Whether he plays a poor man, a wise-cracking sportswriter, the father of the bride, or the defender of a great cause, in the end, Spencer Tracy truly is the heroic Santiago from Hemingway's *Old Man and the Sea*, courageously battling the sharks that would tear apart his dignity and life's

work. No other actor had his gift. - Upton Bell, New England radio and television talk show host whose mother, Broadway actress and comedienne Frances Bell, starred with Eddie Cantor in Whoopee! and the Ziegfeld Follies of 1928, in the early talkie Night Work, and in one of the first experimental television broadcasts in New York City with Gertrude Lawrence and Lionel Atwill. She was a great admirer of Tracy when he was on the New York stage.

North of Dixie Mark Speltz, 2016-11-01 The history of the civil rights movement is commonly illustrated with well-known photographs from Birmingham, Montgomery, and Selma—leaving the visual story of the movement outside the South remaining to be told. In *North of Dixie*, historian Mark Speltz shines a light past the most iconic photographs of the era to focus on images of everyday activists who fought campaigns against segregation, police brutality, and job discrimination in Chicago, Detroit, Los Angeles, Philadelphia, and many other cities. With images by photojournalists, artists, and activists, including Bob Adelman, Charles Brittin, Diana Davies, Leonard Freed, Gordon Parks, and Art Shay, *North of Dixie* offers a broader and more complex view of the American civil rights movement than is usually presented by the media. *North of Dixie* also considers the camera as a tool that served both those in support of the movement and against it. Photographs inspired activists, galvanized public support, and implored local and national politicians to act, but they also provided means of surveillance and repression that were used against movement participants. *North of Dixie* brings to light numerous lesser-known images and illuminates the story of the civil rights movement in the American North and West.

To Boldly Go Gerald Gurian, 2021-09-20 This volume presents over 300 rare, behind-the-

scenes images - many in full, vivid color - from the making of the first season and pilot episodes of the original, legendary Star Trek television series (NBC, 1966 - 1969) which starred William Shatner and Leonard Nimoy. All of the photographs shown in this edition come from the author's personal collection, which is over four decades in the making and consists of thousands of rare NBC publicity shots, candid still photos/negatives taken on the Original Series sets, and rare Lincoln Enterprises film clips (the unused pieces of printed footage, called the trims and outtakes, that were left over after the Desilu Studios film editors assembled the desirable footage into the finished master versions of the Star Trek episodes). The unused film clips were then discarded by the studio and sold to fans by Gene Roddenberry's company while the show was still in production. Many of these rare photos were featured in black-and-white format in the Saturn award winning three book series *These Are The Voyages: TOS* by Marc Cushman (Jacobs/Brown Press, 2013 - 2015); and now they are displayed - the majority in color - alongside a wealth of additional imagery. The author has personally digitally restored all of the rare photos in this edition, and has paid careful attention to recreating the bold and vivid colors that were present in the original broadcasts of the episodes. On a few occasions, the knowledge gained by the appearance of screen used TOS memorabilia at auction - such as the recent 2013 sale by Julien's Auctions in Los Angeles of Captain Kirk's Laser Rifle from the second pilot *Where No Man Has Gone Before*, or the 2010 sale of the Balok puppet head from *The Corbomite Maneuver* by the California auction house Profiles In History - has enabled the vintage imagery to be enhanced with real world, historically accurate colors. And the author has even, for the first time ever to his knowledge, colorized several black and white candid and

publicity photos as some special additions to the contents of this volume. So, it is believed that readers will enjoy some of the finest, historically accurate rare Star Trek photo restorations ever produced; featuring what are likely many entertaining images that they have never seen before. The rare pictures in this collection are all accompanied by informative descriptions, on occasion quite extensive, about the filming of the related scene. All told, this volume represents an entertaining and unique photographic history of the making of the first season of TOS.

Killers of the Flower Moon David Grann, 2018-04-03 #1 NEW YORK TIMES BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Wager* and *The Lost City of Z*, "one of the preeminent adventure and true-crime writers working today.—New York Magazine • NATIONAL BOOK AWARD FINALIST • NOW A MARTIN SCORSESE PICTURE "A shocking whodunit...What more could fans of true-crime thrillers ask?"—USA Today "A masterful work of literary journalism crafted with the urgency of a mystery." —The Boston Globe In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one,

the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Rare Flesh David E. Armstrong, Clive Barker, 2003 In the dark recesses of the human imagination lies an erotic potential that is rarely explored. *Rare Flesh* dares to venture into this taboo territory, pairing Armstrong's stunning male nudes with provocative poetry and prose by Clive Barker. Fans of Barker's best-selling novels and films—from *Weaveworld* to *Hellraiser*—are already familiar with his unique brand of eroticism, and they will be eager to see it brought to life visually for the first time here. Distinguished from other male nude photography books, *Rare Flesh* presents a series of photo essays that each explores a different fantasy scenario that could have sprung from a Barker novel. Dozens of models of varying body types and backgrounds were chosen, and each was encouraged to act out his own personal dreamscape, working with the photographer. The images, fashioned with the latest digital technology, often play with the viewer's perceptions, as many of the models are covered entirely in black body paint or shot against solid-color backgrounds. The results transform the body and tease the viewer, showing us the male form as we've never seen it before. This dynamic work is an intensely collaborative effort between Armstrong and Barker, who are life-partners, as the text delves into themes of love, betrayal, loneliness, and redemption.
