*The Adventures of Ninbato* R.P. Rich Prince, 2018-01-05 For over seventeen years, I've been living in secrecy, hiding in the shadows, alone in the world, until now. I lost my parents on the planet that they used to call home. Hope and justice represent the symbol N on the chest of the gear that I wear to save a city called Tampa, Florida, from the evil villains who dare to destroy the world and the universe around it. I live with my foster mother Cha-Chi, who has given birth to me through the power of my real father who magically placed me in her stomach with just his finger, and my foster father, Brady. My father, Ryokuzo, imprisoned the soldiers who have betrayed the law of our lands for twenty-five years, where they await to be freed to destroy all planets in the universe and cause chaos and devastation. I've set off for an adventure to California as a new transfer student making friends with some amazing people, finding my one true love that I am thankful for, and fighting crime, saving the world, the people, and the universe around it day and night. My name is Ninbato, and this is my story.

*Rizon 325* Georg Bruckmann, 2019-04-28 The Old Baron and her little crew are in trouble. On the run from Grailknight von Juntzt, the Baron was badly damaged. In order to raise the money for the necessary repairs, the team around Sternenreich deserter Günther von Richthofen accepts a job that turns out to be much more difficult than initially thought. Governor Talla Ozzynski, who manages the free trading station Pri-C5, operates an ore conveyor station on a moon of Rizon 325 without the knowledge of the Sternenreich, to which the contact has broken off for unknown reasons. Her son also works as a warehouse logistician at this station. In equal parts, out of fear for her child and out of fear that the Sternenreich will gain knowledge of her black-op, she sends the Baron to see what's going on. The crew around Captain Günther von Richthofen quickly realizes that it will not be easy to fulfill

the mission. The station is refusing communication, the defenses are still active. Something's wrong on the third moon of Rizon 325. Captain Günther von Richthofen is a disillusioned deserter. Together with the clone couple Ryder and Hook, as well as pilot and hacker Alyhda, he makes his living on board the stolen and badly beaten Old Baron with mercenary jobs and tries to stay under the radar of the Sternenreich. However, this proves to be a lot harder than expected and the Reich isn't the only problem the crew of the Old Baron has to deal with. The Red Rage, a devilish psi epidemic that turns the worst nightmares of the infected into a cruel reality, begins to spread in a mutated form.
