Essays on Fascism Benito Mussolini, Oswald Mosley, Alfredo Rocco, 2019-03-25
The Ideology of Fascism was written by Oswald Mosley in 1967 and provides a post WW2 analysis of the strengths and weaknesses of Fascism as a political doctrine, and utilising its strengths proposes a United Europe, in union with science, as a prime requirement for the 21st Century. The Doctrine of Fascism was written by Benito Mussolini and the Italian philosopher Giovanni Gentile. A key concept of which was that fascism was a rejection of previous models: If the 19th century was the century of the individual we are free to believe that this is the 'collective' century, and therefore the century of the State. Giovanni Gentile was inspired by Italian intellectuals such as Mazzini, Rosmini, Gioberti, and Spaventa from whom he developed the idea of self-construction, but also was strongly influenced by the German idealist and materialist schools of thought - namely Marx, Hegel, Fichte, and Nietzsche. Gentile was described by Mussolini, as 'the philosopher of Fascism'. Alfredo Rocco developed the economic and political theory of corporatism which would become part of the Fascist Manifesto of the National Fascist Party. Rocco denounced the European powers for imposing foreign

culture on Italy and criticized the European powers for endorsing too much liberalism and individualism. The Fascist Manifesto was endorsed by a large number of intellectuals, and writers, including Luigi Pirandello, Gabriele D'Annunzio, Filippo Tommaso Marinetti and Giuseppe Ungaretti.

Freedom in the World 2010 Freedom House, 2010-11 Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 193 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of numerous radio and television reports. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and

territories, irrespective of geographical location, ethnic or religious composition, or level of economic development.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for

a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
