W. James Dickinson

Raptor James Macdonald Lockhart,2017-04-07 As evidenced by the incredible success of Helen MacDonald's *H is for Hawk*, and the legions of fans of *Pale Male*, the incredible red-tailed hawk of 5th avenue, we are full of rapture for raptors. James Macdonald Lockhart, is among the many who have sought out these incredible birds, and in this lyrical work of natural history he seeks out 15 different raptors, in 15 different landscapes across England: a journey in search of raptors, a journey through the birds and into their worlds. Raptors are by nature scarce and extremely elusive. Of Pandionidae (osprey), Accipitridae (broad-winged harrier, eagle, buzzard, red kite) and Falconidae (peregrine, sparrowhawk etc.) only widespread buzzards, kestrels and kites are easily seen. Lockhart follows loosely the trail of 19th-century Scottish naturalist and artist William MacGillivray (1796-1852), As Philip Hoare wrote of it, James MacDonald Lockhart puts the rapture back in the raptor. This is in-the-moment writing, raw in beak and claw. With its gorgeously felt sense of life and place, *Raptor* rips at its words, turning them into exquisite portraits of the utter wild, shaping soaring, obsessive beauty out of the British landscape and its imperial birds

Raptor Apocalypse Steve Yeager,2012-11-19 A. J. Jesse Prieo, a small town Deputy Sheriff, led a life of comfort with a loving family by his side. All that changed in an instant when genetically engineered creatures were set loose on an unsuspecting world. The creatures, terrifyingly similar to velociraptors, were cynically designed to remove humanity's surplus numbers. The situation soon spiraled out of control, and these 'Raptors' quickly became the new apex predator. In this lawless new world 'Justice' has become a forgotten term. Small pockets of civilization remain, but they are few and far between. Most are run by those ruthless enough and mad enough to claw their way to the top. Jesse Prieo still holds on to a personal code. He is not a ruthless man. He is not interested in gaining power. But he will do whatever it takes to lay his ghosts to rest and bring justice to the world. Helped by Cory Melkin, a former radical; Evelyn Phelps, a woman of many hidden talents; and Kate, a lost child who knows more than she is saying, Jesse must survive long enough to uncover the dark secrets that led to *The Raptor Apocalypse* and prevent the extinction of the human race. *The Raptor Apocalypse* is the first book in *The Raptor Apocalypse* series and contains mature themes and violence.

Raptor Paul Zindel,2012-10-06 Out in the mountains, Zack discovers a fossilised dinosaur egg. A once in a lifetime discovery - this could make a fortune! Zack takes it home to keep it safe. Only the egg isn't fossilised - it's hatching ...And there's an angry mother dinosaur on the loose who wants her baby back ...

A Layman's Challenge to the Rapture Theory Peter Bellone,2022-01-12 Christian doctrine teaches that one day in the unforeseen future, Jesus Christ is going to appear in the clouds above the earth; and with a shout, he is going to rapture (catch up) all Christians! Then in a moment, they are going to rise and join Jesus in the air, and then be taken to heaven, where they will forever be with the Lord. This English word rapture is a translation of the Latin word *Rapiemur*, which also is a substitute for the Greek word *harpazo*, which means to be caught up which is taken from Paul's letter to the Thessalonians, referring to the fact that Jesus is going to 'catch up' all Christians living and dead! It is also possible that the use of the term Rapture in describing this event, was used, because in the English language, Rapture means an intense feeling of pleasure or joy! This Rapture theory was first championed in the early 1800s by a Protestant clergyman by the name of John Darby, who was recovering from an illness. And while studying his Bible, came upon the realization that Jesus was going to first come for his saints, take them to heaven, and then, sometime later, Jesus was going to return to earth, defeat Satan, and then the end of the world was going to come about! It is this theory that has been taught to Christian church goers throughout the ensuing years. And with this rapture, there is a secondary teaching that when Jesus comes for his people, there will be many airplanes, trains, and automobiles that will be driver/pilot-less and will go crashing to the ground, killing untold millions all over the globe. It is with this information in mind that we explore the truth of this Rapture theory and if what John Darby taught is true or not. We will

look at all the relevant scriptures pertaining to this theory, which then brings us to look at God's seven annual holy days. Why, because these days reflect the plan of God for the redemption of all mankind and points us toward this day of rapture! Therefore, the object of this book is not to titillate you about Jesus' secret coming as others have done, nor to scare you if you were to be left behind! No, the purpose of this book is to teach you the truth of what really happens when this day finally arrives! In addition, it is important to understand what exactly is salvation, and this rapture theory definitely pertains to your salvation! Therefore, you deserve to know the truth because everything else takes you away from God, and it is the truth that will set you free! --Peter

Rapture Nick Nurse,2020-06-30 In the tradition of Phil Jackson's Eleven Rings, Nick Nurse distills the wisdom, insight, and experiences that helped him carry the Raptor's to the NBA championship in his first year as head coach. As a rookie head coach leading a franchise that, though on a steady climb upwards, had largely been dismissed by the sports media, NBA fans had low expectations for Nick Nurse and his Toronto Raptors. But what those naysayers didn't realize was that Nurse had spent the past thirty years proving himself at every level of the game, from youth programs and college ball, to the NBA G League and Britain's upstart amateur circuit. While few coaches have taken such a circuitous path to the pro basketball's promise land, the journey-which began at Carroll Keumper High in rural Iowa-forged a coach who proved to be as unshakable as he is personable. On the road, he is now known to bring his guitar for late-night Cash and Dylan sessions. In the locker room, he's steadfast and even-keeled regardless of the score. On the court, he pulls out old school, underrated plays with astounding success. A rookie in name but a veteran in attitude, Nurse is seemingly above the chaos of the game and, with only 82 contests on his resumé-has established, incredibly, as one of the NBA's most promising head coaches. Now, in this revealing new book - which will be equal parts personal memoir, leadership manifesto, and philosophical meditation - Nurse tells his own incredibly story, while also whisking readers inside the Raptor's locker room and coach's office for an intimate study of the team culture he has built and promises to substation. As much for readers of Ray Dalio as for fans of John Wooden and Pat Summit, the result promises to become necessary for anyone looking to forge their own path to success.

Faith has spent the past eight years as a scientist locked in an alien research lab. When she finally manages to escape and finds out what the aliens are doing with her work, she is appalled and determined to stop their plans. The alien spaceship captain who unknowingly assisted her escape is going to help her shut down the lab - whether he wants to or not. And she's not going to let his massive body or the kind heart hidden behind his gruff facade distract her. Captain Athtar finally has his life exactly the way he wants it - he has his ship, his crew, and his freedom. No mouthy little human is going to interfere with any of that, no matter how much she tempts him or how much his instincts demand that he claim her. If only he weren't as tempted as much by her brilliant mind as by her luscious body. Can Faith and Athtar fight their overwhelming attraction long enough to defeat the evil scientists and stay ahead of the Imperial Fleet? And when the battle is over, can there be a future for the two of them? Each book in the Alien Abduction series features a different couple and can be enjoyed as a standalone romance. The Pretrib Rapture Paula Martin,2008-03 Jesus told His disciples (that includes us) to Watch for His return (Matt. 24:42) The rapture is a subject of much controversy. Since scholars cannot agree on the timing of the rapture, how can we know what to believe? ? Is the rapture pie in the sky theology? ? This book does not tread a well-worn path. The Bible has more to say about the rapture than has been previously realized. ? This oft-surprising, ground-breaking book reveals the choreographed, pretrib answer from none other than Jesus Himself. While we in the church have been arguing amongst ourselves about the timing of the rapture, some no longer look for it. Others rip the spirit from the imminent return of the Lord, teaching that He only returns at the end of human history. The Pretrib Rapture Choreographed in the Gospels can resolve doubt, bring back hope, and instill confidence in the pretrib rapture. Paula is a penetrating thinker. What she has put together here is biblically based, well written and thought provoking. It's enlightening and well worth reading. Dr. David R. Reagan, Prophecy Teacher Founder of Lamb & Lion Ministries Host of Christ in Prophecy TV Program As her pastor for many years, I know Paula has a great passion for the Lord's return. She has studied the Olivet Discourse for over 30 years. In this work, she respectfully challenges assumptions associated with it as she has challenged her own assumptions concerning it. The fresh insights she presents will have us all doing our homework. Jerry McAnulty, Senior Pastor Calvary Chapel, Rivergate Paula Martin, married to Allen for 47 years, is the mother of four, grandmother of 13. She graduated from Rancho Santiago College with Honors, and Department Honors in Journalism. She is the author of The Simplicity of Faith.

Night of the Raptors W. James Dickinson,2017-12-09 NIGHT of the RAPTORS: Every fifteen years on Mandeler's planet there are great black winged creatures, the Raptors, which come in the night to kill and take people away to their distant lair. On his sixteenth birthday, Mandeler is gifted with a remarkable green stone, but it also coincides with the return of the Great Raptors. Driven by his tormented dreams of flying with the Raptors, he sets out through rugged country, on a quest to warn others of the advancing attacks. Mandeler is accompanied on his journey by one of the planet's strange creatures, a denzel named Alheeza. While they make their way from one settlement to another, he meets the street-smart Gwenelle. The three of them soon learn that their very survival depends on their ingenuity and trust. Each night Mandeler is tortured by his dreams of the deadly Raptors, often coinciding with real attacks from above. Their only choice seems to be finding the mythical olive raptors in the vain hope that somehow their combined efforts will be a match for the worst danger of all, the Great Raptor Queen and her deadly hunters.
