly researched and lucidly written, Yip's stimulating study will ignite debates in new directions for both scholars and fans of Chinese-language martial arts cinema. "Yip subjects critical clichés to rigorous examination, moving beyond generalized notions of martial arts cinema's appeal and offering up informed scrutiny of every facet of the genre. He has the ability to encapsulate these films' particularities with cogent examples and, at the same time, demonstrate a thorough familiarity with the historical context in which this endlessly fascinating genre arose." —David Desser, professor emeritus, University of Illinois at Urbana-Champaign "Eschewing a reductive chronology, Yip offers a persuasive, detailed, and sophisticated excavation of martial arts cinema which is read through and in relation to rapid transformation of Hong Kong in the 1960s and 1970s. An exemplar of critical genre study, this book represents a significant contribution to the discipline." —Yvonne Tasker, professor of film studies and dean of the Faculty of Arts and Humanities, University of East Anglia

Bloodspurt - The Films of Jean-Claude Van Damme David Hayes,2023-01-09 Collected from across the nation, over thirty writers, film critics, academics, artists, filmmakers and editors tackle the complete film oeuvre of action star Jean-Claude Van Damme. The Muscles from Brussels has been a beloved fixture in action cinema for four decades... that mullet notwithstanding. Loved or hated, JCVD has always been regarded as the nicest butt-kicker in the business and wholly self aware of his cult film status - and exactly how he got there. If the Kumite couldn't stop him, or all of those groin-wrenching splits, is there any force on the planet that could impede the sultan of spin kicks? In examining JCVD's films, maybe this eclectic group of professionals can answer those nagging questions. Regardless, whenever you run into Jean-Claude Van Damme in an alley, lit or otherwise, prepare for the... Bloodspurt.

»80s Action Movies on the Cheap Daniel R. Budnik,2017-05-30 The 1980s was the decade when the action film as it's now known came into being. Nonstop, big-budget excitement became the standard as epic adventures like Raiders of the Lost Ark and The Road Warrior set the tone for the summer blockbusters of Sylvester Stallone, Arnold Schwarzenegger and Chuck Norris. Homages (and ripoffs) made with lesser budgets followed every hit, especially with the advent of direct-to-video releases. Providing detailed commentary on 284 films, this book explores the excitement, audacity and sheer weirdness of '80s low budget action cinema, from the American Ninja series to dime-a-dozen barbarian pictures to such bargain-basement productions as The Courier of Death, Kill Squad and Samurai Cop.

Gods of Fire and Thunder Fred Saberhagen,2020-09-09 Haraldur the northman once joined Jason on his fabled quest for the Golden Fleece, but now he wants nothing more to do with gods and adventure. Returning to his homeland for the first time in many years, he hopes only to settle down on a farm of his own—until he comes across an impenetrable wall of eldritch fire and a lovesick youth determined to breach the wall at any cost. Behind the towering flames, he is told, lies a beautiful Valkyrie trapped in an enchanted sleep, as well as, perhaps, a golden treasure beyond mortal reckoning. It is the gold that tempts Hal to agree, against his better judgment, to assist the youth in his quest. But to find a way past the fiery wall, they must first brave gnomes, ghosts, and the wrath of the gods themselves. For a mighty battle is brewing, and Hal soon finds himself caught up in a celestial conflict between Thor the Thunderer, Loki the Trickster, and most powerful of all, Wodan, the merciless Lord of Battles!
