While the dynamics of making money may be easy, if you are not taking the right steps, you won't be making enough for it to be worthwhile. You not only want to optimize your money-making abilities, but you also want to keep the money that you do make. You need to focus your efforts on opportunities that will give you the highest return. Most people aren't taught how to do this. They learn it by trial-and-error. And if you keep adding to the balance, that money will also grow along with it. The situation is a bit more complicated today with government taxing the growth of money. But, you can invest in an IRA or 401K and have that tax deferred until some future period. . Stay out of debt as much as possible. The debt will drain your savings and your portfolio.
