Kings of the Internet Mohammad Bahareth,2012-04-18 What's in the Book The Internet is considered among one of those inventions of modern age which have just revolutionized the world. It's most powerful & versatile source of knowledge for every common man today. It has touched every aspect of our life. Be it some delicate medical condition, be it decorating your home and diet of your loving pets, be it finding the whereabouts of one of your dearest friend of your school, be it very personal problem in your life and many more; information pertaining to anything and everything that we can think of, can be obtained through the Internet. In this book, You will be introduced with the masterminds who were behind the idea of creating a world at the back of a monitor screen. From just an idea, they have created technology that has brought about a difference in our lives. They who made our life easier by making our day to day work just a few click away. They who brought us close to our dear ones. They are referred to Kings of Internet. They are the ones who took the technology to common hands with the powerful tools they have invented and transformed Internet into huge market place. Here we are trying to honor those Kings with few sentences on their early life, their struggle, the achievement they have made and their future place for us.

RuneScape: Return to Canifis T. S. Church,2011-03-22 Varrock is the greatest human city in the world, yet it is filled with dangerous secrets. People are being taken by an inhuman abductor. Its victims are murdered... or worse, spirited away to Morytania, where vampires rule. As unrest against the crown grows, the King chooses to send the now-famous Kara-Meir and her friends across the holy river into Morytania, the land of the dead.

RuneScape: Legacy of Blood T.S Church,2012-06-26 The city of Varrock is at breaking point; people are fleeing from the country into the already full city and riots are breaking out as the government struggles to keep order. Meanwhile Gar'rth struggles with his dark destiny, Theodore chases a holy relic and Kara prepares for war. As the friends continue to fight against evil, Zamorak's power continues to rise, bringing with it the walking dead... The third, thrilling novel in the RuneScape series.

RuneScape: The Gift of Guthix Erin M. Evans,2024-05-14 A thrilling epic of betrayal and magic set during the founding of Falador and the doomed Fremmenik Great Invasion. Sure to delight RuneScape fans old and new, this stunning tale shows how the gift of magic changed the course of Gielinor forever. Ilme is in danger. Torn between a duty to her family and her position as scribe to a wizard of King Raddalin’s court, she is forced to spy for the rebel warlord, Moranna. As she carefully navigates the politics of court and the ever-present risk of execution if discovered, Ilme unintentionally plays a part in the spread of magic around the world and the forceful expansion of the realm of Asgarnia. Sweeping from the glorious growth of King Raddalin’s reign to the disgraceful expulsion of the Zamorakians from Asgarnia, this novel tells an epic tale of the origins of magic, the death of a Rune Guardian, the plight of civil war, and the crushing defeat of the Fremmenik Great Invasion. Amongst plots and betrayals, a penitent turncoat holds the fate of Asgarnia in her hands.

Cyber Law in the Netherlands Arno R. Lodder,Mark G.A. Egeler,Wanda E.L. van Kerkvoorden,2016-12-22 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical guide to cyber law – the law affecting information and communication technology (ICT) – in the Netherlands covers every aspect of the subject, including intellectual property rights in the ICT sector, relevant competition rules, drafting and negotiating ICT-related contracts, electronic transactions, privacy issues, and computer crime. Lawyers who handle transnational matters will appreciate the detailed explanation of specific characteristics of practice and procedure. Following a general introduction, the book assembles its information and guidance in seven main areas of practice: the regulatory framework of the electronic communications market; software protection, legal protection of databases or chips, and other intellectual property matters; contracts with regard to software licensing and network services, with special attention to case law in this area; rules with regard to electronic evidence, regulation of electronic signatures, electronic banking, and electronic commerce; specific laws and regulations with respect to the liability of network operators and service providers and related product liability; protection of individual persons in the context of the processing of personal data and confidentiality; and the application of substantive criminal law in the area of ICT. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in the Netherlands will welcome this very useful guide, and academics and researchers will appreciate its value in the study of comparative law in this relatively new and challenging field.
