**The Standout Business Plan** Vaughan Evans,Brian Tracy,2014-05-22 The Standout Business Plan is an immensely practical and readable guide that shows you how to create a business plan that not only speaks directly to investors and lenders but also makes it easy for them to say yes. At the beginning of every successful business is a well-thought-out and exceptionally prepared business plan that was written with one audience in mind--investors. However, too many budding entrepreneurs have written their business's bible with a focus on details most important to managers or employees or even themselves, completely avoiding the questions most crucial to those who determine the fate of the business's genesis...its potential backers. Renowned leadership expert Brian Tracy and business strategy consultant Vaughan Evans share case studies and examples of both what to do and what not to do when developing a plan for your business. In The Standout Business Plan, Tracy and Evans reveal how to: Include the vital information backers need, while leaving out extraneous fillers that gets in the way Address key factors such as market demand, competition, and strategy Spell out the essence of your business proposition Outline resources and financial forecasts Assess risk from the backer's perspective Evaluate and improve the plan to ensure its success Your business plan is too important to not get exactly right from the beginning. With the easy-to-follow guidance in The Standout Business Plan, now anyone can present a clear, concise, and convincing case that will win them the funding they need to succeed.

*The Big Jump* Travis Pastrana,Alyssa Roenigk,2007-08-01 Travis Pastrana, the most celebrated freestyle motocross rider in the world, knows no bounds. In 1999 he celebrated his first X Games gold by launching his bike into San Francisco Bay. Three years later, he rode straight into the Grand Canyon. On purpose. In The Big Jump: The Tao of Travis Pastrana, he makes his biggest leap yet, revealing for the first time the methods (and madness) that fuel his amazing feats. At 14 Pastrana was the youngest World Freestyle Motocross champion. At 17 he was the youngest racer ever to represent Team USA in the Motocross des Nations. Each of The Big Jump's chapters builds toward another breathtaking accomplishment, ending with the impossible double backflip during X Games 12 that brought Pastrana not just gold but certified legend status. With a foreword by Mat Hoffman, the godfather of BMX, The Big Jump is a fuel-injected ride into the mind and heart of Travis Pastrana.

*The Operators* Michael Hastings,2012-01-05 The inspiration for the Netflix original movie War Machine, starring Brad Pitt, Tilda Swinton, and Ben Kingsley From the

author of *The Last Magazine*, a shocking behind-the-scenes portrait of our military commanders, their high-stake maneuvers, and the political firestorm that shook the United States. In the shadow of the hunt for Bin Laden and the United States' involvement in the Middle East, General Stanley McChrystal, the commanding general of international and U.S. forces in Afghanistan, was living large. His loyal staff liked to call him a "rock star." During a spring 2010 trip, journalist Michael Hastings looked on as McChrystal and his staff let off steam, partying and openly bashing the Obama administration. When Hastings's article appeared in *Rolling Stone*, it set off a political firestorm: McChrystal was unceremoniously fired. In *The Operators*, Hastings picks up where his *Rolling Stone* coup ended. From patrol missions in the Afghan hinterlands to senior military advisors' late-night bull sessions to hotel bars where spies and expensive hookers participate in nation-building, Hastings presents a shocking behind-the-scenes portrait of what he fears is an unwinnable war. Written in prose that is at once eye-opening and other times uncannily conversational, readers of *No Easy Day* will take to Hastings' unyielding first-hand account of the Afghan War and its cast of players.

**Unleashed** Harding, Simon, 2012-08-29 This is the first book in the UK or US to set on record the recent cultural phenomenon of the use of certain dog breeds - both legal and illegal - to 'convey status' upon their owners. Such dogs are easily visible on social housing estates throughout the UK and in projects in the USA and provide acquired authority, respect, power and control. However they are increasingly linked to urban street gangs as 'Weapon Dogs' and present a danger to the ordinary public especially those using parks and open spaces with increased injuries being presented at UK hospitals. Though initially slow to react, local and statutory authorities are now seeking to address the issue through action plans and interventions. Written in a fresh, engaging and accessible style, this unique book contextualizes the phenomenon in terms of sociology, criminology and public policy. It considers a complex mix of urban and social deprivation, social control of public space and the influence of contemporary media imagery and 'gangsta' culture. It will make essential reading for academics and policy makers in criminology and criminal justice and those working with animal rights/animal welfare groups.

**Guns Up!** Johnnie Clark, 2011-02-02 THIS GUT-WRENCHING FIRSTHAND ACCOUNT OF THE WAR IS A CLASSIC IN THE ANNALS OF VIETNAM LITERATURE. *Guns up!* was the battle cry that sent machine gunners racing forward with their M60s to mow down the enemy, hoping that this wasn't the day they would meet their deaths. Marine Johnnie Clark heard that the life expectancy of a machine gunner in Vietnam was seven to ten seconds after a firefight began. Johnnie was only eighteen when he got there, at the height of the bloody Tet Offensive at Hue, and he quickly realized the grim statistic held a chilling truth. The Marines who fought and bled and died were ordinary men, many still teenagers, but the selfless bravery they showed day after day in a nightmarish jungle war made them true heroes. This new edition of *Guns Up!*, filled with photographs and updated information about those harrowing battles, also contains the real names of these extraordinary warriors and details of their lives after the war. The book's continuing success is a tribute to the raw courage and sacrifice of the United States Marines.

**Sierra Hotel : flying Air Force fighters in the decade after Vietnam** , 2001 In February 1999, only a few weeks before the U.S. Air Force spearheaded NATO's Allied Force air campaign against Serbia, Col. C.R. Anderegg, USAF (Ret.), visited the commander of the U.S. Air Forces in Europe. Colonel Anderegg had known Gen. John Jumper since they had served together as jet forward air controllers in Southeast Asia nearly thirty years earlier. From the vantage point of 1999, they looked back to the day in February 1970, when they first controlled a laser-guided bomb strike. In this book Anderegg takes us from glimmers of hope like that one through other major improvements in the Air Force that came between the Vietnam War and the Gulf War. Always central in Anderegg's account of those changes are the people who made them. This is a very personal book by an officer who participated in the transformation he describes so vividly. Much of his story revolves around the Fighter Weapons School at Nellis Air Force Base (AFB), Nevada, where he served two tours as an instructor pilot specializing in guided munitions.

**The Avignon Quintet** Lawrence Durrell, 2012-06-12 From the visionary author of the *Alexandria Quartet* comes a landmark five-part series hailed by the *Sunday Times* as "one of the great novels of our time." One of the most celebrated English writers ever, Lawrence Durrell was a bestselling author whose vivid metafiction pushed the boundaries of modern literature. The cosmopolitan provocateur transcended borders, ideologies, and time in his work, and he's at the height of his powers in the *Avignon Quintet*. More formally daring than the *Alexandria Quartet*, these sweeping and stylish novels set before, during, and after World War II loosely center on the race to uncover a treasure buried by the Knights Templar. Each reveals a seemingly disparate piece of the puzzle. In *Monsieur*, it's the bittersweet return to southern France by a British doctor; in *Livia*, it's two sisters driven apart by the rise of Nazism in Europe. In *Constance*, a Freudian analyst struggles for clarity in a world on fire; in *Sebastian*, she reconnects with the charismatic cult leader she knew in the deserts of Egypt. And in *Quinx*, long-buried plots reemerge as the past and future are funneled into the present. Durrell himself described the *Avignon Quintet* as a "quincunx," a series of novels "roped together like climbers on a rockface, but all independent." Together they form a powerful meditation on the search for meaning in a world of chaos and brutality.

**Quinx** Lawrence Durrell, 2012-06-12 In the final volume of a quintet, a hunt for ancient treasure in southern France lays bare the flawed philosophies that animated the Second World War. Just after World War II, a motley assortment of treasure hunters, mystics, psychoanalysts, and former Nazis race to uncover a treasure buried centuries before by the Knights Templar. Durrell displays his diabolical playfulness and immense imagination as his characters meet and become entangled, long-buried plots reemerge, and the past and future are funneled into the present action. Here the music of the *Alexandria Quintet* resolves as a symphony, and the series as a

whole emerges as a worthy and enduring entry to Durrell's distinguished career.

*One Good Dog* Susan Wilson, 2010-03-02 One Good Dog is a wonderful novel: a moving, tender, and brilliantly crafted story about two fighters—one a man, one a dog—hoping to leave the fight behind, who ultimately find their salvation in each other. Susan Wilson's clear and unflinching style is perfectly suited for her story that strips away the trappings and toys we all hide behind, and exposes our essential need to give and accept love in order to thrive.—Garth Stein, New York Times bestselling author of *The Art of Racing in the Rain* Adam March is a self-made Master of the Universe. He has it all: the beautiful wife, the high-powered job, the glittering circle of friends. But there is a price to be paid for all these trappings, and the pressure is mounting—until the day Adam makes a fatal mistake. His assistant leaves him a message with three words: your sister called. What no one knows is that Adam's sister has been missing for decades. That she represents the excruciatingly painful past he has left behind. And that her absence has secretly tormented him all these years. When his assistant brushes off his request for an explanation in favor of her more pressing personal call, Adam loses it. And all hell breaks loose. Adam is escorted from the building. He loses his job. He loses his wife. He loses the life he's worked so hard to achieve. He doesn't believe it is possible to sink any lower when he is assigned to work in a soup kitchen as a form of community service. But unbeknownst to Adam, this is where his life will intersect with Chance. Chance is a mixed breed Pit Bull. He's been born and raised to fight and seldom leaves the dirty basement where he is kept between fights. But Chance is not a victim or a monster. It is Chance's unique spirit that helps him escape and puts him in the path of Adam. What transpires is the story of one man, one dog, and how they save each other—in ways they never could have expected.
