Kodály Today Micheal Houlahan, Philip Tacka, 2015-08-17 In this new edition of their groundbreaking Kodály Today, Mícheál Houlahan and Philip Tacka offer an expertly-researched, thorough, and -- most importantly -- practical approach to transforming curriculum goals into tangible, achievable musical objectives and effective lesson plans. Their model -- grounded in the latest research in music perception and cognition -- outlines the concrete practices behind constructing effective teaching portfolios, selecting engaging music repertoire for the classroom, and teaching musicianship skills successfully to elementary students of all degrees of proficiency. Addressing the most important questions in creating and teaching Kodály-based programs, Houlahan and Tacka write through a practical lens, presenting a clear picture of how the teaching and learning processes go hand-in-hand. Their innovative approach was designed through a close, six-year collaboration between music instructors and researchers, and offers teachers an easily-followed, step-by-step roadmap for developing students' musical understanding and metacognition skills. A comprehensive resource in the realm of elementary music education, this book is a valuable reference for all in-service music educators, music supervisors, and students and instructors in music education.

Kodály Today Mícheál Houlahan, Philip Tacka, 2015 In this new edition of their groundbreaking 'Kodály Today', Mícheál Houlahan and Philip Tacka offer an expertly-researched, thorough, and - most importantly - practical approach to transforming curriculum goals into tangible, achievable musical objectives and effective lesson plans. Their model outlines the concrete practices behind constructing effective teaching portfolios, selecting engaging music repertoire for the classroom, and teaching musicianship skills successfully to elementary students of all degrees of proficiency.

Annotation Remi H. Kalir, Antero Garcia, 2021-04-06 An introduction to annotation as a genre--a synthesis of reading, thinking, writing, and communication--and its significance in scholarship and everyday life. Annotation--the addition of a note to a text--is an everyday and social activity that provides information, shares commentary, sparks conversation, expresses power, and aids learning. It helps mediate the relationship between reading and writing. This volume in the MIT Press Essential Knowledge series offers an introduction to annotation and its literary, scholarly, civic, and everyday significance across historical and contemporary contexts. It approaches annotation as a genre--a synthesis of reading, thinking, writing, and communication--and offer examples of annotation that range from medieval rubrication and early book culture to data labeling and online reviews.

Transformed Remi Adeleke, 2019-05-14 What would it take for one young Black man not only to rise above statistics but also become a Navy SEAL, actor, entrepreneur, writer, and successful husband and father? In *Transformed*, Remi Adeleke takes you back to stories from his childhood, from living as Nigerian royalty to losing his father early in life and being stripped financially of everything by the Nigerian government. Following his father's death, he and his mother and brother relocated permanently to the Bronx where his single mother struggled to provide for the family. Statistics tell us that African American males who grow up in a single-parent household are nine times more likely to drop out of high school and twenty times more likely to end up in prison than any other demographic. While it would have been easy to believe that he could never beat those odds, Remi Adeleke refused to fall victim to that premise. Sharing his incredible journey through the struggles of his life, Remi doesn't shy away from his illegal activities as a young man that threatened to derail his future as a Navy SEAL. He shares: How perseverance transformed his life despite all odds How taking ownership of his mistakes and shortcomings led him to success His hard-earned wisdom gained over years of struggle Belief that the adversities, trials, and tribulations he went through were specific moves by God At every turn, including throughout his naval career, Adeleke found a way to overcome the odds, even when it didn't make sense. Remi Adeleke's journey of following God's voice, rising above statistics, and experiencing true personal transformation will inspire and move you.

India Migration Report 2013 S. Irudaya Rajan, 2022-01-26 This volume is an empirical assessment of an often-neglected space in migration research — social, psychological and human costs for both migrants and the families they leave behind — based on qualitative and quantitative research findings. Globally, the focus of migration research has consisted of the intersections of migration and remittances. This overemphasis on remittances obscures the contributions and sacrifices made by migrants and their families. With this backdrop in view, India Migration Report 2013 documents issues such as: • Children's negotiation of parental migration • Coping mechanisms adopted by women left behind • Utilization of social networks by the elderly during a health crisis • Demographic implications of migration • Household management and child care by spouses of migrant nurses • Lifestyle management by the elderly, who migrate with their children, in the absence of other traditional and familiar kinship structures • Transition costs involved in peasant migration • Social costs of migration in the case of emigration to the Gulf region • Broader impacts of migration on the family In addition, the book also includes articles dealing with nurses' migration, skilled mobility, informalization of labour markets, mobility of women workers, global financial crisis and return migration, remittances management and a critical assessment of bilateral mobility agreements among nations to protect Indian workers. It will be of interest to those in migration studies, sociology, law, economics, gender studies, diaspora studies, international relations and demography, apart from non-governmental organizations, policy-makers and governmental institutions working in the field of migration.
