These topics are especially important for ensuring the success of any asset acquisition or business combination. In these special cases, the utmost accuracy is essential. This book provides: Rules for identifying and recognizing intangible assets in business combinations and asset acquisitions Guidance on the accurate valuation and carrying amount calculation of acquired and self-created intangibles Tips for overcoming the challenges unique to intangible assets, including impairment testing Clear instructions for disclosing intangible assets, goodwill, and amortization expenses Accounting for Goodwill and Other Intangible Assets is an indispensable reference for valuation students and specialists. Ervin L. Black and Mark L. Zyla provide thorough instructions for understanding, accounting for, and reporting this challenging asset class.
