**The Ringtone Dialectic** Sumanth Gopinath,2013-07-19 The rise and fall of the ringtone industry and its effect on mobile entertainment, music, television, film, and politics. A decade ago, the customizable ringtone was ubiquitous. Almost any crowd of cell phone owners could produce a carillon of tinkly, beeping, synthy, musicalized ringer signals. Ringtones quickly became a multi-billion-dollar global industry and almost as quickly faded away. In *The Ringtone Dialectic*, Sumanth Gopinath charts the rise and fall of the ringtone economy and assesses its effect on cultural production. Gopinath describes the technical and economic structure of the ringtone industry, considering the transformation of ringtones from monophonic, single-line synthesizer files to polyphonic MIDI files to digital sound files and the concomitant change in the nature of capital and rent accumulation within the industry. He discusses sociocultural practices that seemed to wane as a result of these shifts, including ringtone labor, certain forms of musical notation and representation, and the creation of musical and artistic works quoting ringtones. Gopinath examines “declines,” “reversals,” and “revivals” of cultural forms associated with the ringtone and its changes, including the Crazy Frog fad, the use of ringtones in political movements (as in the Philippine “Gloriagate” scandal), the ringtone's narrative function in film and television (including its striking use in the films of the Chinese director Jia Zhangke), and the ringtone's relation to pop music (including possible race and class aspects of ringtone consumption). Finally, Gopinath considers the attempt to rebrand ringtones as “mobile music” and the emergence of cloud computing.

*Path of the Dead* Mark Edward Langley,2018-08-14 The battle is one of wits and cunning, where the strong heart will overcome his enemy. Ex-marine Arthur Nakai spent years as a member of the Shadow Wolves, an ICE tactical unit tasked by the US government to hunt human traffickers and drug smugglers on the US/Mexico border. He put that life of confronting violence in the darker contours of the desert landscape behind him and settled into a quiet existence in New Mexico with his wife, Sharon, a local TV reporter. But when Sharon goes missing after crossing paths with a serial killer who has just added to his list of young victims, Arthur's calm world is shattered. He must return to the darkness of the life he left behind in order to save what matters most to him, and the future he and his wife plan to share together. He can only hope that she is still alive, and that his skills will be enough to find her. So begins the hunt-to find a ruthless killer and save the love of his life.

*Assassin's Game* Ward Larsen,2014-08-26 A high-octane thriller from Ward Larsen, the author of *The Perfect Assassin*. David Slaton has a good life. He has a new wife and a house in the Virginia suburbs. But he also has a dark past. Slaton is a former kidon, the most lethal Israeli assassin ever created. After decades of work, a brilliant scientist has taken Iran to the threshold of its dream—a nuclear-tipped ballistic missile. Mossad must eliminate the man, but with a spy lurking high in its ranks there is only one option: bring back Slaton. The kidon has vowed to never kill again, but when his wife is attacked and forced to flee across Europe, events force his hand. Slaton plots to assassinate one of the most closely guarded men on earth. Success is improbable. Survival unlikely. Only when he learns the labyrinthine truth does Slaton see one high-stakes chance. A chance for an assassin's game . . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**True Tales Trilogy: Nightmarish Accounts of Paranormal Activity** John Harker, Astonishing true stories of paranormal nightmares! From devilish dolls and haunted Ouija boards to witchcraft disasters and doomed demonic deals, *True Tales Trilogy* covers a wide spectrum of occult encounters that end in horror, hardship, and tragedy. If there's one theme that runs throughout this compendium, it's this: If you play with fire, you're going to get burned. In this one convenient volume you get the full editions of the following books: *Ouija Board Nightmares: Terrifying True Tales* *Demonic Dolls: True Tales of Terrible Toys* *Evil Unleashed: True Tales of Spells Gone to Hell* and *Other Occult Disasters* In the tradition of paranormal experts and authors Gabriele Amorth, Ed and Lorraine Warren, and Zak Bagans, *True Tales Trilogy* author John Harker engages the reader with thrilling accounts of demonic and ghostly activity while at the same time offering warnings and advice to those thinking about dabbling in, or already ensnared by, the occult. *Ouija Board Nightmares*: For more than a century, the Ouija board has attracted the attention of a wide variety of people: paranormal thrill-seekers, adventurous adolescents, temperamental teens, tipsy party guests, and even curious skeptics. Most of the time, those who dabble with the Ouija or other spirit boards experience nothing out of the ordinary. But many times that's not the case. And many times that extraordinary experience isn't just strange, but downright terrifying. *Ouija Board Nightmares* takes a look at some of those terrifying experiences, which range from nightmarish manifestations to actual physical assaults. The author's intention is to inform and engage, but primarily to warn. While the Ouija board may be marketed as a harmless game, it is indeed neither. If the accounts in this book don't convince you of that, then nothing will. *Demonic Dolls*: Can dolls really become haunted? Can demons take possession of people's playthings? According to a large number of paranormal investigators, exorcists, and demonologists, the answer is a resounding yes. Not only are such phenomena possible, they happen fairly often, with dolls being one of the most frequent targets of spirit attachment. Sometimes those spirits are benign, or at the most mischievous. But many are outright evil and dangerous. This book examines some of the world's most famous haunted dolls. Some you may have heard about. Others will be new. All will make you reconsider the world you thought you knew. *Evil Unleashed*: The occult is many things to many people. For some, it is a path to enlightenment. Others find it a source of personal transformation. And still others consider it a doorway to the devil. While distinctions can be drawn and argued all day, what can't be argued is this: the occult is dangerous. It opens channels that are best left closed. It attracts entities that don't play by the rules. And it demands more—always more—than what was bargained for. These true-life accounts reveal the heartache and horror that can occur when people participate in the occult and, knowingly or not, release dark spirits into the human realm. Dabbler or devotee—it doesn't matter how deeply one is committed or involved. Once evil is unleashed, it treats everyone the same: hellishly.

**Street-smart Advertising** Margo Berman,2007 Even the most creative minds need stimulation. Inspiration can come from examples of exceptional work, exercises designed to motivate, or time to reflect. The more inventive pieces the mind takes in, the more resources it has to draw from. *Street Smart Advertising: How to Win the Battle of the Buzz* contains countless examples designed to jump-start the right side of the brain. Margo Berman's book is packed with memorable uses of new media, exciting on-strategy marketing, creative online work, and insightful quotes by giants in the advertising industry. She offers innovative techniques to gen.

You'll even learn tips on where to get the best iPhone accessories. Get ready to take iPhone 4 to the max!

**Death Under Glass** Jennifer McAndrews,2015-07-07 In the latest novel from the author of *Ill-Gotten Panes*, Georgia Kelly has made a home for herself and her stained glass business in Wenwood, New York. But not everything

in the sleepy Hudson River town is as transparent as it seems... While Georgia has come to love her new hometown, her stained glass windows haven't exactly been raking in the dough. So when her best friend, Carrie, offers her the opportunity to create a made-to-order window for Wenwood's latest bed and breakfast, Georgia jumps at the chance. But when Carrie's ex-husband's office suddenly burns to the ground and Carrie's own office and apartment are robbed, Georgia has to put down her glass and cutter to get to the bottom of the trouble. Carrie insists she doesn't have enemies, but Georgia is determined to do everything in her power to find out who's targeting her friend—and why—before anyone else's life is smashed to pieces...

**Rise of the she wolf** Meike Snoeijs,2023-09-15 Vanessa has known a hard and lonely life. Born with eyes as light as the moon reflection itself many believe her to be cursed by the Moon Goddess. Her life drastically changes when she is chosen to work for the mighty Italian wolf pack run by Alpha Don Lorenzo. Sucked into a world of violence, crime, and male privilege, Vanessa realizes she is done being the lowest of the pack. She decides it is time for the world to feel the power of the She-Wolf.

**Enduring You** S. T. Heller,2016-07-16 Do any of us truly know the people we love and trust? Keegan Henderson married the love of her life-twice. And divorced him-twice. An intelligent and high-spirited thirty-four-year-old, Keegan finds herself once again living with her parents while juggling her duties as a mother to her preteen son and discovering who she is as a newly single woman. Her ex-husband, Will, a state police investigator working undercover, is a man with a past. His buried secrets are catching up with him, forcing their way into his present, and as a result, he chooses to deceive those he loves in order to protect them. On her journey to moving on, Keegan has a chance meeting with Jack Grady, a local firefighter, and their attraction to each other is one that neither can deny. But Jack also has baggage of his own that is proving to be too much for Keegan to handle. As their vulnerabilities are exposed, a series of unexpected events occurs, shattering lives along the way.

**Billboard** ,2010-07-03 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**The i-mode Wireless Ecosystem** Takeshi Natsuno,2005-01-14 i-mode is the packet-based service for mobile phones offered by Japan's leader in wireless technology, NTT DoCoMo. Unlike most of the key players in the wireless arena, i-mode eschews the Wireless Application Protocol (WAP) and uses a simplified version of HTML, Compact Wireless Markup Language (CWML) instead of WAP's Wireless Markup Language (WML). Ever since its introduction in February 1999 i-mode has been the most successful mobile internet technology of the World. i.e. the quickness by which the technology has spread over Japan. In Japan, the number of i-mode users is close to a sensational 13 million. This means that 10% of Japan's total population are using i- mode after not even 2 years of its existence. As a progression from his first book i-mode Strategy the author describes how i-mode has evolved. He focuses on the i-mode ecosystem (the metaphor he uses to describe such a self developing business) from concept to reality, the effect of i-mode, the evolution of Cell phones, partnerships with real businesses, such as the collaboration with Coca Cola in Japan, the struggle for dominance in the net business and the globalisation of the i-mode business arena from a Japanese only ecosystem to the global arena. The author is the most highly respected expert in this field. The i-mode Wireless Ecosystem is a must for everyone wanting to know more about NTT DoCoMo and how it has sustained its business model. Discusses the globalisation of i-mode featuring the key points such as origin, development, international expansion and the role of partners etc. Through using his own company's strategy and experience the author explains the value of creating a business 'ecosystem' and the benefits of co-operation between various mobile operators Highlights the reasons for i-mode's success in Japan and extrapolates these to future directions A valuable addition to the bookshelf of all Mobile operators, especially those directly involved with Marketing, Product Development, and 3G; Content providers working within Product Development, Business Development, Marketing, and Mobile Services; and consultants, bankers and media professionals keen to gain an insight into this dynamic field.

**Ouija Board Nightmares** John Harker,2015-04-01 Think the Ouija board is just a game? Think again. For more than a century, the Ouija board has attracted the attention of a wide variety of people: paranormal thrill-seekers, adventurous adolescents, temperamental teens, tipsy party guests, and even curious skeptics. Most of the time, those who dabble with the Ouija or other spirit boards experience nothing out of the ordinary. But many times that's not the case. And many times that extraordinary experience isn't just strange, but downright terrifying. Ouija Board Nightmares takes a look at some of those terrifying experiences, which range from nightmarish manifestations to actual physical assaults and demonic possession. While part of the author's intention is to inform and engage with these scary accounts, the main objective is to warn. While the Ouija board may be marketed as a harmless game, it is indeed neither. If the accounts in this book don't convince you of that, then nothing will.

**The Economics of Just About Everything** Andrew Leigh,2014-08-01 Did you know that another 10cm of height boosts your income by thousands of dollars per year? Or that a boy born in January is nearly twice as likely to play first grade rugby league as a boy born in December? Or that natural disasters attract more foreign aid if they happen on a slow news day? And that a perfectly clean desk can be as inefficient as a messy one? Drawing on examples and data from across Australia, Andrew Leigh shows how economics can be used to illuminate what happens on the sporting field, in the stockmarket, and at work. Economics has things to say about AC/DC and Arthur Boyd, dating and dieting, Grange and Geelong, murder and poverty. Incentives matter, often in surprising ways and seemingly simple everyday activities can have unexpected outcomes. Insights from behavioural economics can also help us make better decisions. If you like fresh facts and provocative ideas, this is great train and weekend reading. You'll soon see the world and the people around you in a new light.

**Billboard** ,2005-01-15 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

***Handbook of Research on Discourse Behavior and Digital Communication: Language Structures and Social Interaction*** Taiwo, Rotimi,2010-05-31 A compendium of over 50 scholarly works on discourse behavior in digital communication.

***Lean CX*** Robert Dew,Bill Russell,Cyrus Allen,George Bej,2021-04-06 In recent years, many companies have realised customer experience (CX) is the new marketing battle ground. Substantial investments have been made to map customer journeys, identify pain points and improve CX to try and create cut-through. Using real world applications to introduce next generation design tools based on proven concepts from strategy, marketing, psychology and creative problem solving, Lean CX: How to Differentiate at Low Cost and Least Risk discusses how to use Lean Management approaches to innovate your customer experience. This practical book describes how the tools from Lean Management can be applied to the CX innovation problem. The authors draw on hundreds of CX design and strategic innovation projects across a range of industries, both B2B and B2C, from primary research through client work and

secondary case studies available in the public domain. The examples include many different vertical industry sectors, including those involving hybrid business models. The cases included share what worked really well and where CX failed. The content goes beyond what actually happened to present an idea of what might be possible with the right design approach and committed resources. Presents the swarm algorithm which highlights what the next generation of successful organisations might become. Shows how to overcome the CX change risk and reduce the biggest waste in CX management. Includes numerous international case examples.

*Durarara!!*, Vol. 6 (*light novel*) Ryohgo Narita,2017-03-21 After being framed by Izaya and forced to become fugitive on the run, Shizuo. Forced to rethink his position and circumstances, Mikado. *Free Energy* Lexa Gibson,2020 Trish Adams never imagined her new job at Audlin Motors would alter her life trajectory so profoundly. It was there she met, fellow design engineer, Solomon Voss. He, quite incidentally, invents a technology that could potentially change the course of human history. An invention that gets the unwanted attention of corporations that stand to lose billions if Solomon's invention were to be revealed to the world. The unscrupulous oil giant - Glaxon - is the first of the corporations to put measures in place to steal Solomon's technology. To hide it away in a secret underground warehouse, where it will only gather dust, never to see the light of day. But is that enough? Trish teams up with Roberta Voss, Solomon's sister, as they are embroiled in a high stakes game of cat and mouse as attempts are made to erase the invention, and eventually the inventor, from existence.

**iPad and iPhone Tips and Tricks (Covers iOS 6 on iPad, iPad mini, and iPhone)** Jason R. Rich,2012-12-27 Easily Unlock the Power of Your iPad, iPad mini, or iPhone Discover hundreds of tips and tricks you can use right away with your iPad, iPad mini, or iPhone to maximize its functionality. Learn to use your iOS 6 mobile device as a powerful communication, organization, and productivity tool, as well as a feature-packed entertainment device. In addition to learning all about the apps that come preinstalled on your iPad or iPhone, you will learn about some of the best third-party apps currently available, plus discover useful strategies for how to best utilize them in your personal and professional life. Using an easy-to-understand, nontechnical approach, this book is ideal for beginners and more experienced iPad, iPad mini, or iPhone users who want to discover how to use the iOS 6 operating system with iCloud, and the latest versions of popular apps. If you're an iPad 2, iPad 3rd or 4th generation, iPad mini, iPhone 4S, or iPhone 5 user, this book is an indispensable tool. Here's just a sampling of what the tips, tricks, and strategies offered in this book will help you accomplish: Discover how to take full advantage of powerful iOS 6 features, like Notification Center. Learn secrets for using preinstalled apps, such as Contacts, Calendars, Reminders, Maps, Notes, Safari, Mail, and Music. Find, download, and install the most powerful and versatile apps and content for your iPad, iPad mini, or iPhone. Synchronize files, documents, data, photos, and content with iCloud, your computer, or other iOS mobile devices. Learn how to interact with your tablet or phone using your voice in conjunction with Siri and the Dictation feature. Create and maintain a reliable backup of your iOS 6 device. Discover how to take visually impressive photos using the cameras built into your iPad, iPad mini, or iPhone, and then share them using iCloud Shared Photo Streams, Facebook, Twitter, email, or other methods. Use your iOS mobile device as an eBook reader, portable gaming machine, and feature-packed music and video player.

*BlackBerry For Dummies* Robert Kao,Dante Sarigumba,2011-08-15 Just what you need to know to take full advantage of your new BlackBerry smartphone The popular BlackBerry is used by millions of office workers and executives and has become an essential business tool. Now with an even faster and more efficient 6.0 operating system, the newest BlackBerry devices have the potential to become pocket-sized replacements for the laptop.
