**The Metacultural Theater of Oh T'ae-sŏk** Oh T'ae-sok, 1999-05-01 Here for the first time are translations of five plays by Oh T'ae-sok, Korea's leading playwright and one of the most original dramatists and stage-directors working in Asia today. Drawing inspiration from both East and West and combining styles as disparate as ancient Korean masked dance-drama and contemporary avant-garde theater, these plays range from raucous comedy to historical tragedy, from explorations of the impact of the Korean War to bitter satires of modern Korean life. A stunning visual storyteller, Oh mines Korea's cultural and theatrical traditions--not to preserve them but to interrogate them in light of present social conditions and to reconstruct a new theatrical form that challenges both old and current conventions alike. His metacultural theater investigates Koreaness from the perspectives of many different cultures, while at the same time probing the meaning of culture itself.

**Korean** Sungdai Cho, John Whitman, 2019-12-12 A lively and fascinating introduction to the sound, structure, and history of Korean.

East Asian Transwar Popular Culture Pei-yin Lin, Su Yun Kim, 2019-02-19 This collection examines literature and film studies from the late colonial and early postcolonial periods in Taiwan and Korea, and highlights the similarities and differences of Taiwanese and Korean popular culture by focusing on the representation of gender, genre, state regulation, and spectatorship. Calling for the “de-colonializing” and “de-Cold Warring” of the two ex-colonies and anticommunist allies, the book places Taiwan and Korea side by side in a “trans-war” frame. Considering Taiwan-Korea relations along a new trans-war axis, the book focuses on the continuities between the late colonial period’s Asia-Pacific War and the consequent Korean War and the ongoing conflict between the two sides of the Taiwan Strait, facilitated by Cold War power struggles. The collection also invites a meaningful transcolonial reconsideration of East Asian cultural and literary flows, beyond the conventional colonizer/colonized dichotomy and ideological antagonism.

My Brilliant Life Ae-ran Kim, 2021-01-26 A BEST OF THE MONTH SELECTION BY OPRAH MAGAZINE AN NPR BEST BOOK OF 2021 “An eminent South Korean talent makes her American début in this poignant watercolor of a novel . . . Kim is a writer on the move.” —O, The Oprah Magazine Ae-ran Kim’s *My Brilliant Life* explores family bonds and out-of-the-ordinary friendships, interweaving the past and present of a tight-knit family, finding joy and happiness in even the most difficult times. Areum lives life to its fullest, vicariously through the stories of his parents, conversations with Little Grandpa Jang—his sixty-year-old neighbor and best friend—and through the books he reads to visit the places he would otherwise never see. For several months, Areum has been working on a manuscript, piecing together his parents’ often embellished stories about his family and childhood. He hopes to present it on his birthday, as a final gift to his mom and dad; their own falling-in-love story. Through it all, Areum and his family will have you laughing and crying, for all the right reasons. “This novel snuck up on me and captured my heart.” —Margarita Montimore, USA Today bestselling author of *Oona Out of Order* At the Publisher’s request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Contested Embrace** Jaeeun Kim, 2016-07-20 Scholars have long examined the relationship between nation-states and their internal others, such as immigrants and ethnoracial minorities. *Contested Embrace* shifts the analytic focus to explore how a state relates to people it views as external members such as emigrants and diasporas. Specifically, Jaeeun Kim analyzes disputes over the belonging of Koreans in Japan and China, focusing on their contested relationship with the colonial and postcolonial states in the Korean peninsula. Extending the constructivist approach to nationalisms and the culturalist view of the modern state to a transnational context, *Contested Embrace* illuminates the political and bureaucratic construction of ethno-national populations beyond the territorial boundary of the state. Through a comparative analysis of transborder membership politics in the colonial, Cold War, and post-Cold War periods, the book shows how the configuration of geopolitics, bureaucratic techniques, and actors’ agency shapes the making, unmaking, and remaking of transborder ties. Kim demonstrates that being a homeland state or a member of the transborder nation is a precarious, arduous, and revocable political achievement.
