AGING: WARNING - Navigating Life's MEDICAL, MENTAL & FINANCIAL MINEFIELDS Sharon Sebastian,2015-10-19 Make no mistake; aging in America is warfare. Families suffer, lives are lost prematurely, and incomes are under siege. - Sharon Sebastian, Author As a guerilla journalist, Sharon Sebastian has written a revealing and explosive book that is blunt, unwavering and authentic with shocking insight and information about aging in America that every reader must know. The book, AGING: WARNING - Navigating Life's Medical, Mental & Financial Minefields, is an unrelenting, take-no-prisoners exposé about the malfeasance of both government and the elder care megalopolis. When it comes to families, our aging population and our veterans, no one should attempt to maneuver through the minefields of the medical and elder care industries without being armed with this book. Sebastian warns, Families need to know what they don't know. While alerting readers to the pitfalls of aging that are being imposed by a profit-driven care industry and lax State and Federal governments, the author builds the case and the argument that once again in America's history, in regard to how we treat our own, it is time for a radical change; it is time for America to reclaim its soul. Sebastian knows that the strongest credential for conveying truth is being on the front lines. That is why, as a guerrilla journalist, she embedded herself in the elder care system from hospitals to nursing homes uncovering a system that is deeply flawed and a liability to the future of the American family. Sharon Sebastian has witnessed it, researched it, and is now sharing it as she openly warns about the perils of aging in her fight for the rights and protections of all Americans. Sebastian gives critical insider knowledge that may help families remain both sane and solvent. It is in response to the appeals of those voices, the voices of the patients and their families that insist that the truth must be told, that Sebastian wrote the book, AGING: WARNING - Navigating Life's Medical, Mental & Financial Minefields. There is no substitute for personal experience coupled with first-hand investigations as source material to give vital insight to families who need to know. The author shares personal experiences and opinions along with those of experts in a variety of fields from research science, law, medicine, care providers, veterans' care, food activists, Whistleblowers and government officials which provoke thought and discussion. Sebastian's multi-year research reveals a system that both saves lives and takes lives as the great and not-so-great practice medicine and elder care.

Navigating the News Michael K. Baranowski,2013-07-19 This is the book for anyone who aspires to the title informed citizen. It clearly explains how political news works, how the media influences readers—and how to sort through it all to be a better, smarter consumer of political news. In a perfect world, political news would be objective and fact-based. Instead, it is biased and unreliable. This engaging book was written to help readers master the media. Combining insight and humor, it exposes the bias, irrationality, bad arguments, and misleading numbers that abound in political media. It shows readers how to take advantage of available news sources, and it guides them in developing the skills needed to sort through the flood of hype and misinformation. Specifically, the book examines types of political media and why it matters whether one gets political news from television, radio, newspapers, or the Internet, including social media. It discusses the latest developments in political behavior, economics, media studies, and neuroscience to explain why the political media does what it does to systematically distort consumers' view of politics—and it looks at ways consumers tend to be irrational in choosing and interpreting news. Finally, it offers concrete suggestions that will enable readers to become more critical of what they read, see, and hear.

Navigating Alzheimer's Carolyn Cranwell, 2018-11-01 The book that carers have been waiting for... There are currently an estimated 50 million people worldwide living with dementia. It is anticipated by Alzheimer's Disease International that this number will almost double every 20 years, reaching 74.7 million in 2030 and 131.50 million in 2050. International author Carolyn Cranwell has 18 years experience as a self-taught Alzheimer's carer. This remarkably insightful book is an easy-to-read account of a carer navigating her family through her husband Richard's diagnosis of Alzheimer's when he was in his early fifties. Carolyn's thought-provoking and entertaining style of writing guides the reader gently through sensitive and confronting topics. Her first-hand knowledge and expertise will provide confidence to those wanting to help but feeling uncertain how to approach the person with Alzheimer's, the carer or the family. 'Navigating Alzheimer's' aims to break down the barriers surrounding Alzheimer's disease and make it as familiar a topic of discussion to the public as cancer, heart disease and diabetes. Compelling reading for anyone searching for inspiration, courage and resilience. You'll learn:- That Alzheimer's is the most common type of dementia and how to recognise the top 10 early warning signs- When is the right time to stop driving and travel tips for the unwary- How to maintain balance in your family life while nurturing the person with Alzheimer's independence- The importance of supporting carers to avoid carer burnout and how primary carers can release themselves from carer's guilt- Successful tips for visiting and communicating with someone who has dementia- Suggestions for respite, nursing home entry and coping with loss- How to think and act like a survivor and tips for a resilient lifestyle.

Navigating Sustainability Data Sherry Madera, 2024-01-03 With sustainability now a fundamental strategic pillar for organizations, ESG metrics are vital for decision making, yet this data is complex and ever evolving. Navigating Sustainability Data provides a focused guide for leaders and executives who want to understand how sustainability impacts a company's future and how they can use data as a key tool to facilitate growth, access to capital and meet regulatory requirements. It explores what data is required to make decisions that directly affect the company's valuation and helps leadership teams decide what data points they need to be preparing for their boards to support the organization's financial, strategic and reputational future. Showing how leaders can move from measuring data to managing future organizational risks and rewards, the book explores how to use the right data for the appropriate situation to drive efficient sustainable business decisions. It explains ESG data in plain English and highlights what data is relevant to leaders; what investors consider as essential data; and how regulation, disclosure and transparency are on a rapidly changing journey. Navigating Sustainability Data holds the information you need to avoid greenwashing, to shape your role in the sustainability landscape, and to be a leader for the future.

Navigating the Financial Universe Christeen H. Skinner, 2019 In Navigating the Financial Universe, financial astrologer Christeen Skinner, who forecasted the global financial crisis in her original work published in 2004, builds on her reputation for successful financial forecasting. She identifies periods of challenge and suggests ways in which these might be negotiated. Using her experience working with clients, entrepreneurs, traders, and investors, she acknowledges the needs and behavioral patterns of different generations - building financial confidence in the reader. Chapter topics include the following: Preparing and understanding your financial engine

Plotting your financial course with planet cycles Identifying periods when it is wise to do nothing versus optimum times to trade Assessing the provisions needed in moving forward Guidance on avoiding financial rocks and potential shipwreck Developing your investment portfolio

Navigating New Markets Abroad David M. Raddock, 2001 This book emphasizes a central factor in foreign business competition: understanding the obstacles and risks that impede new enterprises abroad. In an era of globalism, *Navigating New Markets Abroad* offers a judicious approach to corporate strategic planning and international marketing that derives from political science, sociology, psychology, and economics and is applied to the author's own experience with the reality of impact at the bottom line. In this updated second edition, macroeconomic variables and business conditions are examined along with political influences in order to evaluate the potential problems in doing business in Third World and economically disadvantaged countries. The book shows how despite the many factors that can make or break a business--ranging from terrorism and social revolution to crises involving change in leadership in the host country and the red tape that our government can produce--one can be positioned to maximize the options and determine the outcome of one's venture. Praise for previous edition: A practical and comprehensive review of the many factors businesses must consider when they approach a foreign market for trade or investment. Raddock covers the opportunities as well as the obstacles (and land mines). The book includes specific--and excellent--sample studies of the business environments of five nations, valuable in themselves, plus a description of the role of political risk insurance. It ends with a discussion of how a business should structure its coverage of these factors to produce its own business intelligence organization. The book is an important tool for any business contemplating operations abroad. --William Colby, former Director, U.S. Central Intelligence Agency A first rate discussion of the conditions business people need to consider when purchasing business opportunities outside their own country. The book does not use the business or political science jargon one usually finds in such efforts. It shows that Mr. Raddock and his contrib

Practical Navigation Dag Pike, 2015-10-04 This comprehensive and authoritative guide to practical navigation draws on the author's extensive experience of leisure cruising and ocean racing. It combines detailed directions on how to navigate along coasts, in harbours, at night and in bad weather with easy-to-understand technical information about the electronic tools involved in safe navigation, including radar, GPS, AIS and chart plotters. Key basics such as charts, buoys, lights and tides are carefully explained and illustrated with diagrams and colour photographs throughout. Practical descriptions of navigation scenarios, such as fixing a position or plotting a course, are brought to life with anecdotes and precise detail. An indispensable reference guide for anyone wishing to sail or motor a boat safely in any situation.

Battle Mind. How to Navigate in Chaos and Perform under Pressure Carsten Folke Møller, Merete Wedell-Wedellsborg, 2015-09-11 Michael Pram Rasmussen, Chairman of the Board in A.P. Møller Mærsk: From the boardroom to the bridge of a tanker, every leader must master the art of dealing with crises and emergencies. With great skill, Merete Wedell-Wedellsborg shows us that there is a method behind the art Nils Wang, Rear Admiral, Commandant at The Royal Danish Defence College: Any leader who expects to come under fire will eventually feel an urgent need to understand Battle Mind. Reach out for this thoughtful and instructive book well in advance of those critical moments. Søren Kyhl, Executive Vice President, Danske Bank: A stimulating tour through the mind on high alert. Full of useful insights on sustainable high-performance and how you can learn to bounce back from major setbacks. Jesper Kløve, Senior Vice President at Novo Nordisk A/S: Wedell-Wedellsborg has spent a lot of time studying and focusing on performance under pressure, and it shows. This is a truly well-researched book. Battle Mind is highly

informative and provides a hands-on framework and specific ideas for achieving great results. There are great cases in this book for every leader. Anne-Marie Sørderberg, Professor, Copenhagen Business School: With a solid grounding in psychology and leadership studies Merete Wedell-Wedellsborg does an exemplary job when framing the stories told with lucid concepts for dealing constructively with common management derailers. Christian Ørsted, bestselling author of *Lethal Leadership*: If you are seeking answers to one of the core mental demands of modern leadership, you need this book. It features a fascinating mix of psychology, research and case studies from the military, business and politics. A terrific read. Helena Boas, Founder and President, Bodas: Merete Wedell-Wedellsborg's fascinating account examines a critical aspect of the minds of leaders, managers, and founders of businesses worldwide. However, the mental reflexes she examines and the tools she suggests/prescribes are also more broadly applicable and invaluable for everyone across all aspects of their lives. Maria Hjorth, CEO, Mercer Denmark: To succeed in business you have to perform under pressure and it demands more than just talent. You need to perform when it counts. I believe that 'Battle Mind' is a core life skill for everyone and I can highly recommend Merete's book.

Red Alert! Daniel R. Wildcat, 2010-06-29 'What the world needs today is a good dose of Indigenous realism,' says Native American scholar..... Daniel Wildcat in this thoughtful, forward-looking treatise. The Native response to the environmental crisis facing our planet, *Red Alert!* seeks to debunk the modern myths that humankind is the center of creation and that it exerts control over the natural world. Taking a hard look at the biggest problem that we face today - the damaging way we live on this earth - Wildcat draws upon ancient Native American wisdom and nature-centered beliefs to advocate a modern strategy to combat global warming. Inspiring and insightful, *Red Alert!* is a stirring call to action.

Red Alert: Calamity Era Chi FanShuDeHongShao, 2020-08-04 The world after the nuclear war was a wasteland, and

nature was radiating with extraordinary vitality! The world was shrouded in green, and the lush woodlands had become a paradise for all living beings to hunt and evolve! The former hegemon of humanity had become the lowest level of existence in the food chain, surviving tenaciously and with great difficulty! The gears of history have begun to turn again, beginning with the Dirty Valley.

Navigating the World of Network Marketing Jack Bastide, Jack Bastide & Diane Walker, Diane Walker, 2008-07 In a former life Jack Bastide was a computer programmer toiling away in a cubicle while Diane Walker was working for a government contractor. Many years later they have created a life of their dreams but it wasn't easy. Navigating The World of Network Marketing takes you on a brilliant journey through the wild and wooly world of Multilevel Marketing (MLM). You will have a front row seat and watch vicariously as Jack and Diane overcome obstacle after obstacle throughout their voyage. Along the way you may laugh, you may cry, but you will never be bored. Not only does this book have a lot of value as pure entertainment but there are a lot of lessons to be learned as well. Any successful business person makes a lot of mistakes along the way and Jack and Diane are no different. With this book you can learn from their mistakes. Section One is a Network Marketing Novel. It tells Jack and Diane's Story as they sail through the stormy seas of MLM overcoming bad sponsors, a dishonest former partner, companies failing, incompetent company owners, crooked uplines and much more. But it's not all bad as they learned a lot and met a lot of great people along the way. Section Two is called Lessons Learned in Network Marketing, This details all they have learned throughout their journey. It gives detailed examples of what to look for and what to avoid. This Section is priceless. Section Three is called Voices in Network Marketing where you will hear from many of Jack and Diane's friends and associates in Network Marketing. Whether you are an experienced Network Marketer or looking at the Industry for the first time you will thoroughly enjoy and learn something from Navigating the World of Network Marketing.

Navigating the Spanish Lake Rainer F. Buschmann, Edward R. Slack, James B. Tueller, 2014-05-31 Navigating the Spanish Lake examines Spain's long presence in the Pacific Ocean (1521-1898) in the context of its global empire. Building on a growing body of literature on the Atlantic world and indigenous peoples in the Pacific, this pioneering book investigates the historiographical "Spanish Lake" as an artifact that unites the Pacific Rim (the Americas and Asia) and Basin (Oceania) with the Iberian Atlantic. Incorporating an impressive array of unpublished archival materials on Spain's two most important island possessions (Guam and the Philippines) and foreign policy

in the South Sea, the book brings the Pacific into the prevailing Atlanticcentric scholarship, challenging many standard interpretations. By examining Castile's cultural heritage in the Pacific through the lens of archipelagic Hispanization, the authors bring a new comparative methodology to an important field of research. The book opens with a macrohistorical perspective of the conceptual and literal Spanish Lake. The chapters that follow explore both the Iberian vision of the Pacific and indigenous counternarratives; chart the history of a Chinese mestizo regiment that emerged after Britain's occupation of Manila in 1762-1764; and examine how Chamorros responded to waves of newcomers making their way to Guam from Europe, the Americas, and Asia. An epilogue analyzes the decline of Spanish influence against a backdrop of European and American imperial ambitions and reflects on the legacies of archipelagic Hispanization into the twenty-first century. Specialists and students of Pacific studies, world history, the Spanish colonial era, maritime history, early modern Europe, and Asian studies will welcome *Navigating the Spanish Lake* as a persuasive reorientation of the Pacific in both Iberian and world history.
