Mentor Rainier George Weiner, 2015-09-10 Mentor tells a story about a man who offered a fatherless twelve-year-old boy the gift of his time, his knowledge, and most of all, his love and friendship. In return, the boy rewarded these gifts with abuse and finally a cowardly act of treachery and betrayal, the enormity of which stretches the limits of human belief. And when his betrayal had been exposed and severe punishment loomed, the young boy received yet another gift perhaps the most precious gift any one being can bestow upon another the man forgave him. Mentor takes the reader onto the streets of

New York City to race headlong over its pavement, from schoolyards, city streets, and youthful gang hideouts to lovers parks. The fast-moving novel combines adolescent love with explicit demonstrations of what happens as children grow up in the teeming cities.

Firefighter Fatality Retrospective Study U. S. Fire Administration, Federal Emergency Management Agency, 2013-03-13 This analysis sought to identify trends in mortality and examine relationships among data elements. To this end, data were collected on firefighter fatalities between 1990 and 2000. (For further information, see the Methodology section or the Appendix.) Using this analysis, better targeted prevention strategies can be developed in keeping with the USFA's goal to reduce firefighter deaths 25 percent by 2005. In contrast to the annual USFA firefighter fatality reports, this analysis allowed for comparisons over time to determine any changes in firefighter mortality, with a depth of scrutiny not present in earlier analyses.
