Random Acts of Kindness Lisa Verge

Higgins,2014-03-25 Claire Petrenko always knew it was coming. Breast cancer has already claimed both her mother and her younger sister. Now, as she cobbles the pieces of her life back together, the devastating family legacy returns, and Claire receives the same diagnosis. So when her old friend Jenna Hogan suddenly shows up at her door-like a fairy godmother offering to grant a wish-Claire seizes the chance to revisit her past . . . and salvage her future. What begins as an impulsive trip soon becomes an odyssey as the women cross the country, gathering friends as they make their way to their childhood home of Pine Lake. There, they discover that Jenna's random act of kindness has rippled out into the world like a stone dropped into a pond, surging back to transform all their lives in ways they never expected.

Semantic Web Science and Real-World Applications

Lytras, Miltiadis D.,Aljohani, Naif,Damiani, Ernesto,Chui, Kwok Tai,2018-10-26 Continual advancements in web technology have highlighted the need for formatted systems that computers can utilize to easily read and sift through the hundreds of thousands of data points across the internet. Therefore, having the most relevant data in the least amount of time to optimize the productivity of users becomes a priority. Semantic Web Science and Real-World Applications provides emerging research exploring the theoretical and practical aspects of semantic web science and real-world applications within the area of big data. Featuring coverage on a broad range of topics such as artificial intelligence, social media monitoring, and microblogging recommendation systems, this book is ideally designed for IT consultants, academics, professionals, and researchers of web science seeking the

current developments, requirements and standards, and technology spaces presented across academia and industries.

Spam Finn Brunton, 2015-01-30 What spam is, how it works, and how it has shaped online communities and the Internet itself. The vast majority of all email sent every day is spam, a variety of idiosyncratically spelled requests to provide account information, invitations to spend money on dubious products, and pleas to send cash overseas. Most of it is caught by filters before ever reaching an in-box. Where does it come from? As Finn Brunton explains in *Spam*, it is produced and shaped by many different populations around the world: programmers, con artists, bots and their botmasters, pharmaceutical merchants, marketers, identity thieves, crooked bankers and their victims, cops, lawyers, network security professionals, vigilantes, and hackers. Every time we go online, we participate in the system of spam, with choices, refusals, and purchases the consequences of which we may not understand. This is a book about what spam is, how it works, and what it means. Brunton provides a cultural history that stretches from pranks on early computer networks to the construction of a global criminal infrastructure. The history of spam, Brunton shows us, is a shadow history of the Internet itself, with spam emerging as the mirror image of the online communities it targets. Brunton traces spam through three epochs: the 1970s to 1995, and the early, noncommercial computer networks that became the Internet; 1995 to 2003, with the dot-com boom, the rise of spam's entrepreneurs, and the first efforts at regulating spam; and 2003 to the present, with the war of algorithms—spam versus anti-spam. *Spam* shows us how technologies, from email to search engines, are transformed by unintended consequences and adaptations, and how online

communities develop and invent governance for themselves.

Random stories and musings from a Data Scientist discussing everyday things and insights during a time of a Pandemic set at Manila, Philippines.

Live Free or Die, Second Edition John

Ringo,2023-07-04 WILL THE PEOPLE OF EARTH BOW DOWN TO ALIEN OVERLORDS—OR WILL THEY FIGHT BACK? First Contact Was Friendly When aliens trundled a gate to other worlds into the Solar System, the world reacted with awe, hope, and fear. The first aliens to come through, the Glatun, turned out to be peaceful traders, and the world breathed a sigh of relief. Who Controls the Orbitals, Controls the World When the Horvath came through, they announced their ownership of us by dropping rocks on three cities and gutting them. Since then, they've held Terra as their own personal fiefdom. With their control of the orbitals, there's no way to win and Earth's governments have accepted the status quo. Live Free or Die To free the world from the grip of the Horvath is going to take an unlikely hero. A hero unwilling to back down to alien or human governments, unwilling to live in slavery, and with enough hubris, if not stature, to think he can win. Fortunately, there's Tyler Vernon. And he has bigger plans than just getting rid of the Horvath. The Troy Rising series is a story in three parts—Live Free or Die being the first part—detailing the freeing of Earth from alien conquerors, the first steps into space using off-world technologies and the creation of Troy, a thousand-trillion-ton battle station designed to secure the Solar System. At the publisher's request, this title is sold without DRM (Digital Rights

Management). About John Ringo: "Ringo is sure to satisfy the most demanding action junkie." —Publishers Weekly "[Ringo's work is] peopled with three-dimensional characters and spiced with personal drama as well as tactical finesse." —Library Journal

Jurus dahsyat membuat Ringtone Sendiri ,

Ashlords Scott Reintgen, 2021-02-16 A page-turning inferno of a book. -- Stephanie Garber Red Rising meets The Scorpio Races in this epic fantasy following three phoenix horse riders--skilled at alchemy--who must compete at The Races--the modern spectacle that has replaced warfare within their empire. Every year since the Ashlords were gifted phoenix horses by their gods, they've raced them. First into battle, then on great hunts, and finally for the pure sport of seeing who rode the fastest. Centuries of blood and fire carved their competition into a more modern spectacle: The Races. Over the course of a multi-day event, elite riders from clashing cultures vie to be crowned champion. But the modern version of the sport requires more than good riding. Competitors must be skilled at creating and controlling phoenix horses made of ash and alchemy, which are summoned back to life each sunrise with uniquely crafted powers to cover impossible distances and challenges before bursting into flames at sunset. But good alchemy only matters if a rider knows how to defend their phoenix horse at night. Murder is outlawed, but breaking bones and poisoning ashes? That's all legal and encouraged. In this year's Races, eleven riders will compete, but three of them have more to lose than the rest--a champion's daughter, a scholarship entrant, and a revolutionary's son. Who will attain their own dream of glory? Or will they all flame out in defeat?

Droids Made Simple Martin Trautschold, Gary Mazo, MSL Made Simple Learning, Marziah

Karch,2011-08-19 If you have a Droid series smartphone—Droid, Droid X, Droid 2, or Droid 2 Global—and are eager to get the most out of your device, *Droids Made Simple* is perfect for you. Authors Martin Trautschold, Gary Mazo and Marziah Karch guide you through all of the features, tips, and tricks using their proven combination of clear instructions and detailed visuals. With hundreds of annotated screenshots and step-by-step directions, *Droids Made Simple* will transform you into a Droid expert, improving your productivity, and most importantly, helping you take advantage of all of the cool features that come with these powerful smartphones.

The Little Black Book of Scams Industry

Canada,Competition Bureau Canada,2014-03-10 The Canadian edition of *The Little Black Book of Scams* is a compact and easy to use reference guide filled with information Canadians can use to protect themselves against a variety of common scams. It debunks common myths about scams, provides contact information for reporting a scam to the correct authority, and offers a step-by-step guide for scam victims to reduce their losses and avoid becoming repeat victims. Consumers and businesses can consult *The Little Black Book of Scams* to avoid falling victim to social media and mobile phone scams, fake charities and lotteries, dating and romance scams, and many other schemes used to defraud Canadians of their money and personal information.

Scot & Soda Catriona McPherson,2019-04-08 Winner of the 2020 Lefty Award for Best Humorous Mystery Scottish-born California transplant Lexy Campbell sails into trouble when her houseboat party ends on a deadly note. Now settled in her little houseboat, moored in the slough at the back of the Last Ditch Motel, Lexy Campbell wants nothing more than to build her counseling business,

avoid her mother's phone calls and—who knows?—meet a nice guy. But when she throws a Halloween party for her motley crew of motel pals, the only single man is too old for her, too wrapped up in the case of beer chilling in the slough, and—oh, yes—too dead. The sensible choice is to leave it up to the cops to identify the body and catch the killer. So faster than you can say Tam O'Shanter, Lexy and her friends jump into the case themselves, delving deep into their town's past for the roots of a mystifying crime. Praise for Scot & Soda Peppered with clever red herrings, the mystery gleefully revels in the absurd, but it's Lexy's friendships with the Last Ditch's unusual residents that give this series its big heart. Those who enjoy the Stephanie Plum mysteries will find plenty to like.—Publishers Weekly Praise for Scot Free, Book 1 of the Last Ditch Mystery Series: A 2019 Lefty Award Nominee [McPherson's] character-driven romp is sparked by the larger-than-life, quirky residents of the Last Ditch Motel, putting this laugh-out-loud whodunit on a par with the early Janet Evanovich.—Library Journal (starred review) McPherson, a master of creepy psychological mysteries, shows an utterly different side of herself in this zany series kickoff.—Kirkus Reviews McPherson gives the fish-out-of-water theme a hilarious and original spin with Lexy Campbell, a Scottish therapist who falls for and marries a sexy California dentist who turns out to be more horndog than hero. Throw in a sweet old lady accused of blowing up her pyrotechnic husband and a hilariously bumbling supporting cast, and you have the perfect comic caper. Lexy is my new favorite unwitting detective and her cultural observations and mistakes are laugh-out-loud funny. Scot Free is a little sexy and a lot funny, with a heart and a bang.—Jess Lourey, Anthony and Lefty-nominated author The only times I stopped turning the

pages were when I was laughing so hard it took both hands just to hold the book. McPherson is an ace plotter, a vivid, original stylist, and great company. A great beginning to a new series.—Timothy Hallinan, author of the Junior Bender series Everyone who knows me knows that I don't throw the word 'hoot' around lightly. So if I were to say that Catriona McPherson's new novel was a hoot, believe me, I would mean it. Filled with an entertaining cast of eccentric characters, Scot Free is a funny and original mystery. Quite frankly, it's a hoot. There, I said it.—Johnny Shaw, author of Big Maria and Imperial Valley Lexy's snide observations about the California lifestyle can't cover up her affection for her friends, who are as warm-hearted as they are weird. Readers will look forward to Lexy's further adventures.—Publishers Weekly McPherson, who has earned acclaim for her dark thrillers and Dandy Gilver period cozies, blends jaunty pacing, a comically rendered Southern California setting, and quirky characters in this series starter. A sure bet for fans of Janet Evanovich and Sarah Strohmeyer.—Booklist

The Law of Electronic Commerce Jane K.

Winn, Benjamin Wright, 2000-01-01 Annotation New edition of a study of the law of electronic commerce, which requires the simultaneous management of business, technology and legal issues. Winn (law, Southern Methodist U.) and Wright (a business lawyer in Dallas) present 21 chapters that discuss introductory material such as business and technologies of e-commerce, getting online, jurisdiction and choice of law issues, and electronic commerce and law practice; contracting; electronic payments and lending; intellectual property rights and rights in data; regulation of e-business markets; and business administration. Presented in a three-ring binder. Annotation c. Book News, Inc., Portland, OR

ELLEgirl ,2005-05 ELLEgirl, the international style bible for girls who dare to be different, is published by Hachette Filipacchi Media U.S., Inc., and is accessible on the web at ellegirl.elle.com/. ELLEgirl provides young women with insider information on fashion, beauty, service and pop culture in a voice that, while maintaining authority on the subject, includes and amuses them.

U.S. Government Research Reports ,1964

Ask a Manager Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her

advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Ide Usaha: Bermodal Komputer & Internet Indonesia. Departemen Koperasi. Inspektorat Jenderal, 2010

The Hero Next Door Olugbemisola Rhuday-Perkovich, 2021-01-05 From *We Need Diverse Books*, the organization behind *Flying Lessons & Other Stories*, comes another middle-grade short-story collection--this one focused on exploring acts of bravery--featuring some of the best own-voices children's authors, including R. J. Palacio (*Wonder*), Rita Williams-Garcia (*One Crazy Summer*), Linda Sue Park (*A Long Walk to Water*), and many more. Not all heroes wear capes. Some heroes teach martial arts. Others talk to ghosts. A few are inventors or soccer players. They're also sisters, neighbors, and friends. Because heroes come in many shapes and sizes. But they all have one thing in common: they make the world a better place. Published in partnership with *We Need Diverse Books*, this vibrant anthology features thirteen acclaimed authors whose powerful and diverse voices show how small acts of kindness can save the day. So pay attention, because a hero could be right beside you. Or maybe the hero is you.

AUTHORS INCLUDE: William Alexander, Joseph Bruchac, Lamar Giles, Mike Jung, Hena Khan, Juana Medina, Ellen Oh, R. J. Palacio, Linda Sue Park and Anna Dobbin, Cynthia Leitich Smith, Ronald L. Smith, Rita Williams-Garcia, and short-story contest winner Suma Subramaniam “As with the two previous anthologies from We Need Diverse Books, this collection admirably succeeds in making available to all readers a wider and more representative range of American voices and protagonists.” —The Washington Post

Don't Be Needy Be Succeedy L. Vaughan

Spencer, Neil Mullarkey, 2011-05-26 L. Vaughan Spencer studied the Philosophy of Table Tennis and Anti-Social French at the University of the Isle of Wight and gained his MBA at the Jimmy Connors Institute in San Diego over the course of a weekend. Aside from holding motivational workshops in Watford, he also writes books; previous works include Chicken Nuggets for the Soul, Who Grated My Cheese? and What they don't teach you at Harvard Nursery School. All of his work is based on rigorous analysis - apart from when it's easier not to. In a hilarious - and surprisingly useful - satire of the corporate self-improvement industry the satirical character L. Vaughan Spencer finally puts his wisdom into book form. This ultra-observant how-not-to guide, on everything from clothes and hairstyles to spellology and 720 degree feedback, is based on a successful stage show that won the Edinburgh Fringe Report Award for Best Satire of 2002 and has toured to theatres and corporate conferences across the world.
