Rommel's North Africa Campaign Jack Greene, Alessandro Massignani, 1999 September 1940 - November 1942

*Rommel's North Africa Campaign* Jack Greene, Alessandro Massignani, 1994-05-21 In the deserts of North Africa and the Middle East some of World War II's greatest legends were born as Erwin Rommel the Desert Fox led his Afrika Korps against the Desert Rats of the British 8th Army led by Bernard Montgomery. Both sides recruited local people to their cause, winning stunning victories but planting the seeds of conflicts to come.

**Rommel in North Africa** David Mitchelhill-Green, 2017-08-30 Erwin Rommel is the arguably the most well-known German general of the Second World War. Revered by his troops and applauded by his enemies, the so-called Desert Fox achieved legendary status for his daring exploits and bold maneuvers during the North African campaign. In this book, richly illustrated with over 400 images, the author examines the privations and challenges Rommel faced in leading his coalition force. Endeavoring to reach the Nile Delta, we find Rommel's Axis soldiers poorly prepared to undertake such an audacious operation. Much-admired by his men in the front lines, we discover a demanding and intolerant leader, censured by subordinate officers and mistrusted by his superiors in Berlin. Certainly no diplomat, we observe posed interactions with Italian and junior German officers through an official lens. We note Rommel's readiness to take advantage of his enemy's weakness and study his extraordinary instinct for waging mobile warfare. We consider his disregard for the decisive factor of supply and view his army's reliance on captured equipment. We learn how this brave and ambitious commander was celebrated by German propaganda when the Wehrmacht's fortunes in the East were waning. Conversely, analyze why Winston Churchill honored him as a daring and skillful opponent.

Finally, we picture this energetic, ambitious, at times reckless, commander as he roamed the vast Western Desert battlefield. This is the story of Rommel in North Africa.

**Rommel's War in Africa** Wolf Heckmann, 2004-10-01 The full dimensions of Rommel's most significant campaign and its place in World War II emerge in this comprehensive book. During his thorough research, Heckmann interviewed over 1,500 soldiers of all ranks from both sides, and uncovered new material in the German Military Archives, London's Public Record Office and the Imperial War Museum. Using war diaries, unpublished correspondence, personal reminiscences and much more, he offers an account of the lived experience of the war at all levels, with all of its action, plans, anecdotes, coincidences, successes and failures.

**Rommel in the Desert** Volkmar Kühn, 1991 The complete story of Rommel in North Africa is told in this large, detailed volume. The reader is taken through the initial formation of the Afrika Korps, the stunning early victories, the battles throughout Cyrenaica, and the race across Libya. Then the defeat at El Alamein and the long retreats to Tripoli and Tunis are explored in full. Every tactical aspect of the North African campaign is examined, with detailed maps of the areas discussed. Over 150 photographs show the men that fought the equipment used, and the conditions that prevailed in the Western Desert. Volkmar Kuhn is co-author with Egon Kleinschmidt of *Tiger: The History of a Legendary Weapon 1942-45*.

Rommel's Desert War Samuel W. Mitcham, Jr., 2007 The most famous battles of one of World War II's most legendary commanders Told largely from Rommel's perspective, using his papers and letters In a series of battles marked by daring raids and quick-armored thrusts against a numerically

superior enemy, Erwin Rommel, the notorious Desert Fox, and his Afrika Korps waged one of World War II's toughest campaigns in the North African desert in 1942. The Axis campaign climaxed in June with the recapture of Tobruk, a triumph that netted 33,000 prisoners and earned Rommel a field marshal's baton. By fall, however, after setbacks at Alam Halfa and the 2 battles of El Alamein, the Afrika Korps teetered on the brink of defeat, which would come in Tunisia 6 months later.

**Rommel's Desert Commanders** Samuel W. Mitcham Jr., 2008-07-07 New perspective on the most famous campaign of the legendary Desert Fox Details on the contributions and animosities of Rommel's subordinates Includes accounts of Tobruk, Gazala, El Alamein, and other battles In Libya and Egypt in 1941 and 1942, German Field Marshal Erwin Rommel achieved immortality as the Desert Fox, battling and usually defeating numerically superior enemies. Until now, historians have generally overlooked the talented cast of characters who supported Rommel during this campaign. Distinguished military historian Samuel Mitcham recounts the battles of the Afrika Korps through the men who served Rommel as staff officers and commanders of divisions, regiments, and battalions--soldiers like Ludwig Crüwell and Walter Nehring, two of World War II's best panzer commanders, and Ernst-Günther Baade, who wore a kilt and carried a broadsword into battle.

*Rommel in North Africa* D. A. Lande, 1999 This generously illustrated history examines the military genius employed by Rommel in North Africa, as well as the Allied tactics that defeated him. Lande explains how Rommel was able to not only defeat numerically superior Allied forces, but also inflict heavy casualties. By 1944, however, the Allies cut off Rommel's supply lines, leaving the Desert Fox and his men to wither on the vine.

**Disaster in the Desert** Ken Delve,2019-07-30 Summer 1942 and the war in the Middle East is in the balance; Rommel's Axis forces are poised on the borders of Egypt and all that is needed is one last push. For that to succeed, Rommel needs supplies and for the Allies to be denied supplies. With Malta still active and disrupting the Axis shipping routes across the Mediterranean he is denied those supplies. Meanwhile, the Allied build-up continues, and Montgomery holds at El Alamein and then counter attacks. Rommel is pushed back and then, in a double blow, the Allies land in Tunisia. The collapse of North Africa leads to the invasion of Italy and contributes to the final Axis defeat. But what if Rommel had won? In this alternate history, Ken Delve proposes that with a few strategic changes by the Axis powers and poor decision by Allied Commanders, the outcome of could have been very different. In this scenario, the Allied invasion in Tunisia fails, Rommel defeats Montgomery and seizes Egypt, leaving the Germans well-placed to sweep up through the Middle East, capturing oil installations and joining up with German forces in Russia.

*Rommel's Desert War* Martin Kitchen,2009-09-03 At the height of his power in January 1941 Hitler made the fateful decision to send troops to North Africa to save the beleaguered Italian army from defeat. Martin Kitchen's masterful history of the Axis campaign provides a fundamental reassessment of the key battles of 1941-3, Rommel's generalship, and the campaign's place within the broader strategic context of the war. He shows that the British were initially helpless against the operational brilliance of Rommel's Panzer divisions. However Rommel's initial successes and refusal to follow orders committed the Axis to a campaign well beyond their means. Without the reinforcements or supplies he needed to deliver a knockout blow, Rommel was forced onto the defensive and Hitler's

Mediterranean strategy began to unravel. The result was the loss of an entire army which together with defeat at Stalingrad signalled a decisive shift in the course of the war.

Operational Leadership As Practiced By Field Marshal Erwin Rommel During The German Campaign In North Africa, 1941-1942 Commander Charles M. Gibson, 2014-08-15 The Germans entered the North African theater to alleviate pressure on the Italians and prevent the collapse of the Italian Fascist regime. Rommel arrived in North Africa, and despite orders to establish a blocking force, immediately went on the offensive with the objective of forcing the Allies out of North Africa. After two years of fighting, Rommel and his forces were defeated. This paper analyzes the operational leadership of Field Marshal Erwin Rommel during the North African campaign of 1941-1942. It concludes that Rommel, despite being an accomplished tactical leader, was a poor operational leader. Rommel lacked the proper personality, military education, and military experience to obtain the broad view necessary to become a successful operational leader. His personal relationship with Hitler put Rommel in a position of authority he was not qualified to fulfill. Additionally, his inability as an operational commander to fully comprehend logistics and strategic objectives resulted in the German's defeat in North Africa. The Joint Force Commander must ensure his operational commanders are more than just tacticians. A successful tactical leader will not automatically become a successful operational leader. Close scrutiny of potential operational commanders is a must to ensure the future leaders of the U.S. military will be able to accomplish military strategic and operational objectives.

**Rommel's Desert Commanders** Samuel W. Mitcham, 2007-02-28 This thoroughly researched book tells the story of Erwin Rommel's legendary desert campaign in North Africa during World War II

through the men who served him as staff officers and commanders of divisions, regiments, and battalions.

Hitler's War in Africa 1941-1942 David Mitchelhill-Green,2021-08-04 Adolf Hitler's war in Africa arose from the urgent need to reinforce the Italian dictator, Benito Mussolini, whose 1940 invasion of Egypt had been soundly beaten. Of secondary importance to his ideological dream of conquering the Soviet Union, Germany's Führer rushed a small mechanised force into the unfamiliar North African theatre to stave off defeat and avert any political fallout. This fresh account begins with the arrival of the largely unprepared German formations, soon to be stricken by disease and heavily reliant upon captured materiel, as they fought a bloody series of see-sawing battles across the Western Desert. David Mitchelhill-Green has gathered a wealth of personal narratives from both sides as he follows the brash exploits of General Erwin Rommel, intent on retaking Libya; the Nile firmly in his sights. Against this backdrop is the brutal human experience of war itself.

*South Africans Versus Rommel* David Brock Katz,2017-09-15 Thrust by the British into the campaign against Rommel's troops, South African soldiers made a significant contribution to halting the Desert Fox's advance into Egypt. This is the story of an army committed to a war it didn't fully support, ill-prepared for the battles it faced, and sent into action on the orders of its senior alliance partner.
