Baseball Prospectus 2015 Baseball Prospectus, 2015-02-10 The essential guide to the 2015 baseball season is on deck now, and whether you're a fan or fantasy player—or both—you won't be properly informed without it. Baseball Prospectus 2015 brings together an elite group of analysts to provide the definitive look at the upcoming season in critical essays and commentary on the thirty teams, their managers, and more than sixty players and prospects from each team. Baseball Prospectus 2015 contains critical essays on each of the thirty teams and player comments for some sixty players for each of those teams; projects each player's stats for the coming season using the groundbreaking PECOTA projection system, which has been called perhaps the game's most accurate projection model (Sports Illustrated). Now in its twentieth edition, this New York Times bestselling insider's guide from Baseball Prospectus, America's leading provider of statistical analysis for baseball, remains hands down the most authoritative and entertaining book of its kind.

Android Recipes Dave Smith, Jeff Friesen, 2013-01-30 Android continues to be one of the leading mobile OS and development platforms driving today's mobile innovations and the apps ecosystem. Android appears complex, but offers a variety of organized development kits to those coming into Android with differing programming language skill sets. *Android Recipes: A Problem-Solution Approach, Second Edition* offers more than 100 down-to-earth code recipes, and guides you step-by-step through a wide range of useful topics using complete and real-world working code examples. It's updated to include the Jelly Bean Android SDK as well as earlier releases. Instead of abstract descriptions of complex concepts, in *Android Recipes*, you'll find live code examples. When you start a new project, you can consider copying and pasting the code and configuration files from this book, then modifying them for your own customization needs. Crammed with insightful instruction and helpful examples, this second edition of *Android Recipes* is your guide to writing apps for one of today's hottest mobile platforms. It offers pragmatic advice that will help you get the job done quickly and well. This can save you a great deal of work over creating a project from scratch!

Dashing Through the Snowbirds Donna Andrews, 2022-10-11 *Dashing Through the Snowbirds* is the next merry installment of Donna Andrews's New York Times bestselling Meg Langslow mystery series. *Christmas in Caerphilly* is wonderful! Unless you're a Canadian whose inconsiderate boss is forcing you to spend the holiday there, far from family and friends, with only a slim chance of a white Christmas. Meg already has her hands full, trying to make the season festive for the dozen programmers who are staying with her and Michael while working on a rush project with her brother's software company. At least it's an interesting project, since the Canadian company is doing

forensic genealogy and DNA analysis. When the inconsiderate boss is found murdered, there are too many suspects. Even before their Christmas in exile, his own employees had plenty of motives, and the growing number of people suing the company for faulty DNA analysis and invasion of their genetic privacy include at least one notorious murderer. Can Meg crack the case in time to keep the Yuletide bright?
