To Remember the Faces of the Dead Thomas Maschio,1994 As he challenges classical semiological accounts of cultural representation in this ethnography of Melanesian religious phenomenology, Thomas Maschio shows that ritual and poetic performance are about the enactment, expression, and invention of the self. Maschio demonstrates how such emotions as nostalgia, anger, sadness, and grief are creatively transformed during the course of religious performance and expression into a form of cultural memory--one that juxtaposes a pattern of cultural meaning with the emotional feeling of plenitude the Melanesian Rauto call makai. Evoked during initiation, mourning, and agricultural rites, and figuring prominently in Rauto discourse about the self, makai joins personal memory to patterned sets of images and meanings that Westerners would call culture.

Remembering and Disremembering the Dead Floris Tomasini,2017-08-01 This book is open access under a CC BY 4.0 licence. This book is a multidisciplinary work that investigates the notion of posthumous harm over time. The question what is and when is death, affects how we understand the possibility of posthumous harm and redemption. Whilst it is impossible to hurt the dead, it is possible to harm the wishes, beliefs and memories of persons that once lived. In this way, this book highlights the vulnerability of the dead, and makes connections to a historical oeuvre, to add critical value to similar concepts in history that are overlooked by most philosophers. There is a long historical view of case studies that illustrate the conceptual character of posthumous punishment; that is, dissection and gibbetting of the criminal corpse after the Murder Act (1752), and those shot at dawn during the First World War. A long historical view is also taken of posthumous harm; that is, body-snatching in the late Georgian period, and organ-snatching at Alder Hey in the 1990s.

The Brief History of the Dead Kevin Brockmeier,2006-02-14 From Kevin Brockmeier, one of this generation's most inventive young writers, comes a striking new novel about death, life, and the mysterious place in between. The City is inhabited by those who have departed Earth but are still remembered by the living. They will reside in this afterlife until they are completely forgotten. But the City is shrinking, and the residents clearing out. Some of the holdouts, like Luka Sims, who produces the City's only newspaper, are wondering what exactly is going on. Others, like Coleman Kinzler, believe it is the beginning of the end. Meanwhile, Laura Byrd is trapped in an Antarctic research station, her supplies are running low, her radio finds only static, and the power is failing. With little choice, Laura sets out across the ice to look for help, but time is running out. Kevin Brockmeier alternates these two storylines to create a lyrical and haunting story about love, loss and the power of memory.

It is an essential resource for anyone who yearns to put death in a spiritual context but is unsure how to do so--including both those who have broken with tradition and those who wish to give new meaning to the time-honored rituals of their faith. The real-life stories, examples, and practical guidelines in this book address a wide array of important issues, including the difficult decisions that survivors must make quickly when a death occurs--and the sensitive topic of family alienation, where possibilities for healing, forgiveness, and hope are explored. Objects Of The Dead Margaret Gibson,2008-09-01 What is the fate of objects after a death--a daughter's hairbrush, a father's favourite chair, an aunt's earrings, a husband's clothes? Why do some things stay and some go from our lives and memories? Objects of the Dead examines a poignant and universal experience--the death of a loved one and the often uneasy process of living with, and discarding, the objects that are left behind. How and when family property is sorted through after a death is often fraught with difficulties, regrets and disagreements. Through personal stories, literature, film and memoir Margaret Gibson reveals the power of things to bind and undo relationships. This is a remarkable reflection on grieving--of both saying goodbye and living with death.
