Retro Camera Buying Guide: Getting Serious About Photography□ On the Cheap! Expanded and Revised Shawn M. Tomlinson,2018-04-17 A lot has changed since I wrote and published this first volume of what became this guide series. One thing hasn't. I still have the same enthusiasm and joy in photography I had way back at the beginning of the series. I have a lot more knowledge and experience now and, occasionally even get close to taking good photographs. That's the thing, see. I didn't know a lot when I originally wrote this guide. I had been working in photography since 1982 professionally. Everything I knew, pretty much, was self-taught. In general, that's still true. There's no need for you to do it all by yourself, too, though. This book and this series are meant to help you get going with the basics fast. Yes, OK, I tend to relate my own experiences, but that, too, is meant to help you avoid some basic mistakes I made. And, perhaps, I write in a tad too friendly manner, but think of it as sitting down with me to have a friendly talk about a passion we share: Photography!

The Yashica 35 Camera Book. A Vintage Camera Guide - Using and Buying Yashica 35 Cameras Richard Jemmett,2021-03-10 This book will help you enjoy buying and photographing with film cameras from the full Yashica 35 range, including the various Electro, Lynx & Minister models. Whether you are new to analogue photography or you have shot vintage cameras in the past, this book will help you make a success of buying and using the Yashica 35 range of cameras. Besides Richard's experience with the cameras, you will find re-prints of original guides and manuals that will help you buy, use, maintain and repair your camera. The Yashica rangefinder cameras are all equipped with

high-quality lenses and great features from the all manual 35W to the aperture priority Electro 35. They provide a quality alternative to SLR and point & shoot cameras producing the rich colours and atmosphere that many will say only film can deliver. These cameras capture the most enjoyable aspects of film photography, and the experience will help you become a better photographer and create some super results. To accompany the book, the author has created a dedicated web resource page that will help you find even more information such as battery conversion sources, film suppliers, user generated galleries and much more. We regularly update the web resource guide with information and resources to make it a valuable addition to the detailed information found in this vintage guide. Buy the Yashica 35 Camera Book today and start your journey to learn more about how to buy, use and enjoy these wonderful film cameras.
