In the Land of the Living Austin Ratner,2013-03-12 A dazzling story of fathers, sons, and brothers - bound by love, divided by history. The Aubérons are a lovably neurotic, infernally intelligent family who love and hate each other-and themselves -- in equal measure. Driven both by grief at his young mother's death and war with his distant, abusive immigrant father, patriarch Isidore almost attains the life of his dreams: he works his way through Harvard and then medical school; he marries a beautiful and even-keeled girl; in his father-in-law, he finds the father he always wanted; and he becomes a father himself. He has talent, but he also has rage, and happiness is not meant to be his for very long. Isidore's sons, Leo and Mack, haunted by the mythic, epic proportions of their father's heroics and the tragic events that marked their early lives, have alternately relied upon and disappointed one another since the day Mack was born. For Leo, who is angry at the world but angrier at himself, the burden of the past shapes his future: sexual awakening, first love, and restless attempts live up to his father's ideals. Just when Leo reaches a crossroads between potential self-destruction and new freedom, Mack invites him on a road trip from Los Angeles to Cleveland. As the brothers make their way east, and towards understanding, their battles and reconciliations illuminate the power of family to both destroy and empower-and the price and rewards of independence. Part family saga, part coming-of-age story, In the Land of the Living is a kinetic, fresh, bawdy yet earnest shot to the heart of a novel about coping with death, and figuring out how and why to live.

You Meet Such Interesting People Bess Whitehead Scott,2008-08-28 It wasn't easy in those days for a woman to get her foot in the city room door. Bess made it because she understood one of the basic principles of the newspaper business--everyone has a story. You have only to discover it and tell it well. She will tell you in this book about meeting interesting people. You will learn that there are few more interesting than Bess Scott herself.--William P. Hobby At the age of twenty-five, Bess Whitehead Scott became the first woman reporter for the city desk of the Houston Post. The year was 1915. The author's memoir of the first ninety-seven years of her life illustrates how determination, courage, hard work, and caring family and friends propelled her past enormous obstacles, including poverty and a hearing impairment. Born near Blanket, Texas, in 1890, she grew up on a small farm held together by her widowed mother and eight brothers and sisters. Scott graduated from Baylor University and taught school briefly before she persuaded the Post editors to give her a chance. Her success led to other jobs in the then-unnamed field of public relations. Then, even before the filming of the silent movie classic, Birth of a Nation, she went to the little film colony called Hollywood, to try her hand at writing scenarios. Fame and fortune kept their distance from Bess Scott, but she did encounter many individuals whose fame, or infamy, whose friendship or failures made a deep impression on her. Clark Gable and Lyndon Johnson were her friends; her best friend, Lila Danforth, was always there during rough times when her marriage failed and she had to support her two small children by double moonlighting to supplement her meager earnings as a reporter. The opportunities and rights of women, the handicapped, and single, working mothers that are today taken for granted did not exist for Bess Whitehead Scott's mother or for her. Their talents and stamina in fighting rural and urban hardships exemplify a century of women's progress and highlight the roles played by the interesting people strung along the thread of their lives.

Later Paul Lisicky,2020-03-17 A stunning portrait of community, identity, and sexuality by the critically acclaimed author of The Narrow Door When Paul Lisicky arrived in Provincetown in the early 1990s, he was leaving behind a history of family trauma to live in a place outside of time, known for its values of inclusion, acceptance, and art. In this idyllic haven, Lisicky searches for love and connection and comes into his own as he finds a sense of belonging. At the same time, the center of this community is consumed by the AIDS crisis, and the very structure of town life is being rewired out of necessity: What might this utopia look like during a time of dystopia? Later dramatizes a spectacular yet ravaged place and a unique era when more fully becoming one's self collided with the realization that ongoingness couldn't be taken for granted, and staying alive from moment to moment exacted absolute attention. Following the success of his acclaimed memoir, The Narrow Door, Lisicky fearlessly explores the body, queerness, love, illness, community, and belonging in this masterful, ingenious new book.

Coronation Chicken Nigel Barley,2014-04-27 It is 1953 in southern England, the time of the Coronation, and Jack is a small boy from the poor end of the village who is trying desperately to understand the strange people he has been born into. After the gritty, state-regulated austerity of the war, it is supposed to be a time for the celebration of cherished values and national renewal and the idea is to share the ultimate luxury food - a chicken - at a street party as a symbol of all that is eternal in the British identity. But things do not go as planned and begin to fall apart in the face of death, sex and changing reality. Coronation Chicken is a darkly comic novella that mixes personal recollection, anthropological insight and humour to give a portrait of a post-war Britain that has now vanished for ever. It is at once nostalgic and more than a little unnerving.

A Carpet Ride to Khiva Chris Aslan,Christopher Alexander,2010-07-01 The Silk Road conjures images of the exotic and the unknown. Most travellers simply pass along it. Brit Chris Alexander chose to live there. Ostensibly writing a guidebook, Alexander found life at the heart of the glittering madrassahs, mosques and minarets of the walled city of Khiva - a remote desert oasis in Uzbekistan - immensely alluring, and stayed. Immersing himself in the language and rich cultural traditions Alexander discovers a world torn between Marx and Mohammed - a place where veils and vodka, pork and polygamy freely mingle - against a backdrop of forgotten carpet designs, crumbling but magnificent Islamic architecture and scenes drawn straight from The Arabian Nights. Accompanied by a large green parrot, a ginger cat and his adoptive Uzbek family, Alexander recounts his efforts to rediscover the lost art of traditional weaving and dyeing, and the process establishing a self-sufficient carpet workshop, employing local women and disabled people to train as apprentices. A Carpet Ride to Khiva sees Alexander being stripped naked at a former Soviet youth camp, crawling through silkworm droppings in an attempt to record their life-cycle, holed up in the British Museum discovering carpet designs dormant for half a millennia, tackling a carpet-thieving mayor, distinguishing natural dyes from sacks of opium in Northern Afghanistan, bluffing his way through an impromptu version of My Heart Will Go On for national Uzbek TV and seeking sanctuary as an anti-Western riot consumed the Kabul carpet bazaar. It is an unforgettable true travel story of a journey to the heart of the unknown and the unexpected friendship one man found there.
