**The Old Breed of Marine** Abraham Felber,Franklin S. Felber,William H. Bartsch,2002-12-12 On Friday, August 7, 1942, at 1300, after a furious cannonading by the Navy fighting vessels slamming salvo after salvo into the shores, 36-year-old Marine Sergeant Abraham Felber jumped from a Higgins boat onto Beach Red in the first-wave assault on the deadly jungle island of Guadalcanal. Felber was responsible for writing the Record of

Events for his unit, and recorded in meticulous detail the fighting that wrested Guadalcanal from the enemy in the skies, off the shores, and in the muddy jungles. This work is part of the diary that Abraham Felber kept during his service in World War II. It begins with January 7, 1941, and ends with December 31, 1945. As the 1st Sergeant of Headquarters Battery, 11th Marines, Felber dealt with both officers and enlisted men, which exposed him to the perspectives and insights of both. Felber was also granted the unusual privilege of taking photographs during the Guadalcanal and Cape Gloucester campaigns, some of which are published here for the first time. Felber's accounts of his unit's role in the combat at Guadalcanal and Cape Gloucester; his time at Guantanamo Bay, Parris Island and Camp Lejeune; daily life, and other experiences are presented here as he recorded them.

**The Royal Navy and the Falklands War** David

Brown,1987-07-13 This military history reveals the untold story of the United Kingdom's Royal and Merchant Navies during the Falkland's War. Soldiers and journalists alike wasted no time in memorializing the campaign to recapture the Falkland Islands after the Argentinian invasion in April, 1982. With the overwhelming focus on the role of the Army, the vital contributions of the Royal and Merchant Navies have been largely overlooked. Yet no British military forces would have been there at all had the Royal Navy not provided the necessary transport, not to mention air cover and bombardment support. In this book, naval historian David Brown tells the extraordinary story of how the fleet was assembled. Merchant-ships ranging from luxury liners such as the SS Canberra to cargo-carriers of every

description were quickly converted to their new role as STUFTs, or Ships Taken Up From Trade. Brown describes the stupendous problems presented by the assembling and stowing of the thousands of tons of stores and equipment needed by the Expeditionary Forces and the way in which these problems were solved.

**The Official History of the Falklands Campaign, Volume**

2 Lawrence Freedman,2004-06-01 In this official history of the Falklands Campaign, Lawrence Freedman provides a detailed and authoritative account of one of the most extraordinary periods in recent British political history and a vivid portrayal of a government at war. After the shock of the Argentine invasion of the Falklands in April 1982, Margaret Thatcher faced the crisis that came to define her premiership as she determined to recover

the islands. Freedman covers all aspects of the campaign - economic and diplomatic as well as military - and demonstrates the extent of the gamble that the government took. There are important accounts of the tensions in relations with the United States, concerns among the military commanders about the risks they were expected to take, the problems of dealing with the media and the attempts to reach a negotiated settlement. This definitive account describes in dramatic detail events such as the sinking of the Belgrano, the battle of Goose Green and the final push to Stanley. Special attention is also paid to the aftermath of the war, including the various enquiries, and the eventual restoration of diplomatic relations with Argentina.

**New York Magazine** ,1986-04-14 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

*World War II Sea War, Vol 7: The Allies Strike Back* Donald A Bertke,Gordon Smith,Don Kindell,2014-12-23 From September through November 1942, the Allies defeated the Axis forces on all active fronts. On land, the British defeated Rommel in Operation SUPERCHARGE, the US Marines defeated the Japanese on Guadalcanal, and the Russians trapped the German Sixth Army at Stalingrad and disrupted the entire Axis southern front in Russia. At sea, the Royal Navy landed desperately needed supplies on Malta in Operations PEDESTAL and STONEAGE; the USN defended the US Marines on Guadalcanal from a Japanese attack in the Battle of Cape Esperance; the Allies landed troops at Morocco and Algeria in Operation TORCH; USN cruisers sank a Japanese battleship in the 1st Battle of Savo Island; the 2nd Battle

of Savo Island was the only battleship-to-battleship engagement of the war in the Pacific; the Battle of the North Atlantic increased in intensity; and the Germans tried to capture the French Fleet at Toulon, France, in Operation ANTON, only to arrive as the ships sank beneath the sea.

**The Pictorial Bible: pt. 2. Judges** ,1847

History of United States Naval Operations in World War II.: Breaking the Bismarcks barrier, 22 July 1942-1 May 1944 Samuel Eliot Morison,1947 Each of these 15 volumes covers a period and campaigns in the Pacific, Atlantic and North African waters during World War II. It was Morison's aim to show what the U.S. Navy accomplished in the greatest of all wars and how it was done. The story, in the main, is one of fighting; that is what the Navy is for and what its entire effort was directed toward. But the author included enough space to strategic discussions, planning, organization, and logistics to explain the end product -- the naval operations. And when other armed services of the United States and her allies participated, he brought them in too, although not in so great detail. Filled with many maps, a number of them larger fold-outs, and black and white photos of the ships, personnel and operations.
