Game Wizards Jon Peterson,2021-10-12 The story of the arcane table-top game that became a pop culture phenomenon and the long-running legal battle waged by its cocreators. When Dungeons & Dragons was first released to a small hobby community, it hardly seemed destined for mainstream success--and yet this arcane tabletop role-playing game became an unlikely pop culture phenomenon. In Game Wizards, Jon Peterson chronicles the rise of Dungeons & Dragons from hobbyist pastime to mass market sensation, from the initial collaboration to the later feud of its creators, Gary Gygax and Dave Arneson. As the game's fiftieth anniversary approaches, Peterson--a noted authority on role-playing games--explains how D&D and its creators navigated their successes, setbacks, and controversies. Peterson describes Gygax and Arneson's first meeting and their work toward the 1974 release of the game; the founding of TSR and its growth as a company; and Arneson's acrimonious departure and subsequent challenges to TSR. He recounts the Satanic Panic accusations that D&D was sacrilegious and dangerous, and how they made the game famous. And he chronicles TSR's reckless expansion and near-fatal corporate infighting, which culminated with the company in debt and overextended and the end of Gygax's losing battle to retain control over TSR and D&D. With Game Wizards, Peterson restores historical particulars long obscured by competing narratives spun by the one-time partners. That record amply demonstrates how the turbulent experience of creating something as momentous as Dungeons & Dragons can make people remember things a bit differently from the way they actually happened.

Mythic Game Master Emulator Tom Pigeon,2018-01-25 Mythic Game Master Emulator Create dynamic role-playing adventures without preparationFor use as a supplement with other systems NOTE: This product provides the Game Master Emulation rules found in Mythic, a product that contains emulation rules and a full, universal role playing game. Mythic Game Master Emulator is for those who do not want the universal role-playing rules, but just the game master emulator at a reduced price. Mythic Game Master Emulator is a supplement meant to be played with your favorite role-playing games. Most Role-Playing Games operate under the principle that there are players and there is a Game Master. The GM prepares all the details of an adventure, and then runs the players through that adventure. This usually requires a great deal of preparation on the part of the GM. Mythic is different in that it requires no preparation from the GM. Mythic adventures are meant to be played off the cuff, with perhaps a few minutes of brainstorming to come up with the initial setup. Mythic can also be played entirely without a GM. The same mechanics in Mythic that allow a GM to run an adventure without preparation also allows a group of players to do without the GM. In a Mythic adventure, the GM (or players without a GM) can start an evening's entertainment with about five minutes of preparation. As the adventure unfolds, the GM is just as surprised by the twists and turns as the players are. There are various ways in which Mythic can be used: No GM, multiple players Players decide on an opening scenario, and perhaps a few details or two, and Mythic takes it from there. All action is decided through the asking of yes/no questions and the application of logical

principles. By answering questions, the adventure moves along, with the occasional random event throwing players a curve ball. The action is broken into scenes, just like in a movie, to keep everything straight. No GM, one player Mythic can be used to go solo. Solo play in Mythic works the same as group play. You're just alone. One GM, any number of players For those who like to be a GM, we have something for you, too. The same tools that allow Mythic to automatically generate adventures on the fly without a GM also work with a GM. This means very little to zero preparation, if you don't want to prepare. Simply create an opening scenario (hey, you can come up with that on the drive over!) and follow Mythic as it guides you along. Mythic will throw in its own twists and turns, so the GM will be just as shocked as the players.

Initiative Tracker Dandy Beyond,2020-03-23 INITIATIVE TRACKER: ESSENTIAL DUNGEON MASTER's TOOL This RPG booklet has 100 initiative/combat trackers for easier note organization and faster pace of combat. It is made for a party of 1 - 6 players with universal stats such as Armor Class/Defense (AC), Spot/Passive Perception (Perception) and Health Points (HP). There are 2 ways of tracking Monsters/Enemies (Creatures). Individually, for stronger enemies with multiple attacks more health and as a mob (a lot of weak enemies with the same stats and hp). Useful tip: If you're planning an encounter, write down player and monster stats ahead of time for a faster and smoother battle. The Game Master's Book of Non-Player Characters Jeff Ashworth, 2021-09-14 From the #1 Best-Selling author, Jeff Ashworth, comes the latest addition to The Game Master series, with more than 500 NPCs ready to populate your campaign whenever you need them! As is often the case in tabletop roleplaying games, players often venture into locales or look for answers in places and among people busy Game Masters simply didn't anticipate. Or, just as often, an adventure won't have fully fleshed out characters in place for the locations and encounters outlined for gameplay. The Game Master's Book of Non-Player Characters solves these issues and more by providing Game Masters with the information they need to "fill in the holes" in their campaign play. It will enable GMs to instantly add depth, color, motivation and unique physical characteristics at a moment's notice to unexpected or underwritten characters as they pop up during gameplay, ensuring every session is a memorable one for players and GMs alike. This edition also includes more than 50 hand-drawn illustrations of select NPCs detailed in the book, 3 bonus one-shot adventures, and a foreword by online influencer Jasmine Bhullar.

The Game Master's Book of Random Encounters Jeff Ashworth, 2020-09-15 For many tabletop RPG players, the joy of an in-depth game is that anything can happen. Typical adventure modules include a map of the adventure's primary location, but every other location? whether it's a woodland clearing, a random apothecary or the depths of a temple players elect to explore? has to be improvised on the fly by the Game Master. As every GM knows, no matter how many story hooks, maps or NPCs you painstakingly create during session prep, your best-laid plans are often foiled by your players' whims, extreme skill check successes (or critical fails) or their playful refusal to stay on task. In a game packed with infinite possibilities, what are GMs supposed to do when their players choose those for which they're not prepared? The Game Master's Book of Random Encounters provides an unbeatable solution. This massive tome is divided into location categories, each of which can stand alone as a small stop as part of a larger campaign. As an example, the "Taverns, Inns, Shops & Guild Halls" section includes maps for 19 unique spaces, as well as multiple encounter tables designed to help

GMs fill in the sights, sounds, smells and proprietors of a given location, allowing for each location in the book to be augmented and populated on the fly while still ensuring memorable moments for all your players. Each map is presented at scale on grid, enabling GMs to determine exactly where all of the characters are in relation to one another and anyone (or anything) else in the space, critical information should any combat or other movement-based action occur. Perhaps more useful than its nearly 100 maps, the book's one-shot generator features all the story hooks necessary for GMs to use these maps as part of an interconnected and contained adventure. Featuring eight unique campaign drivers that lead players through several of the book's provided maps, the random tables associated with each stage in the adventure allow for nearly three million different outcomes, making *The Game Master's Book of Random Encounters* an incredible investment for any would-be GM. The book also includes a Random NPC Generator to help you create intriguing characters your players will love (or love to hate), as well as a Party Makeup Maker for establishing connections among your PCs so you can weave together a disparate group of adventurers with just a few dice rolls. Locations include taverns, temples, inns, animal/creature lairs, gatehouses, courts, ships, laboratories and more, with adventure hooks that run the gamut from frantic rooftop chases to deep cellar dungeon-crawls, with a total of 97 maps, more than 150 tables and millions of possible adventures. No matter where your players end up, they'll have someone or something to persuade or deceive, impress or destroy. As always, the choice is theirs. But no matter what they choose, with *The Game Master's Book of Random Encounters*, you'll be ready.
