All the Restaurants in New York John Donohue, 2019-05-14 “An emotional trip down memory lane for those of us who count our favorite restaurants as cherished personalities and members of our family.” –Danny Meyer, founder of Shake Shack From romantic spots like Le Bernardin to beloved holes-in-the-wall like Corner Bistro, John Donohue renders people’s favorite restaurants in a manner that captures the emotional pull a certain place can have on the hearts of New Yorkers. All the Restaurants in New York is a collection of these drawings, characterized by their appealingly loose and gently distorted lines. These transportive images are intentionally spare, leaving the viewer room to layer on their own meaning and draw connections to their own memories of a place, of a time, of an atmosphere. Featuring an eclectic mix of 100 restaurants—from Minetta Tavern to Frankies 457 and River Café—this charming collection of drawings is accompanied by interviews with the owners, chefs, and loyal patrons of these much-loved restaurants. “I love John’s spare, romantic, quirky portrayals of iconic New York restaurants so much that I purchased over a dozen of his prints to hang around my office. These places come to define our lives in New York—that job right next to Balthazar, that boyfriend who lived above Prune, that interview that took place at ‘21’ . . . They deserve this spotlight, this tribute.” –Amanda Kludt, Editor in Chief, Eater “John Donohue is the Rembrandt of New York City’s restaurant facades. His collection is an invaluable, evocative guide to the ever-changing, slowly vanishing landscape of the city’s great dining scene. It belongs on the bookshelf of every devout chowhound and fresser.” –Adam Platt, Restaurant Critic, New York magazine

Appetite City William Grimes, 2009-10-13 New York is the greatest restaurant city the world has ever seen. In Appetite City, the former New York Times restaurant critic William Grimes leads us on a grand historical tour of New York's dining culture. Beginning with the era when simple chophouses and oyster bars dominated the culinary scene, he charts the city's transformation into the world restaurant capital it is today. Appetite City takes us on a unique and delectable journey, from the days when oysters and turtle were the most popular ingredients in New York cuisine, through the era of the fifty-cent French and Italian table d'hôtes beloved of American Bohemians, to the birth of Times Square—where food and entertainment formed a partnership that has survived to this day. Enhancing his tale with more than one hundred photographs, rare menus, menu cards, and other curios and illustrations (many never before seen), Grimes vividly describes the dining styles, dishes, and restaurants succeeding one another in an unfolding historical panorama: the deluxe ice cream parlors of the 1850s, the boisterous beef-and-beans joints along Newspaper Row in the 1890s, the assembly-line experiment of the Automat, the daring international restaurants of the 1939 World's Fair, and the surging multicultural city of today. By encompassing renowned establishments such as Delmonico's and Le Pavillon as well as the Bowery restaurants where a meal cost a penny, he reveals the ways in which the restaurant scene mirrored the larger forces shaping New York, giving us a deliciously original account of the history of America's greatest city. Rich with incident, anecdote, and unforgettable personalities, Appetite City offers the dedicated food lover or the casual diner an irresistible menu of the city's most savory moments.

New York in a Dozen Dishes Robert Sietsema, 2015 In thirteen essays (a baker's dozen) covering distinctive dishes from a cross-section of New York City's cultural makeup, veteran food journalist Robert Sietsema explores how foods from around the world arrived, commingled, and became part of the city's culinary identity. Sietsema writes from personal experience as a restaurant critic eating in thousands of restaurants across five boroughs (and New Jersey) over the span of multiple decades; each chapter ends with a recipe.

There is More Than One Way to Spell Wiener Ed Grisamore, 2011 For almost 75 years, one of Macon’s most famous eating establishments, Nu-Way, has intentionally misspelled the word W-E-I-N-E-R on its marquee. Thanks to those misplaced vowels of neon sign-maker in 1937, the restaurant has had a conversation piece on the plate with its legendary hot dogs. James Mallis immigrated to Macon from Greece and opened the city’s first fast-food restaurant on historic Cotton Avenue in 1916. Nu-Way is now the second-oldest hot dog stand in America, just a month shy of Nathan’s on Coney Island in New York. In his eighth book, There’s More Than One Way To Spell Weiner, Macon Telegraph columnist Ed Grisamore tells the amazing story of how Nu-Way became a cultural and culinary icon. Nu-Way is part of the fabric of Macon, Georgia. Nearly everyone in town has a Nu-Way story. When people move away, Nu-Way is one of the first places they visit when they come back. One woman who drove 600 miles for a Nu-Way and ordered 125 to go. But it’s not just about the food. It’s real. It’s nostalgic. It’s a melting pot. To go downtown for a hot dog at noon is to see the common denominator of businessmen in three-piece suits sharing the same lunch counter with blue-collar workers and homeless people off the streets. The book covers the generations of Macon families that have worked at Nu-Way, captures the passion of its loyal customers and tells the story of how the Norman Rockwell-like logo was painted by a former fire chief. Even Oprah Winfrey dropped by for a chili dog and a diet Coke and hundreds of people crowded into the tiny restaurant. Grisamore has been known to satisfy his cravings for slaw dogs (voted No. 1 by The New York Times) several times each week.

Steal the Menu Raymond Sokolov, 2014-02-11 Part autobiography, part culinary history, Steal the Menu is former New York Times food editor Raymond Sokolov’s account of four decades of eating. From his pathbreaking dispatches on nouvelle cuisine in France to finding top-notch Chinese dishes at a New Jersey gas station to picking the brain of the most Michelin-starred chef in the world, Sokolov captures the colorful characters and mouth watering meals that define food today. Throughout, he shares a lifetime of personal anecdotes, including infuriating President Nixon’s daughter over a wedding cake, as well as prescient observations on one of the most tumultuous—and exciting—periods in gastronomic history.

Off the Menu Marissa Guggiana, 2011-10-11 Marissa Guggiana spent months on the road, interviewing, travelling, photographing, and sharing staff (or family) meals at more than fifty of America's top sustainable restaurants from coast to coast. For every lunch or dinner service, there is a staff meal. The best chefs in the best restaurants take their limitations—affordability, ingredients, and time—and create meals worthy of their compatriots. Ranging from small plates to multi course extravaganzas, the concept is simple: A well-fed staff is a happy one. Guggiana looked for chefs that sourced locally, thoughtfully, with a big eco-picture in mind and a well-fed staff at their heart. The result is simply unprecedented: a no-holds-barred trip behind the kitchen door, introducing you to every chef, sous-chef, line cook, server, bus boy, bartender, hostess, sommelier, dishwasher, and manager—all of whom you will come to adore. Off the Menu, an homage to cooking with love and leftovers, makes accessibility a delight. Lush, colorful, homegrown, and delicious, it is packed with lessons, tips, substitutes, anecdotes, and American wine and beer suggestions. At Vetri in Philadelphia, we get a family recipe from Chef Marc Vetri’s father and at Anne Quatrano’s Bacchanalia, we are whisked into the adjoining Star Provisions, described as a “culinary dream shop,” for bahn mi sandwiches. We go from gumbo to hot dogs, chicken and biscuits to duck and lettuce wraps, Tuscan kale salad to Chile Verde. It’s all here. The icing on the cake is the chef’s profile: Guggiana’s own Escoffier Questionnaire, is a playful epicurean take on the Proust questionnaire. Who better to recommend the best coffee shop or the perfect restaurant for a splurge, than the top chefs in the country? Find out where Paul Liebrandt of Corton goes for an after-work meal and the go-to-guilty-pleasure treat of Chef Michael White of Marea. The restaurants included vary from vegetarian to rustic, old-world Italian cuisine, from Asian-fusion to contemporary Mexican, from Scandinavian to Oyster bar. These are the meals that make a staff a family and family part of the staff. Inside Off the Menu you will find 100 recipes from more than 50 of the nation's top

restaurants. Each entry includes profiles of the restaurants, Q&As with the chefs, behind-the-scenes trips to the kitchens, and dining out tips, restaurant tricks, and cooking techniques from the cream of the culinary crop. Off the Menu Stacey Ballis, 2012-07-03 As the executive culinary assistant to celebrity Chicago chef Patrick Conlon, Alana Ostermann works behind the scenes—and that's just the way she likes it. But with developing recipes for Patrick's cookbooks, training his sous chefs, picking out the perfect birthday gifts for his ex-mother-in-law, and dealing with the fallout from his romantic escapades, she barely has a personal life, much less time to spend with her combo platter of a mutt, Dumpling. Then a fluke online connection brings her RJ, a transplant from Tennessee, who adds some Southern spice to her life. Suddenly Alana's priorities shift, and Patrick—and Dumpling—find themselves facing a rival for her time and affection. With RJ in the mix, and some serious decisions to make about her personal and professional future, Alana must discover the perfect balance of work and play, money and meaning, to bring it all to the table—one delicious dish at a time... 2021 New York / Manhattan Restaurants – The Food Enthusiast's Long Weekend Guide Andrew Delaplaine, 2020-09-17 There are many people who are enthusiastic about food—the cooking of it, the preparation of it, the serving of it, and let's not forget the eating of it. But Andrew Delaplaine is the ultimate Food Enthusiast. This is another of his books with spot-on reviews of the most exciting restaurants in town. Some will merit only a line or two, just to bring them to your attention. Others deserve a half page or more. “Exciting” does not necessarily mean expensive. The area's top spots get the recognition they so richly deserve (and that they so loudly demand), but there are plenty of “sensible alternatives” for those looking for good food handsomely prepared by cooks and chefs who really care what they “plate up” in the kitchen. For those with a touch of Guy Fieri, Delaplaine ferrets out the best food for those on a budget. That dingy looking dive bar around the corner may serve up one of the juiciest burgers in town, perfect to wash down with a locally brewed craft beer. Whatever your predilection or taste, cuisine of choice or your budget, you may rely on Andrew Delaplaine not to disappoint. Delaplaine dines anonymously at the Publisher's expense. No restaurant listed in this series has paid a penny or given so much as a free meal to be included. Bon Appétit!

Gastropolis Annie Hauck-Lawson, Jonathan Deutsch, 2010-08-13 An irresistible sampling of the city's rich food heritage, Gastropolis explores the personal and historical relationship between New Yorkers and food. Beginning with the origins of New York's fusion cuisine, such as Mt. Olympus bagels and Puerto Rican lasagna, the book describes the nature of food and drink before the arrival of Europeans in 1624 and offers a history of early farming practices. Specially written essays trace the function of place and memory in Asian cuisine, the rise of Jewish food icons, the evolution of food enterprises in Harlem, the relationship between restaurant dining and identity, and the role of peddlers and markets in guiding the ingredients of our meals. They share spice-scented recollections of Brooklyn, Queens, and the Bronx, and colorful vignettes of the avant-garde chefs, entrepreneurs, and patrons who continue to influence the way New Yorkers eat.

Eco-Architecture IX P. Chias,S. Hernandez,2022-09-13 Architecture is very multi-disciplinary, attracting many different professions. This is reflected in the contributions contained in this volume that were originally presented at the 9th International Conference on Harmonisation between Architecture and Nature. The included works review the challenges and new opportunities of contemporary architecture as a result of advances in design and new building technologies, as well as the development of new materials. Never before in history have architects and engineers had such a range of new processes and products open to them. In spite of that, the construction industry lags behind all others in taking advantage of a wide variety of new technologies. This is understandable, due to the inherent complexity and uniqueness of each architectural project. Advances in computer and information systems, including robotics, offers the possibility of developing new architectural forms, construction products and building technologies that are just now starting to emerge. Changes have also taken place in the way modern society works and lives, due to the impact of modern technologies. Patterns of work have been disrupted and changed, affecting transportation and the home environment. The demand is for a new type of habitat that can respond to the changes and the consequent requirements in terms of the urban environment. Such topics are dealt with as building technologies, design by passive systems, design with nature, cultural sensitivity, life cycle assessment, resources and rehabilitation and many others including case studies from many different places around the world.
