Joint Urban Operations Joint Chiefs Of Staff, Office of the Secretary of Defense, U. S. Department of Defense, 2013-11 This publication has been prepared under the direction of the Chairman of the Joint Chiefs of Staff (CJCS). It sets forth joint doctrine to govern the activities and performance of the Armed Forces of the United States in joint operations and provides the doctrinal basis for interagency coordination and for US military involvement in multinational operations. It provides military guidance for the exercise of authority by combatant commanders and other joint force commanders (JFCs) and prescribes joint doctrine for operations, education, and training. It provides military guidance for use by the Armed Forces in preparing their appropriate plans. It is not the intent of this publication to restrict the authority of the JFC from organizing the force and executing the mission in a manner the JFC deems most appropriate to ensure unity of effort in the accomplishment of the overall objective.

Images as Data for Social Science Research Nora Webb Williams, Andreu Casas, John D. Wilkerson, 2020-08-13 Images play a crucial role in shaping and reflecting political life. Digitization has vastly increased the presence of such images in daily life, creating valuable new research opportunities for social scientists. We show how recent innovations in computer vision methods can substantially lower the costs of using images as data. We introduce readers to the deep learning algorithms commonly used for object recognition, facial recognition, and visual sentiment analysis. We then provide guidance and specific instructions for scholars interested in using these methods in their own research.

Endocrine Conditions in Pediatrics Takara Stanley, Madhusmita Misra, 2020-09-25
This book is aimed at primary care providers who care for the pediatric age group (general pediatrician, the PCP working with pediatric patients, and family medicine providers) with the goal of covering the endocrine differential diagnosis of common signs and symptoms of possible endocrine disease as well as appropriate initial laboratory evaluation and interpretation. While multiple pediatric endocrine textbooks exist, most of them are heavy in coverage of physiology and rare diseases, with less discussion of practical steps in evaluation and diagnosis. This book distinguishes itself through a very practical approach. The first section is organized by presenting signs and symptoms, the second section is organized by laboratory interpretation, and the third section provides summaries of common pediatric endocrine disorders. Chapters are concise, providing critical clinical information including clinical pearls, common diagnoses and important points in patient counseling. Written by experts in the field, *Endocrine Conditions in Pediatrics* is a valuable resource that provides general pediatricians and other primary care providers with all of the information they need to provide superb patient care before

transferring to a pediatric endocrinologist when necessary.

The Thirteenth Turn Jack Shuler, 2014-08-26 The story of a rope, a symbol, and rough justice in America. The hangman's knot is a simple thing to tie, just a rope carefully coiled around itself up to thirteen times. But in those thirteen turns lie a powerful symbol, one that is all too deeply connected to America's past—and present. The last man to be hanged in the United States was Billy Bailey, who was executed in Delaware in 1996 for committing a double murder. Even today, hanging is still legal, in certain situations, in New Hampshire and Washington. And the noose remains a potent cultural symbol. An incident in Jena, Louisiana, in 2006, in which nooses were used to menace black students, made national news. Yet little has changed: according to author Jack Shuler, there have been nearly 100 “noose incidents” just in the last two years. *The Thirteenth Turn* unravels these stories, from Judas Iscariot, perhaps the most infamous hanged man, to the killing of Perry Smith and Richard Hickock, the murderers at the heart of Truman Capote's *In Cold Blood*, and beyond. In his travels across America, Shuler traces the evolution of this dark practice. As he investigates the death of John Brown, or the 1930 lynching that inspired the song “Strange Fruit,” he finds that the very places that perpetrated these acts now seek to forget them. Shuler's account is a kind of shadow history of America: a reminder that vigilantes and hangmen play a crucial role in our national story. *The Thirteenth Turn* is a courageous and searching book that reminds us where we come from, and what is lost if we forget.

Salad Daze Wayne Hussey,2023-04-20 Best known as the divisive but iconic frontman of The Mission and a poster boy for the-then fledgling gothic scene of the 80s, Wayne Hussey has been making music since he was inspired to pick up a guitar by his childhood hero, Marc Bolan. As he began making his name in music with The Invisible Girls, Dead Or Alive and The Sisters Of Mercy, Wayne was at first seduced and then ultimately corrupted, swapping the repression of his religious upbringing for its polar opposite: a lifestyle of total hedonism. From his early days raised as a Mormon to being schooled in gender bending by Pete Burns, from his move to Liverpool in the late Seventies to his remaining fanaticism with Liverpool FC, Salad Daze is an all-encompassing account of Wayne's personal and musical journey up until the formation of The Mission. Salad Daze is an unflinchingly honest portrayal of the peaks and pitfalls of a life in the music industry, told with plenty of Wayne's wit and charm qualities that helped him survive his own unrestrained ambitions to still be making music today.

The Desert War James Holland,2018-07-12 Part of the ALL-NEW LADYBIRD EXPERT SERIES. _____ Why was North Africa such a key component in Britain's success over Mussolini and his Italian Army? How did they blunt Italy's actions? What challenges did they face? And what new technologies were brought to bear? When fascist dictator Mussolini declared war against Britain he was taking a huge risk . . . Italy lacked natural resources, and Britain and France's wealth. He hoped to create a new Roman Empire across the Mediterranean and into Africa. And with Hitler and the Nazi's by his side he had a great chance of doing so - but what was it that stopped him? Discover the answers

and more inside James Holland's *The Desert War*, the thrilling and accessible account that explains what happened, who the key figures were and the tactics, triumphs and failures on both sides . . .

If You Can Keep It Eric Metaxas, 2017-06-06 #1 New York Times bestselling author Eric Metaxas delivers an extraordinary book that is part history and part rousing call to arms, steeped in a critical analysis of our founding fathers' original intentions for America. In 1787, when the Constitution was drafted, a woman asked Ben Franklin what the founders had given the American people. A republic, he shot back, if you can keep it. More than two centuries later, Metaxas examines what that means and how we are doing on that score. *If You Can Keep It* is at once a thrilling review of America's uniqueness—including our role as a nation of nations—and a chilling reminder that America's greatness cannot continue unless we embrace our own crucial role in living out what the founders entrusted to us. Metaxas explains that America is not a nation bounded by ethnic identity or geography, but rather by a radical and unprecedented idea, based on liberty and freedom for all. He cautions us that it's nearly past time we reconnect to that idea, or we may lose the very foundation of what made us exceptional in the first place.

Pandaemonium 1660-1886 Humphrey Jennings, 2012-10-04 Collecting texts taken from letters, diaries, literature, scientific journals and reports, *Pandæmonium* gathers a beguiling narrative as it traces the development of the machine age in Britain. Covering the years between 1660 and 1886, it offers a rich tapestry of human experience, from

eyewitness reports of the Luddite Riots and the Peterloo Massacre to more intimate accounts of child labour, Utopian communities, the desecration of the natural world, ground-breaking scientific experiments, and the coming of the railways. Humphrey Jennings, co-founder of the Mass Observation movement of the 1930s and acclaimed documentary film-maker, assembled an enthralling narrative of this key period in Britain's national consciousness. The result is a highly original artistic achievement in its own right. Thanks to the efforts of his daughter, Marie-Louise Jennings, *Pandæmonium* was originally published in 1985, and in 2012 it was the inspiration behind Danny Boyle's electrifying Opening Ceremony for the London Olympic Games. Frank Cottrell Boyce, who wrote the scenario for the ceremony, contributes a revealing new foreword for this edition.

No Roses from My Mouth: Poems from Prison Stella Nyanzi,2020-02-02 Winner, 2020 Oxfam / Novib PEN International Award for Freedom of ExpressionNyanzi is a hero. Her insistence on violating patriarchy's rules by talking explicitly about taboo subjects-be they the president's buttocks, sex, sexuality, queerness-should be studied everywhere as a masterclass in the power of refusing to obey the rules of politeness. - Mona Eltahawy, author of *The Seven Necessary Sins for Women and Girls*Through her actions, Nyanzi has shown that fighting for a free, democratic and equal Uganda does not come free. [...] Her story is one that reminds Ugandans that the struggle for freedom has never been achieved by playing to the standards of civility set by those in power. - Rosebell Kagumire, Editor,

African Feminism Stella Nyanzi was arrested on November 2, 2018 for posting a poem on Facebook that was said to cyber-harass the long-serving President of Uganda, Mr. Yoweri Museveni. She was convicted and sentenced to eighteen months in jail. At the date of publishing this poetry collection, Nyanzi remains incarcerated. She wrote all the poems in this collection during her detention. This arguably makes her the first Ugandan prison writer to publish a poetry collection written in jail while still incarcerated. The first batch of the poems was released on her 45th birthday on June 16, 2019 celebrated while she was in jail under the hashtag #45Poems4Freedom. Other poems were written after the birthday. These poems must be read not only for their beauty and the power of the poet's vision, but also for the bravery and radical intent of their writing and publishing.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in

Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Mop Rides the Waves of Life Jaimal Yogis, 2020-06-30 If only life could be like surfing! Having funny hair and being embarrassed in school is hard, but when little surfer Mop studies the lessons of the waves—breathing, letting the bad waves go by, and riding the good ones—he learns how to bring the mindfulness and joy of surfing into his whole life. Celebrated San Francisco surfer-journalist-dad Jaimal Yogis teaches 4-8 year olds timeless beach wisdom with the story of Mop, a sensitive and fun-loving kid who just wants to be in the ocean. Going to school and navigating classmates can be hard—but all that goes away when little surfer Mop paddles out in the waves. With a few tips from his clever mom, Mop studies the wisdom of the water and learns to bring it into his life on land: taking deep breaths, letting the tough waves pass, and riding the good ones all the way. With newfound awareness and courage, Mop heads back to land—and school—to surf the waves of life. With stylish full-color beachy illustrations from cover to cover.

The Politics of Party Coalitions in Africa Denis Kadima, 2006 This important book goes some way to filling that vacuum. The authors document, analyse and explain various aspects of the coalition process as it has played itself out in Kenya, Malawi, Mauritius,

Mozambique and South Africa and, in the concluding chapter, compare and draw lessons from the experiences of the five countries.
