The Vampire Armand Anne Rice,2002-10-29 See the difference, read #1 bestselling author Anne Rice in Large Print * About Large Print All Random House Large Print editions are published in a 16-point typeface In the latest installment of The Vampire Chronicles, Anne Rice summons up dazzling worlds to bring us the story of Armand - eternally young, with the face of a Botticelli angel. Armand, who first appeared in all his dark glory more than twenty years ago in the now-classic Interview with the Vampire, the first of The Vampire Chronicles, the novel that established its author worldwide as a magnificent storyteller and creator of magical realms. Now, we go with Armand across the centuries to the Kiev Rus of his boyhood - a ruined city under Mongol dominion - and to ancient Constantinople, where Tartar raiders sell him into slavery. And in a magnificent palazzo in the Venice of the Renaissance we see him emotionally and intellectually in thrall to the great vampire Marius, who masquerades among humankind as a mysterious, reclusive painter and who will bestow upon Armand the gift of vampiric blood. As the novel races to its climax, moving through scenes of luxury and elegance, of ambush, fire, and devil worship to nineteenth-century Paris and today's New Orleans, we see its eternally vulnerable and romantic hero forced to choose between his twilight immortality and the salvation of his immortal soul.

Blood and Gold Anne Rice,2001-10-16 NATIONAL BESTSELLER • The Vampire Chronicles continue as the great vampire Marius returns. The golden-haired Marius, true Child of the Millennia, once mentor to The Vampire Lestat, always and forever the conscientious foe of the Evil Doer, reveals in his own intense yet intimate voice the secrets of his two-thousand-year existence. Once a proud Senator in Imperial Rome, kidnapped and made a “blood god” by the Druids, Marius becomes the embittered protector of Akasha and Enkil, Queen and King of the vampires, in whom the core of the supernatural race resides. We follow him through his heartbreaking abandonment of the vampire Pandora. Through him we see the fall of pagan Rome to the Emperor Constantine and the horrific sack of the Eternal City itself at the hands of the Visigoths. Bravely, Marius seeks a new civilization in the midst of glittering Constantinople, only to meet with the blood drinker Eudoxia. We see him ultimately returning to his beloved Italy, where after the horrors of the Black Death, he is restored by the beauty of the Renaissance. We see him become a painter living dangerously yet happily among mortals, giving his heart to the great Botticelli, to the bewitching courtesan Bianca, and to the mysterious young apprentice Armand. Moving from Rome to Florence, Venice, and Dresden, and to the English castle of the secret scholarly order of the Talamasca, the novel reaches its dramatic finale in our own time, deep in the jungle where Marius, having told his life story, seeks some measure of justice from the oldest vampires in the world.

Blood and Gold Anne Rice,2002-10-01 Rice's Vampire Chronicles continue with the story of the vampire Marius. Once a proud senator in Rome, Marius is made a vampire and witnesses the fall of pagan Rome and the horrific scourge of the Black Death. Years later, during the Renaissance, he becomes an artist and takes on a mysterious young apprentice named Armand. But it is in the present when Marius will meet his fate.

Blood Rush Jan Verplaetse, 2020-03-16 As a young man, Jan Verplaetse saw a hare suspended from a meat hook, skinned and gutted. What struck him so forcefully at the time was not the animal itself, but the blood gently dripping from its mouth. His reaction prompted the start of a quest he undertakes in this book: to investigate our fascination with blood, the most vital of fluids. *Blood Rush* shows how, throughout history, blood has had the capacity to intoxicate us, to the point that we lose ourselves, whether in violence, through hunting, fighting, or killing, or in the vicarious thrill of watching sporting events, horror films, or video games. Are these feelings physical, or in our imagination? Where does the magic of blood come from? In his deeply researched and provocative narrative, Verplaetse moves from antiquity to the present, from magic to experimental psychology, from philosophy to religion and scientific discoveries, to demonstrate why blood at once attracts and repels us.

The Blood of Roses Tanith Lee, 2015-11-26 Love, history or blood...which is the strongest? In childhood something black settled on Mechail Korhlen and drank from his throat. And later somebody pitied him enough to kill his poor deformed body when he became an adult. But then Mechail chose to return from beyond the veil to enact revenge - and to follow Anjelen, ruler of the sinister monastery sited deep in the forest. The fulfilment of his destiny had begun.

The Priest of Blood Douglas Clegg, 2005 Born the son of a woman thought to be a witch, Aleric does not know who fathered him. But from his grandfather, he learns the skill that will change his life. With that training - and his own ability to communicate with the great predator birds of the forest - Aleric is taken

into service by the Baron and put in charge of his falcons.

The Blood of the Covenant Brent Monahan, 1997-06-15 A tale of unholy passion and unearthly surrender Princeton University librarians Simon Penn and Frederika Vanderveen have rescued an ancient document from dark, destructive forces. But to reveal its dead prophecy they must decipher a dead vampire's diaries, locked away in Switzerland. A satanic bargain sealed in blood Simon is deeply in love with the beautiful, enigmatic Frederika. Yet her eyes, changing from blue through green to amber behind huge sunglasses, make him fear the spell of the vampire who once enslaved her. A race against time through the dark places of the undead And stalking the pair across Europe is the high prince of all night fiends, last of his kind, and soon-if he can regain the scrolls-the first of a terrifying new breed who will consume humanity.

Knights of the Blood Scott MacMillan, Katherine Kurtz, 1994 A series of baffling murders leads Los Angeles police captain down a path through time which no mortal was ever meant to follow. The fantasy leads back to the Crusades, where members of a religious order are cursed to live forever, making them Knights of the Blood.

The War of the Worlds H. G. Wells, 2016-03-15 The science fiction masterpiece of man versus alien that inspired generations, from Orson Welles's classic radio play to the film starring Tom Cruise. At the turn of the twentieth century, few would believe that mankind is being watched from above. But millions of miles from Earth, the lords of the Red Planet prepare their armies for invasion, waiting for the moment to strike. When they land in the English countryside, baffled humans approach, waving white flags, and the Martians burn them to a crisp. The war has begun, and mankind doesn't stand a chance. As Martian armies roll across England, one man fights to keep his family safe, risking his life—and his sanity—on the front lines of the greatest war in galactic history. H. G. Wells's groundbreaking novel, adapted to radio and film, among other mediums, by visionary artists from Orson Welles to Steven Spielberg, remains one of the most chilling, unforgettable works of science fiction ever written. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

Discipline and Punish Michel Foucault, 2012-04-18 A brilliant work from the most influential philosopher since Sartre. In this indispensable work, a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

The Four Loves C. S. Lewis,2023-11-20 The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their

frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: GOD is love, says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God.
