Kayleigh's Alphas: The Rogue Trials Corrina Davis,2024-02-04 "He smiled and the flash of white teeth and dancing dimples nearly did me in. I was on the run for my life and all I could do was give a weak stupid smile in return. Who was this god-like stranger standing across from me in the middle of nowhere at midnight?" *** My name is Kayleigh Sloan. A powerful prophecy has put a target on my back. Powerful enemies want me dead and the only way I have a chance to survive is by completing a series of test called the Rogue Trials that will prove I'm good enough to learn how to defeat my enemies at the Alpha Academy. The life and death stakes I face at every turn keep passions high as one Alpha after another helps me along the way. I will need all of my Alphas to make it through the Rogue Trials, but will they all be there for me until the end? *Kayleigh's Alphas: The Rogue Trials* is created by Corrina Davis, an eGlobal Creative Publishing signed author.

Rogue Lawyer John Grisham,2016-07-26 #1 NEW YORK TIMES BESTSELLER • Featuring one of John Grisham's most colorful, outrageous, and vividly drawn characters yet, *Rogue Lawyer* showcases the master of the legal thriller at his very best. On the right side of the law—sort of—Sebastian Rudd is not your typical street lawyer. His office is a customized bulletproof van, complete with Wi-Fi, a bar, a small fridge, and fine leather chairs. He has no firm, no partners, and only one employee: his heavily armed driver, who also so happens to be his bodyguard, law clerk, confidant, and golf caddie. Sebastian drinks small-batch bourbon and carries a gun. He defends people other lawyers won't go near: a drug-addled, tattooed kid rumored to be in a satanic cult; a vicious crime lord on death row; a homeowner arrested for shooting at a SWAT team that mistakenly invaded his house. Why these clients? Because Sebastian believes everyone is entitled to a fair trial—even if he has to bend the law to secure one. Don't miss John Grisham's new book, *THE EXCHANGE: AFTER THE FIRM*, coming soon!

Banquet of Consequences Paul Sanders,2017-04-05 On Christmas Eve 2007, Judy and Wayne Anderson's daughter, Michele, and her boyfriend, Joseph McEnroe, arrived at their home for a family meal. Unbeknownst to them, their daughter was armed with a loaded 9 mm pistol and McEnroe was carrying a .357 Magnum. Both parents were callously shot dead by the pair and their bodies hidden from view. Two and a half hours later, Michele's brother Scott, his wife Erica and their two children, Olivia (5) and Nathan (3), arrived at the house. Within the hour, they too had been pitilessly slain, in an act of violence that was breath-taking in its scope and cruelty. With his highly-anticipated third book, Paul Sanders takes the reader inside every day of the trial of Michele Anderson, with his customary attention to detail, from December 2015 until March 2016. And in a unique digression from his other works, Sanders includes something he has never done before: An interview with one of the killers, Joseph McEnroe, at Walla Walla Penitentiary. *Banquet of Consequences* is the first of two books on what came to be known as the Carnation murders. Were the killings a premeditated act, or had the defendants acted in self defense? And what of the deaths of Olivia and Nathan? Who shot them and why? It would not be an easy task for a jury to decide. Look for Book Two: *The Carnation Murders, Beyond the Pale: Rogue Juror - The Joseph McEnroe Death Penalty Trial*. Available Christmas Eve, 2017. The Milošević Trial Gideon Boas, 2007-09-06 When Slobodan Milošević died in the United Nations Detention Unit in The Hague over four years after his trial had begun, many feared - and some hoped - that international criminal justice was experiencing some sort of death itself. Yet the Milošević case, the first trial of a former head of state by a truly international criminal tribunal and one of the most complex and lengthy war crimes trials in history, stands for much in the development and the future of international criminal justice, both politically and legally. This book, written by the senior legal advisor working for the Trial Chamber, analyses the trial to determine what lessons can be learnt that will improve the fair and expeditious conduct of complex international criminal proceedings brought against former heads of state and senior political and military officials, and develops reforms for the future achievement of best practice in international criminal law.

Rogue Patriot Mike Trial, 2016-03-11 Here's an excerpt from Rogue Patriot: ...This time they're in a hurry to launch, Richardson said. He put a large red circle on the map, centered on the launch site. The circle took in all of Japan, Taiwan, Guam, North China, Eastern Siberia, and a bit of Alaska. That missile is capable of putting a twenty-kiloton warhead on target anywhere in this circle. ...they know our satellites are seeing this. In the past, prior to putting a missile on the pad, there was a pronouncement from the Kim government about 'peaceful use of space' by the People's Republic of North Korea. As of now there has been nothing. ...Sir, Chief of U.S. Naval Forces Western Pacific, Admiral Hallam said equably. Request latitude in rules of engagement. Request authority to fire on my order. The Secretary of Defense shook his head. Sorry, the answer is no. You do not have authority to fire. Only I will give you that authority, is that clear? Hallam glanced at his watch. The North Koreans were preparing a launch right now. Their nuclear warhead was unaccounted for, most likely being installed on the Tae Po Dong, the target of the attack unknown. And my own government says to do nothing but sit and wait.

Trial of Lee Harvey Oswald David B. Nolan, Sr., 2015-10-21 Mafioso Jack Rudy silenced military intelligence operative Lee Harvey Oswald to avoid a trial that would implicate LBJ as the mastermind of the JFK assassination. In 1979, Congress determined that there was a conspiracy regarding snipers from both the Texas School Book Depository and the Grassy Knoll at Dealey Plaza, Dallas, Texas. The proof of LBJ's having foreknowledge of sniper nests awaiting is his ducking to the floor of the vice presidential limousine thirty seconds before the JFK motorcade entered the Dealey Plaza. Only a redacted version of this LBJ photo was submitted to the Warren Commission record to hide LBJ's foreknowledge of the JFK murder.

Rogue Prosecutors Zack Smith, Charles D. Stimson, 2023-06-27 *Rogue Prosecutors* explains the origins, beliefs, playbook, funding, and real-life consequences of the "progressive prosecutor" movement—a group of newly elected prosecutors, their allies, and backers that refuse to prosecute crimes, hold criminals accountable, and seek justice for victims. Told through true crime stories from eight different cities, the authors explore how a radical movement funded and conceived by George Soros—and ostensibly designed to "reverse engineer" the criminal justice system as we know it—has succeeded in replacing law and order prosecutors with pro-criminal, anti-victim zealots. Weaving together extensive interviews with victims, law enforcement officers, lawyers, and judges, *Rogue Prosecutors* offers a searing portrait of the devastation caused by the policies of these hand-picked activists, how their hands-off approach to prosecution has encouraged lawlessness and eviscerated the relationship with law enforcement, and why minorities have suffered the most in cities with "progressive prosecutors." In story after story, the authors underscore that justice and public safety require prosecutors to hold all criminals accountable, and that the best choice for district attorney is not necessarily based on partisan politics, but between those who believe in law and order and those who don't.

A Rogue's Life Wilkie Collins, Sheba Blake, 2022-02-14 Charming and intelligent but somewhat lacking in the purpose and dedication departments, protagonist Frank Softly just can't seem to find a profession that suits him, much to the chagrin of his family. Still, his journey to find himself is full of entertaining adventures and misadventures. Modern-day readers will find a lot to love in Wilkie Collins' *A Rogue's Life*.

Revolutionaries, Rebels and Robbers Pascale Baker, 2015-10-02 This volume delivers a comprehensive study of banditry in Latin America and of its cultural representation. In its scope across the continent, looking closely at nations where bandit culture has manifested itself forcefully — Mexico (the subject of the case study), the Hispanic south-west of the United States, Argentina, Brazil, Venezuela and Cuba — it imagines a 'Golden Age' of banditry in Latin America from the mid-nineteenth century to the 1940s when so-called 'social bandits', an idea first proposed by Eric Hobsbawm and further developed here, flourished. In its content, this work offers the most detailed and wide-ranging study of its kind currently available.

The Trial of Levi Weeks Estelle Fox Klieger, 2001-02-01 n 1799, the murder of a young woman caused a terrific stir in the city of New York. The victim was Gulielma Sands who, on 22 December, left the boardinghouse where she lived, never to return. Her bruised body was found several days later in the Manhattan Well, a 20-minute carriage ride from her home. The accused was Levi Weeks, a fellow boarder who, Miss Sands had claimed, was to marry her the night she disappeared. Two of the attorneys for the defense were Aaron Burr and Alexander Hamilton, friends of Ezra Weeks, a prominent builder and brother of the accused. The citizens of New York raised an enormous hue and cry over the murder: the body was displayed in the streets before the trial; mobs shoved their way into the courtroom to see the famous lawyers at work and to get a glimpse of the accused; and -- when the verdict was read -- few felt that justice had been done. This book tells the story of the trial of Levi Weeks and includes the entire transcript of the first American murder trial ever recorded. It is at once a riveting retelling of a true crime in which the voices of early New Yorkers come to us freshly from over two centuries, and a riveting legal and social history of New York in the early years of the Republic.
