Bobke II Roll Bob, 2014-06-18 Bob Roll is a former Tour de France racer, well-known scribe, and race announcer, and he's back to cause a ruckus! Bobke II (correctly pronounced BOOB-kuh) revisits all of the original journals of Roll's wild rides and crazy tales about cycling's uncensored side. When Bobke retired from competition, his pen continued the crazed poetic commentary, and Roll's newest additions cover both topics held reverent in cycling and also those that are hardly related to the sport. Bobke tips his cap to the classic riders and races, takes us on a grueling week of training with Lance Armstrong, tells the sport as he sees it, and entertains us with plenty of ditties and rants in between. It's a zany, often absurd, yet compelling commotion.

Understanding Video Games Simon Egenfeldt-Nielsen, Jonas Heide Smith, Susana Pajares Tosca, 2024-05-08 The fifth edition of this pioneering textbook takes video game studies into the next decade, highlighting changes in mobile, social, and casual gaming. This book introduces students to both the major theories used to analyze games, such as ludology and narratology, and the commercial and organizational aspects of the game industry. Drawing from historical and contemporary examples, this student-friendly text also explores the aesthetics of games, evaluates the cultural position of video games, and considers the potential effects

of both violent and serious games. This new edition includes updates to the history, statistics, and developments in the vast game studies landscape throughout. The book has been expanded with additional theory, research, and insights from scholars around the world, making it more inclusive and broadening its global perspective. Extensively illustrated and featuring discussion questions, a glossary of key terms, and a detailed video game history timeline, *Understanding Video Games, Fifth Edition* is an indispensable resource for anyone interested in examining the ways video games are reshaping entertainment, education, and society.

The Best Non-Violent Video Games James Batchelor, 2023-10-30 What if there were video games that weren't about killing things? The world's biggest entertainment medium has come under decades of scrutiny because of its violent content. But here's a little known fact: from the very beginning, non-violent video games have done as much, if not more, to shape the industry than violent ones. *The Best Non-Violent Video Games* is the first ever guide to the full breath of interactive entertainment. Discover the true variety the medium has to offer and learn how developers constantly find new ways to engage people by challenging their minds, testing their reflexes, and even tugging at the heartstrings. Take a journey through more than three hundred video games, stretching back to the very dawn of the industry and extending right up to modern day indie hits. You'll learn more about the origins of some of gaming's biggest franchises, discover underrated gems from developers of all sizes, and perhaps even find some new favorites. Written by a journalist with over 15 years of industry experience and more than 30 years of gaming experience, this guide is for anyone seeking something truly different from the video games space without dealing with guns and gore, or those simply looking for a change of pace.

Encyclopedia of Video Games [2 volumes] Mark J. P. Wolf, 2012-08-16 This encyclopedia collects and organizes theoretical and historical content on the topic of video games, covering the people, systems, technologies, and theoretical concepts as well as the games themselves. This two-volume encyclopedia addresses the key people, companies, regions, games, systems, institutions, technologies, and theoretical concepts in the world of video games, serving as a unique resource for students. The work comprises over 300 entries from 97 contributors, including Ralph Baer and Nolan Bushnell, founders of the video game industry and some of its earliest games and systems. Contributing authors also include founders of institutions, academics with doctoral degrees in relevant fields, and experts in the field of video games. Organized alphabetically by topic and cross-referenced across subject areas, *Encyclopedia of Video Games: The Culture, Technology, and Art of Gaming* will serve the needs of students and other researchers as well as provide fascinating information for game enthusiasts and general readers.

The Impact of Technology on Sport II Franz Konstantin Fuss, Aleksandar Subic, Sadayuki Ujihashi, 2007-10-11 Sport technology has to be seen from the holistic, as well as inter- and transdisciplinary point of view. Product development requires close collaboration between engineers, athletes, sports scientists, and business managers. It requires an in-depth understanding of engineering disciplines, life and sport sciences, as well as economics. *The Impact*

Rock N Roll Gold Rush Maury Dean, 2003 This monster Rock-n-Roll survey focuses on the songs and the vibrant personalities who create them, for college audiences and the general public. Dean published the world's first history of Rock in 1966. Here, in his ebullient style, he buzzes through piles of musical singles from the whole last half century, describing what is fun about each major

and minor hit, pointing out what elements were exciting or new or significant in the development of musical styles. He relates some tantalizing tidbits about the earlier musical heritage that artists have drawn upon in crafting ever more amazing evolutions of rock music. This snappy, witty and informative album has universal appeal, doubling as a coffee-table trivia treasure and a college-level popular music history text. It includes hundreds of photos, chapter questions, and an extensive index. Reader-friendly and informationally complete, it covers soft rock, heavy metal, rhythm & blues, country rock and classic oldies, all with tender loving care, for the specialist and casual listener alike. Its mini-portraits of the artists who move so many hearts (and feet), the photos and the insightful sound bites get to the essence of each song and each musician's contribution to the music of our age. The single-song focus makes the book unique. It's a playlist for R'n'R professors and the general public, written with a collegiate vocabulary, tight organization and a respect for all. Hearing Elvis for the first time was like busting out of jail. - Bob Dylan That being said, no one is being incited, here, to bust out of jail or to emulate the quixotic habits of rock stars. There's nothing in here to hide from the kids, the clergy or grandma. Gold Rush can be used as a university or community college text, but most people will grab it for the sheer pleasure of reading about everyone's favorites. Great gift for Rock enthusiasts. Gold Rush is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond. Gold Rush takes thousands of songs, spanning three centuries, and brings them back uniquely as if they came out just yesterday. Gold Rush unites the Anglo-American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures. As Leonard Maltin's Movie Guide helps you select videos at Blockbuster, so Gold Rush is a powerful playlist for your music collection, with many new and fascinating photos of favorite stars. Gold Rush explains the most important stories behind the songs you picked to be played, the songs that 'went gold,' from the 1897 Alaska/Klondike Gold Rush to the #1 songs of today and beyond.

House of Shards (Maijstral 2) WALTER JON WILLIAMS,2015-06-14 Jane Austen meets P.G. Wodehouse--- IN SPACE! One obsessed cop. Two master thieves. A very small island in space. And The Greatest Treasure in the Empire. Silverside Station is a small asteroid resort catering to the rich, the famous, and the celebrated— but is it big enough for both Drake Maijstral (the devious hero of The Crown Jewels) and Geoff Fu George (rated the galaxy's top burglar by the Imperial Sporting Commission), both of whom have set their sights on the Eltdown Shard, a fabulous jewel that captures the light of a dying sun, a jewel that dangles around the comely throat of the Duchess Roberta, a beautiful and dashing heiress who clearly has plans of her own. Mayhem and hilarity at the only possible result. House of Shards continues the droll adventures of Drake Maijstral— thief, devout coward, and reluctant hero— as he schemes his way to the top of the ratings.
