This book does not aim to make your life carefree, to make your problems disappear, to turn you into a saint free from blemish or blame. Philosopher and author Tim Freke leads us on a journey through the nature of the 'Mystery Experience', via quantum physics, Gnosticism, the essence of Tao, meditation, Walt Whitman, Greek mythology, Buddhism, Dub Punk musician Jah Wobble, and Carl Jung. But what is the 'Mystery Experience'? You can taste it by simply focusing your attention on the mystery. But what is the mystery? The mystery is life. The mystery is the journey. The mystery is you. The mystery is me. The mystery makes you want to say, simply: WOW. No one has the answers, but asking the questions is what makes us come alive. The O Manuscript Lars Muhl, 2009-07-28 International bestseller: This story of a modern-day mystic's transformational and spiritual apprenticeship in Cathar country of southern France reads like a real-life Gnostic thriller In the opening scene of The O Manuscript, Lars Muhl is an aging, washed-up rock star who has been lying in bed for three years. Abandoned by doctors and living alone on an island, a friend gives Muhl the phone number of a "seer" in Andalusia. After a single phone call, Muhl is back on his feet and a three-year apprenticeship to the Seer ensues—an adventure that is part history lesson, part Jedi-style initiation. During their time together, the Seer challenges Muhl to abandon his old life, testing both his physical and emotional endurance, so that he may leave the burdens of his past behind. He also initiates Muhl to the mysteries of the Montségur and the Cathars—the medieval religious sect once persecuted by the Roman Catholic Church—in southern France. After years of searching for Montségur's secret cave, Muhl finds himself in possession of the secret history of Mariam Magdalene, Yeshua, and the Holy Grail. The O Manuscript is not just another book about positive thinking. Throughout his initiation, Muhl was forced to confront his dark side, the shadows that kept him from true health and wellness. "This is my journey," says Muhl. "Every word of it is true and really happened to me, but it is also meant to be a kind of allegory. The lessons I learned are universal." Part memoir, part novel, and part spiritual treatise, The O Manuscript will forever change the way you think about life.

The O Manuscript Lars Muhl,2008-12 Like Paulo Coelho, Lars Muhl was for many years a successful singer/songwriter who, concurrently with his music, studied the world¿s religions and esoteric knowledge. Then in 1996, he was struck down by an unexplained illness, which neither doctors nor alternative therapists could diagnose. For three years he lay in bed without being able to move or think straight. Through a close friend¿s intervention, Lars was put in touch with a seer who, via the telephone, brought him back to life. That was the start of a completely new existence and the beginning of that quest he so grippingly describes in The O Manuscript. This is the trilogy you, dear reader, now hold in your hand. Don¿t let yourself be misled by the three subtitles. This is NOT another book about the Holy Grail, Jesus and Mary Magdalene based on the usual theses and theories that, over the years, have become trivialised. Instead The O Manuscript is the result of one man¿s moving journey into another reality towards a more genuine and authentic way of being. A journey that engages from the outset and, unlike most of the other books in this genre, doesn¿t mislead with irrelevant who-done-it riddles. Instead The O Manuscript opens up to the very centre of man¿s true mystery. The insight one gets through the author¿s meeting with another reality is mirrored synchronistically in the epic and dramatic story of the forgotten feminine power: the uniting of eros and agape, being recounted parallel to the author¿s story. Book 1 mirrors the masculine principle, while Book 2 portrays the feminine. Book 3 is dedicated to the mystery of the bridal chamber, where the masculine and the feminine become united as an isogenic entity. The books distinguish themselves by being written in such a way that, in spite of their complicated subject matter, they are suitable for a wide readership. The many layers to be found in the texts mean that both beginners and the more initiated in these themes are struck by the authenticity of the words and the author¿s ability to bring heaven down to earth or the reader nearer heaven. The O Manuscript is not just another spiritual sweetener but the beginning of a most exciting journey for anyone who reads it. The books are not to be read merely to be understood, but to be absorbed into the very texture of your conscious being and your higher Self.
